**The Carpetbaggers of Kabul and Other American-Afghan Entanglements** Jennifer L. Fluri, Rachel Lehr, 2017 The 2001 invasion of Afghanistan by the United States and coalition forces was followed by a flood of aid representing well over two thousand organizations each with separate policy initiatives geopolitical agendas and socioeconomic interests This book examines the everyday actions of people associated with this international effort      **Legislative Activities Report of the Committee on Foreign Relations, United States Senate** United States. Congress. Senate. Committee on Foreign Relations, 2001      The Women of Afghanistan Under the Taliban Rosemarie Skaine, 2010-06-28 Even though the people of Afghanistan in general suffered under the rule of the Taliban women lived especially difficult lives enduring terrible hardships They were denied basic human rights forced to wear veils and kept in seclusion This work addresses the religion revolution and national identity of Afghan women and places them within their gender political and religious political roles thus elevating our understanding of their abuse imprisonment and murder and offering a basis for their rehabilitation Powerful and moving interviews with Afghan women conducted and translated by the Revolutionary Association of the Women of Afghanistan are presented and a brief history of the struggle of the Afghan women and an overview of the conflict between the Afghans and the Taliban are included      Feminism and War Robin Riley, Chandra Talpade Mohanty, Minnie Bruce Pratt, 2013-04-04 Women across the globe are being dramatically affected by war as currently waged by the USA But there has been little public space for dialogue about the complex relationship between feminism women and war The editors of *Feminism and War* have brought together a diverse set of leading theorists and activists who examine the questions raised by ongoing American military initiatives such as What are the implications of an imperial nation state laying claim to women's liberation What is the relation between this claim and resulting American foreign policy and military action Did American intervention and invasion in fact result in liberation for women in Afghanistan and Iraq What multiple concepts are embedded in the phrase women's liberation How are these connected to the specifics of religion culture history economics and nation within current conflicts What is the relation between the lives of Afghan and Iraqi women before and after invasion and that of women living in the US How do women who define themselves as feminists resist or acquiesce to this nation state claim in current theory and organizing *Feminism and War* reveals and critically analyzes the complicated ways in which America uses gender race class nationalism imperialism to justify legitimate and continue war Each chapter builds on the next to develop an anti racist feminist politics that places imperialist power and forms of resistance to it central to its comprehensive analysis      **A Kingdom of Their Own** Joshua Partlow, 2017-08-08 The key to understanding the calamitous Afghan war is the complex ultimately failed relationship between the powerful duplicitous Karzai family and the United States brilliantly portrayed here by the former Kabul bureau chief for The Washington Post The United States went to Afghanistan on a simple mission avenge the September 11 attacks and drive the Taliban from power This took less than two

months Over the course of the next decade the ensuing fight for power and money supplied to one of the poorest nations on earth in ever greater amounts left the region even more dangerous than before the first troops arrived At the center of this story is the Karzai family President Hamid Karzai and his brothers began the war as symbols of a new Afghanistan moderate educated fluent in the cultures of East and West and the antithesis of the brutish and backward Taliban regime The siblings from a prominent political family close to Afghanistan s former king had been thrust into exile by the Soviet war While Hamid Karzai lived in Pakistan and worked with the resistance others moved to the United States finding work as waiters and managers before opening their own restaurants After September 11 the brothers returned home to help rebuild Afghanistan and reshape their homeland with ambitious plans Today with the country in shambles they are in open conflict with one another and their Western allies Joshua Partlow s clear eyed analysis reveals the mistakes squandered hopes and wasted chances behind the scenes of a would be political dynasty Nothing illustrates the arc of the war and America s relationship with Afghanistan from optimism to despair friendship to enmity as neatly as the story of the Karzai family itself told here in its entirety for the first time     *The Middle East, Abstracts and Index* ,2007     **The Taliban** United States Senate,Committee on Foreign Relations (senate),United States Congress,2020-02-16 The Taliban engagement or confrontation hearing before the Committee on Foreign Relations United States Senate One Hundred Sixth Congress second session July 20 2000     *Authorization for Use of Military Force After Iraq and Afghanistan* United States.
