Germans (Anglo-Saxons), Celts, Slavs (Russians.), Kurds, Persians ("Iran" = "Aryan"), Afghans, Aryans of India, etc. form an ethnic continuum within a *language* family which anthropologists and linguists call Indo-Hittite, Hattian, Indo-European, or simply ARYAN.

Race Life of the Aryan Peoples Joseph Pomeroy Widney,1907 Joseph Pomeroy Widney offers a history of the Aryan race which when this book was published in 1907 was thought a branch of the Indo European and Caucasian peoples The author practiced as a medical doctor having first gained experience during service in the U S Civil War Over many years he became interested in the ancestry and development of humanity carrying out research from the existing knowledge of his time Widney developed a theory that successive generations of individual races developed distinguishing characteristics due to the qualities of the soil in which their food was cultivated and the climate in which they resided Much categorization ensues with the author assigning Aryan groups and subgroups to various regions of the world In the modern day Widney s investigations have been proven incorrect The advent of genetic science disproved the entire hypothesis of an Aryan race with human lineage shown to have progressed in a completely different fashion Nevertheless this book is an illustrative historic example of how human ancestry and racial development were studied and discussed prior to rigorous scientific experiment and the resulting conclusive evidence and data      **Ancient Persia in Western History** Sasan

Samiei,2014-07-24 Ancient Persia in Western History is a measured rejoinder to the dominant narrative that considers the Graeco Persian Wars to be merely the first round of an oft repeated battle between the despotic East and the broadly enlightened West Sasan Samiei analyses the historiography which has skewed our understanding of this crucial era contrasting the work of Edward Gibbon and Goethe which venerated Classicism and Hellenistic history with later writers such as John Linton Myres Finally Samiei explores the cross cultural encounters which constituted the Achaemenid period itself and repositions it as essential to the history of Europe Asia and the Middle East      **A Brief History of the Indian**
