Ethical Reporting of Sensitive Topics Ann Luce, 2019-02-22 Ethical Reporting of Sensitive Topics explores the underlying complexities that journalists may face when covering difficult news stories Reporting on issues such as suicide sexual abuse or migration is a skill that is often glossed over in a journalist's education By combining theory and practice this collection will correct this oversight and give journalists the expertise and understanding to report on these subjects responsibly and ethically Contributors to this volume are an international group of journalists turned academics who share their first hand experiences and unique professional insight into best ethical journalistic practice for reporting on sensitive topics Drawing from a range of case studies contributors discuss the most appropriate approach to for example describing a shooter who has killed a group of schoolchildren or interviewing someone who has lost everything in a natural disaster Readers are invited to consider factors which have the potential to influence the reporting of these sorts of topics including bias sensationalism conflict of interest grief vulnerability and ignorance of one's own privilege Ethical Reporting of Sensitive Topics aims to support all journalists from students of journalism and individuals encountering a newsroom for the first time to those veteran journalists or specialist journalists who seek to better their reporting skills

Machines That Become Us James E. Katz, 2017-07-28 Social critics and artificial intelligence experts have long prophesized that computers and robots would soon relegate humans to the dustbin of history Many among the general population seem to have shared this fear of a dehumanized future But how are people in the twenty first century actually reacting to the ever expanding array of gadgets and networks at their disposal Is computer anxiety a significant problem paralyzing and terrorizing millions or are ever proliferating numbers of gadgets being enthusiastically embraced Machines that Become Us explores the increasingly intimate relationship between people and their personal communication technologies In the first book of its kind internationally recognized scholars from the United States and Europe explore this topic Among the technologies analyzed include the Internet personal digital assistants PDAs mobile phones networked homes smart fabrics and wearable computers interactive location badges and implanted monitoring devices The authors discuss critical policy issues such as the problems of information resource access and equity and the recently discovered digital dropouts phenomena The use of the word become in the book's title has three different meanings The first suggests how people use these technologies to broaden their

abilities to communicate and to represent themselves to others Thus the technologies become extensions and representatives of the communicators A second sense of become applies to analysis of the way these technologies become physically integrated with the user s clothing and even their bodies Finally contributors examine fashion aspects and uses of these technologies that is how they are used in ways becoming to the wearer The conclusions of many chapters are supported by data including ethnographic observations attitude surveys and case studies from the United States Britain France Italy Finland and Norway This approach is especially valuable Trends ,1974 **Complete Guide to Internet Publicity** Steve O'Keefe,2002-10-15 Strategies for grabbing and holding an audience s attention online The definitive resource for PR and marketing professionals this sequel to Steve O Keefe s best selling classic Publicity on the Internet 0 471 16175 6 provides detailed how to instructions on planning designing implementing troubleshooting and measuring the results of online campaigns Throughout the book the author enlivens his coverage with inspiring and instructive vignettes and case studies of successful campaigns Steve O Keefe covers everything the reader will need to get up to speed on search engine optimization newsletters news rooms e mail marketing e mail merge software syndication and affiliate programs and building in house publicity operations Companion Web site features customizable Word and HTML templates weekly live discussions groups and valuable resource listings Talking about AmeriCorps ,2000 **Rib the Truth, the Story, the Reality of Women** Artorius Rex,2009-12 One in every three women has been beaten coerced into sex date raped murdered or otherwise abused by a man There are more than 150 million women in the United States and at least one out of every three wants to know why they are abused by a man RIB scripturally and secularly provides plausible answers to the reasons why man has been set up to abuse and destroy who a woman was created to be After reading RIB women will see how they lower themselves in character spiritual standing rank and reputation This book is a depiction of behaviors that are seen practiced and accepted by women on a daily basis without any regards to the degradation it produces for all women RIB leads you step by step into understandings who women are what man has caused them to be and the purpose they have been misled to serve The wisdom contained in RIB has never been told or linked from so many perspectives RIB is written with biblical and secular definitions defining the actions of women who conduct themselves under the constructs of man Artorius Rex is a 44 year old African American male and single parent to one son Artorius has multiple college degrees including an MBA He is a retired United States Marine who has been a federal employee for the past twenty years For the last ten years Artorius has been examining why detrimental things occur in relationships between men and women RIB represents his divine discovery
