The Ground Beneath Us Paul Bogard, 2025-05-01 When a teaspoon of soil contains millions of species and when we pave over the earth on a daily basis what does that mean for our future What is the risk to our food supply the planet's wildlife the soil on which every life form depends How much undeveloped untrodden ground do we even have left Paul Bogard set out to answer these questions in *The Ground Beneath Us* and what he discovered is astounding From New York where more than 118 000 000 tons of human development rest on top of Manhattan Island to Mexico City which sinks inches each year into the Aztec ruins beneath it Bogard shows us the weight of our cities footprints And as we see hallowed ground coughing up bullets at a Civil War battlefield long hidden remains emerging from below the sites of concentration camps the dangerous alluring power of fracking the fragility of the giant redwoods our planet's oldest living things the surprises hidden under a Major League ballpark's grass and the sublime beauty of our few remaining wildest places one truth becomes blazingly clear The ground is the easiest resource to forget and the last we should Bogard's *The Ground Beneath Us* is deeply transporting reading that introduces farmers geologists ecologists cartographers and others in a quest to understand the importance of something too many of us take for granted dirt From growth and life to death and loss and from the subsurface technologies that run our cities to the dwindling number of idyllic Edens that remain this is the

fascinating story of the ground beneath our feet *The Commodification of Farm Animals* Sophie Riley, 2022-02-15 This book examines how the developments in veterinary science philosophy economics and law converged during the nineteenth and early twentieth centuries to entrench farm animals along a commodification pathway It covers two neglected areas of study the importance of international veterinary conferences to domestic regimes and the influence of early global treaties that dealt with animal health on domestic quarantine measures The author concludes by arguing that society needs to reconsider its understanding and the place of the welfare paradigm in animal production systems As it presently stands this paradigm can be used to justify almost any self serving reason to abrogate ethical principles The topic of this book will appeal to a wide readership not only scholars students and educators but also people involved in animal production interested parties and experts in the animal welfare and animal rights sector as well as policy makers and regulators who will find this work informative and thought provoking *International Perspectives on Drama and Citizenship Education*

Nicholas McGuinn, Norio Ikeno, Ian Davies, Edda Sant, 2021-11-04 WINNER of the Children s Identity and Citizenship European Association s CiCea award for Best Book 2021 this book brings together respected international academics and practitioners from citizenship and drama to debate share their experiences and plan a way forward for academic and professional best practice in drama and citizenship education for a democratic society Drawing on international contributions the chapters explore fundamental ideas about theatre and drama from a global perspective with connections made to action and identity The main section of the book showcases authors from around the world discussing their perspectives of what is happening within particular countries and exploring a range of ideas and issues that relate to vitally important matters including community socialism post colonialism diversity inclusion and more The final section of the book brings together teams of authors from citizenship and drama education who discuss the essential elements of citizenship education and encourage insight and practical collaboration from drama experts The book is unique in presenting dynamic interaction between citizenship and drama experts and encouraging academics and professionals to develop their own work in these areas It will be of great interest to academics researchers and students in the fields of citizenship education drama education and all those interested in promoting social justice through education *Alienation and Wellbeing* Chris Yuill, 2023-12-21

Marx argued that capitalist society acts against the core capacities skills and talents of human beings and that it also limits their realisation or channels them into activities related to profit rather than need Bringing Marx s theory of alienation forward to the present day this book uniquely links it to health and well being Using case studies and vignettes of workers across different industries it reveals their lived experiences offering crucial insights into the insidious ways in which capitalism continues to damage human well being This is a resounding call for how society can change for the better

The Rhetorical Construction of Vegetarianism Cristina Hanganu-Bresch,2023-03-02 This book explores themes in the rhetoric of vegetarian discourse A vegan practice may help mitigate crises such as climate change global health challenges and sharpening socioeconomic disparities by ensuring both fairness in the treatment of animals and food justice for marginalized populations How the message is spread is crucial for these aims Vegan practices thus uncover tensions between individual dietary choices and social justice activism between ego and eco between human and animal between capitalism and environmentalism and within the larger universe of theoretical and practical ethics The chapters apply rhetorical methodologies to understand vegan vegetarian discourse emphasizing for example vegan vegetarian rhetoric through the lens of polyphony the role of intersectional rhetoric in becoming vegan as well as ecofeminist semiotic and discourse theory approaches to veganism The book aims to show that a rhetorical understanding of vegetarian and vegan discourse is crucial for the goals of movements promoting veganism The book is intended for a wide interdisciplinary audience of scholars researchers and individuals interested in veganism food and media studies rhetorical studies human animal studies cultural studies and related disciplines It urges readers to examine vegan discourses seriously not just as a matter of personal choice or taste but as one vital for intersectional justice and our planetary survival

Nutrition and the Welfare of Farm Animals Clive J. C. Phillips,2016-05-12 This book explores the importance of good nutrition in ensuring an adequate standard of welfare for farm animals It is often not realized that farm animals can suffer when they are fed unsuitable diets which may be because these diets are more economic or the farmer

does not know how to rectify poor nutrition This book reveals how to recognize and deal with feeding problems in farm animals when the animal s behaviour is indicating a deficiency through oral stereotypies for example Feeding livestock in emergency situations can present special challenges and the availability of clean and potable water one of the essential components of life can also be an unrecognized problem for many farm animals Feeding farm animals effectively is rarely recognized for the major welfare issue that it is We may assume that animals in intensive husbandry conditions have adequate feed yet it is often too concentrated and designed primarily to immediately maximize production from the animals in the form of growth milk yield or reproduction In extensive rangeland conditions adequate feed supply also cannot be assured potentially leading to undernutrition with serious consequences for the health and even survival of livestock This book will provide a much needed review of the relationships between nutrition and the welfare of farm animals

Feeding Farm Animals Thomas Shaw,1907

Transforming food systems: ethics, innovation and responsibility Donald Bruce,Ann Bruce,2023-08-14

Feeding the world s growing population in ways that are effective ethical and socially just and protect the natural systems on which all life depends is one of the greatest challenges facing humanity It forms the theme of this book of papers of the 2022 Edinburgh conference of the European Society for Agricultural and Food Ethics EURSAFE The dramatic increases in the cost of energy scarcities in resources and people stemming from the COVID 19 pandemic and international conflict have brought home the vulnerability of our interlinked human systems at all levels Climate change poses deeper longer term threats Global competition drives fine tuned and efficient systems but time proven local practices may show better resilience in such uncertain futures The book reflects the sheer diversity of approaches and responses to these challenges across a wide range of academic disciplines provoking us to look at the issues in new ways They reflect the varied standpoints of producers retailers regulators farmers vets communities and citizens The challenge to reach net zero carbon is addressed in papers assessing livestock systems grasslands land use and rewilding food choices meat eating and alternatives Innovations such as genome editing uses of seaweed and the use of data pose both possibilities and challenges Animal ethics is a prominent theme with a range of papers on animal human relations animal use in research and veterinary ethics

The Happy Farm Animals: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have captivated audiences this year. The Happy Farm Animals : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. The Happy Farm Animals : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
