Luck He put them to work gathering up the saddle horses that had been turned loose when Luck's picture was finished and repairing harness and attending to the numberless details of reorganizing a ranch long left to slipshod make shifts The boys of the Flying U argued while they worked but in spite of themselves the lure of the mesa quickened their movements They were supposed to wait for Luck before they did anything and they all knew that But on the other hand Luck was supposed to keep them informed as to his movements which he had not done They did not voice one single doubt of Luck's loyalty to them but human nature is more prone to suspicion than to faith as every one knows And Luck had the power and the incentive to double cross them if he was the kind to do such a thing He was manager for their little free lance picture company which did not even have a name to call itself by They had produced one big feature film and it was supposed to be a cooperative affair from start to finish If Luck failed to make good they would all be broke together If Luck cleared up the few thousands that had been their hope why they would all profit by the success if Luck I maintain that they showed themselves of pretty good metal in that not even Happy Tack confirmed pessimist that he was ever put the least suspicion of Luck's honesty into words They were not the kind to decry a comrade when his back was turned And they had worked with Luck Lindsay and had worked for him They had slept under the same roof with him had shared his worries his hopes and his fears They did not believe that Luck had appropriated the proceeds of The Phantom Herd and had deliberately left them there to cool their heels and feel the emptiness of their pockets in New Mexico while he disported himself in Los Angeles they did not believe that they would have resented the implication that they harbored any doubt of him But for all that as the days passed and he neither came nor sent them any word they yielded more and more to the determination of Applehead to start out upon his own business and they said less and less about Luck's probable plans for the future
