The Memorykeepers: Gendered Knowledges, Empires, and Indonesian American History

Dorothy B. Fujita-Rony,2021-01-25 Dorothy Fujita Rony s The Memorykeepers Gendered Knowledges Empires and Indonesian American History examines the importance of women s memorykeeping for two Toba Batak women whose twentieth century histories span Indonesia and the United States H L Tobing and Minar T Rony This book addresses the meanings of family stories and artifacts within a gendered and interimperial context and demonstrates how these knowledges can produce alternate cartographies of memory and belonging within the diaspora It thus explores how women s memorykeeping forges integrative possibility not only physically across islands oceans and continents but also temporally across decades empires and generations Thirty five years in the making The Memorykeepers is the first book on Indonesian Americans written within the fields of US history American Studies and Asian American Studies See inside the book

Resources in Education ,2000 The President's Crime Prevention Council Quarterly President's Crime Prevention

Council (U.S.),1997-04 Education and Migration in an Asian Context Francis Peddie,Jing Liu,2021-04-20 This edited book explores the complex and multifaceted connections between education and migration in an Asian context from multiple perspectives It features studies from China Japan India the Philippines Thailand and Timor Leste and covers diverse migration and education experiences These experiences encompass internal and international migration and forced displacement as well as questions surrounding education such as school choice education provision and training as human capital education and social inclusion and student performance in a post conflict context By covering a wide range of questions and situations the original scholarship in this book reveals how human development concerns and higher rates of movement within and outside of Asian countries operate on multiple levels in a globalized world

Handbook of Parenting Marc H. Bornstein,2019-02-01 This highly anticipated third edition of the Handbook of Parenting brings together an array of field leading experts who have worked in different ways toward understanding the many diverse aspects of parenting Contributors to the Handbook look to the most recent research and thinking to shed light on topics every parent professional and policymaker wonders about Parenting is a perennially hot topic After all everyone who has ever lived has been parented and the vast majority of people become parents themselves No wonder bookstores house shelves of how to

parenting books and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice. However, almost none of these is evidence based. The Handbook of Parenting is Period. Each chapter has been written to be read and absorbed in a single sitting and includes historical considerations of the topic, a discussion of central issues and theory, a review of classical and modern research, and forecasts of future directions of theory and research. Together, the five volumes in the Handbook cover Children and Parenting, the Biology and Ecology of Parenting, Being and Becoming a Parent, Social Conditions and Applied Parenting, and the Practice of Parenting. Volume 3, Being and Becoming a Parent, considers a large cast of characters responsible for parenting, each with her or his own customs and agenda, and examines what the psychological characteristics and social interests of those individuals reveal about what parenting is. Chapters in Part I on The Parent show just how rich and multifaceted is the constellation of children's caregivers. Considered first are family systems, and then successively mothers and fathers, coparenting and gatekeeping between parents, adolescent parenting, grandparenting, and single parenthood, divorced and remarried parenting, lesbian and gay parents, and finally sibling caregivers and nonparental caregiving. Parenting also draws on transient and enduring physical, personality, and intellectual characteristics of the individual. The chapters in Part II on Becoming and Being a Parent consider the intergenerational transmission of parenting, parenting and contemporary reproductive technologies, the transition to parenthood, and stages of parental development, and then chapters turn to parents' well-being, emotions, self-efficacy, cognitions, and attributions, as well as socialization, personality in parenting, and psychoanalytic theory. These features of parents serve many functions; they generate and shape parental practices, mediate the effectiveness of parenting, and help to organize parenting.

Handbook of Child Psychology, Child Psychology in Practice William Damon, Richard M. Lerner, K. Ann Renninger, Irving E. Sigel, 2007-07-30 Part of the authoritative four-volume reference that spans the entire field of child development and has set the standard against which all other scholarly references are compared. Updated and revised to reflect the new developments in the field, the Handbook of Child Psychology, Sixth Edition, contains new chapters on such topics as spirituality, social understanding, and nonverbal communication. Volume 4, Child Psychology in Practice, edited by K. Ann Renninger, Swarthmore College, and Irving E. Sigel, Educational Testing Service, covers child psychology in clinical and educational practice. New topics addressed include educational assessment and evaluation, character education, learning disabilities, mental retardation, media, and popular culture, children's health, and parenting.

Parental Roles and Relationships in Immigrant Families Susan S. Chuang, Catherine L. Costigan, 2018-02-10 This insightful volume presents important new findings about parenting and parent-child relationships in ethnic and racial minority immigrant families. Prominent scholars in diverse fields focus on families from a wide range of ethnicities settling in Canada, China, Israel, Italy, the Netherlands, and the United States. Each chapter discusses parenting and parent-child relationships in a broader cultural context, presenting within-group and cross-cultural data that provide readers with a rich understanding of parental values, beliefs, and practices that influence children's

developmental outcomes in a new country For example topics of investigation include cultural variation in the role of fathers parenting of young children across cultures the socialization of academic and emotional development as well as the interrelationships among stress acculturation processes and parent child relationship dynamics This timely reference explores immigration and families from a global multidisciplinary perspective focuses on immigrant children and youth in the family context challenges long held assumptions about parenting and immigrant families bridges the knowledge gap between immigrant and non immigrant family studies describes innovative methodologies for studying immigrant family relationships and establishes the relevance of these data to the wider family literature Parental Roles and Relationships in Immigrant Families is not only useful to researchers and to family therapists and social workers attending to immigrant families but also highly informative for persons interested in shaping immigration policy at the local national and global levels *Catalog of ERIC Clearinghouse Publications* ,1997

Innovative Approaches to Supporting Families of Young Children Cheri J. Shapiro,Charlyn Harper Browne,2016-08-02 This invaluable reference introduces successful strengths based programs for aiding families of young children in critical social contexts family school community and policy The wide range of systems contextual approaches described here are based in current understanding of children s development stress and resilience in families cultural competence and the two generational approach to intervention Research based examples across early care and early learning platforms illustrate the links between parental protective factors and children s academic and social outcomes and between family stability and larger social goals By supporting parents and children equally the contributors assert these interventions more fully address developmental and family issues than programs that mainly serve one generation or the other Included in the coverage Parent and community focused approaches to supporting parents of young children the Family Networks Project div Honoring parenting values expectations and approaches across cultures Building young children s executive functions at home and in early care and education settings Promoting early childhood development in the pediatric medical home Neighborhood approaches to supporting families of young children Public policy strategies to promote the well being of families with young children Innovative Approaches for Supporting Parents of Young Children benefits professionals and practitioners working to support families of young children particularly those interested in social work psychology public policy and public health
