Talkg To Strange Men:

Talking to Strange Men Ruth Rendell, 2010-12-28 A lonely man stumbles into a dangerous game in this twisting novel of psychological suspense by the New York Times bestselling author of *The Crocodile Bird* In a desolate alley on the bank of the Thames a spy slips through the shadows Mungo is the Director General of English intelligence and he knows Moscow Centre has been watching him for weeks but there is no spy in London better at losing a tail Satisfied he hasn't been followed he drops off his message and disappears into the night It's a classic scene of Cold War espionage save for one detail Mungo isn't a spy at all He's a teenager playing an epic game of make believe John Creevey still reeling from the implosion of his marriage is dreaming of taking revenge against his wife's lover when he discovers one of Mungo's coded signals Unaware that the message is simply part of a child's game he becomes obsessed with uncovering the rest of the spy network a tragic misunderstanding that threatens to turn this imaginary war into something very real and very deadly Rendell has brilliantly interwoven these compelling strands into one masterful tale of suspense writes Library Journal Three time Edgar Award winner Ruth Rendell was a master of psychological suspense and *Talking to Strange Men* is one of the most unusual espionage stories in the history of the Cold War

Talking with Strangers Robyn Webb, 2012-10 Why does a woman go to the Middle East alone Why would a mainstream fairly sane woman travel on her own through the Middle East through Greece Turkey Syria Jordan Lebanon and Egypt when she is not a journalist not rescuing any children and not on an archaeological trek With an interest in alternate travel and ancient history she ignores pulped opinion and terrorist hype and goes to find the truth She sketches an itinerary grabs her backpack and traverses the landscape from Athens to Cairo on local transport through towns markets and ancient ruins and mixing with the locals on the way Her pre-conceived ideas are shattered by simple incidents The absence of ulterior motives creates opportunities for conversation hospitality and a reconnection to people of many backgrounds and perspectives Successive incidents contrast the media's images and instead reveal similarities between cultures and a truth that is beyond what she could have envisaged *Talking with Strangers* confronts entrenched opinions It is a journey that takes the reader from Athens to Cairo and to a greater connection with people from all walks of life It exposes cultural differences and human commonalities and engages in an inquiry of what human needs are common and what the differences actually are It demands that we have a greater inquiry and compassion for people challenge ourselves and enjoy our humanity
