account of conditions and changes that took place have been recorded on paper for all to read I was attending high school before December 7th 1941 In July of 1942 I left school temporarily to work in a U S Navy office at Pearl Harbor My position was unique and rewarding I was responsible for correcting Secret Restricted and Confidential publications that were distributed to U S and British Pacific ships and stations I was exposed to two worlds in a wartime atmosphere As a member of the USO Flying Squadron I met and danced with servicemen from practically every state in the Union One of the dances was held in a remote area for Carlson s Marine Raiders where I met the famous Evans Carlson and Second in Command Col James Roosevelt the President s son Life was an adventure for a young girl growing up in wartime Hawaii We were far outnumbered by young males I don t believe that there is anyone else who has written a chronological account of events that happened in wartime Hawaii without additional stories from others This is my story alone and how conditions and changes affected my life Though Hawaii was never the same after the War there were some things that remained the same That was the difference between gas masks and palm trees I try to picture the Hawaii that will survive forever **Sugar News** ,1929
