The Gulf Scramble For Security:

The Gulf Sreedhar,1983 *The Gulf Cooperation Council* John A. Sandwick,2019-06-26 The Gulf Cooperation Council represents both a model of development and unity in the Arab world and a working example of interstate cooperation to other nations In this volume contributors describe the rationale for Gulf unity and cooperation and analyze the financial economic and legal institutions of the GCC member states Saudi Arabia Kuwait the United Arab Emirates Oman Bahrain and Qatar They focus on the GCC s role in maintaining stability in the Arabian peninsula an area that is clearly vital to U S interests Contributors pinpoint the essential elements of GCC unity including its efforts to obtain optimum economic self sufficiency to maximize market share and revenue from oil production and to establish an integrated legal framework The GCC s unique security needs given the member states vast combined area and thinly spread populations are also discussed An overview of the strategic interests and policies of both superpowers toward the region reveals a history of decline in their influence and prestige that is a result it is argued of misperceptions and misguided policies Finally documentation and bibliographic sections enhance the book s usefulness as a handbook on the GCC and the Arabian Gulf states **The Persian**

Gulf and the West (RLE Iran D) Charles Kupchan,2012-04-27 This volume provides a broadly comparative and historical re examination of the fundamental strategic dilemmas that confront the Western world in the Persian Gulf region This systematic study of how the West has defined and dealt with its security interests in this region reveals three central strategic dilemmas strategy versus capability globalism versus regionalism and unilateralism versus collectivism The first part of the book focuses on US policy with particular emphasis on the Iranian Revolution and the Soviet invasion of Afghanistan The author explains why there has been a persistent gap between American perceptions of the Middle East and the political and strategic realities of the region The second part of the book examines the frustrated efforts of NATO members to form a cooperative response to their collective interests in the region **The Persian Gulf and the West**

Charles Kupchan,2011-02-25 This volume provides a broadly comparative and historical re examination of the fundamental strategic dilemmas that confront the Western world in the Persian Gulf region This systematic study of how the West has defined and dealt with its security interests in this region reveals three central strategic dilemmas strategy versus capability globalism versus regionalism and unilateralism versus collectivism The first part of the book focuses on US policy with particular emphasis on the Iranian Revolution and the Soviet invasion of Afghanistan The author explains why there has been a persistent gap between American perceptions of the Middle East and the political and strategic realities of the region The second part of the book examines the frustrated efforts of NATO members to form a cooperative response to their collective interests in the region **The US Approach to the Islamic World in Post-9/11 Era** Chintamani Mahapatra,2009 This

book examines the United States foreign policies toward the Muslim world including actions taken against Islamic countries who attempted to challenge the United States regional dominance and alliances with Pakistan the United Arab Emirates and

Saudi Arabia It focuses on how the U S has reconfigured its policy towards the radical and the conservative group of Muslim countries and how its new mission against terrorism has affected international relations particularly U S Indian relations Islamic revivalism the emergence of a highly political Islamic population the rise of terrorism and other recent socio political changes are also discussed Terrorism and Counter-terrorism in Saudi Arabia and Indonesia Sumanto Al

Qurtuby,2022-05-03 This book is a comparative study of terrorism and counterterrorism in Saudi Arabia and Indonesia It explores the history and contemporary developments of terrorism especially Islamist terrorism in these two Sunni Muslim majority countries In doing so it analyzes the strengths and weaknesses of governments policies strategies and models of counterterrorism including terrorist rehabilitation and reintegration programs In addition the book also documents the opinions of Saudis and Indonesians to find societal voices on effective ways of combating violent extremism and discusses Saudi Indonesian cooperation on counterterrorism defense and security issues The book suggests that although particular Islamic texts teachings and discourses might influence radical behaviors and practices of some Muslim individuals and groupings terrorism is beyond ideological religious and doctrinal issues Therefore multiple methods and strategies are needed to combat radicalism and create sustainable peace in society The work will be is beneficial for both academic and non academic communities particularly students of conflict violence peacebuilding and religious studies **Routledge Library**

Editions: Iran Mini-Set D: Politics & Sociology 13 vol set Various,2021-11-17 Mini set D Politics and Sociology re issues 13 volumes originally published between 1977 and 1991 It discusses the revolution in Iran and what that has meant for the wider region of the Persian Gulf in terms of stability and relations with other countries as well as issues of poverty in Iran and the position of minorities For institutional purchases for e book sets please contact online sales tandf co uk customers in the UK Europe and Rest of World Iraq-Iran Conflict ,1986 *Gulf Co-operation Council, a Strategic Perspective*

Mohammad Amin Malik,1999 *The Secure and the Dispossessed* Nick Buxton,Ben Hayes,2015-11-20 While the world s scientists and many of its inhabitants despair at the impact of climate change corporate and military leaders see nothing but opportunities For them melting ice caps mean newly accessible fossil fuels borders to be secured from climate refugees social conflicts to be managed and more failed states in which to intervene They are securing their assets at the expense of the planet and its inhabitants The Secure and the Dispossessed looks at these deadly approaches with a critical eye It also considers the flip side that the legitimacy of the elite is under unprecedented pressure from resistance by communities to resource grabs to those creating new ecological and socially just models for managing our energy food and water Topics covered include geoengineering militarism refugee protection greenwashing and the agricultural crisis among others Adaptation and resilience to a climate changed world is desperately needed but the form it will take will affect all of our futures **The Great Power Competition Volume 5** Adib Farhadi,Mark Grzegorzewski,Anthony J. Masys,2023-10-09 The

Russian Invasion of Ukraine and Implications for the Central Region addresses national security threats and strategic

opportunities for the United States and its allies in the Middle East and Central Asia following Russia's invasion of Ukraine. Recognizing that integrated deterrence is not constrained by geography or domain, this book focuses on the complex threats and challenges confronting U.S. national security and foreign policy in a post-Ukraine invasion environment. That is to say, what happens in Ukraine does not stay in Ukraine. It affects everyone from the region to the cyberspace domain to people on the other side of the world due to changes in commodity prices. Specifically, this volume explores how revised analyses of Russia may alter U.S. and allied strategies in a shifting international system and within the framing of strategic competition. Experts in this volume examine how the war in Ukraine will influence Russian strategy and foreign policy in the Middle East, Central Asia, and globally; what effect the Ukraine invasion could have on global and regional geopolitics and geoeconomics; and the United States' ability to protect national interests in the Central Region. The reasons for this are multiple and complex. In this volume, we explore many issues that have confounded security experts by asking questions such as: What happens after the Russian invasion? What lessons did the U.S., Ukraine, NATO, and the European Union learn about Russia? What lessons did Russia learn about itself and its military after the Ukraine invasion? What lessons did the U.S. learn in Afghanistan that apply to Ukraine? Why was the initial analysis of the Russian invasion so wrong? How has power shifted in the international system since the Ukraine invasion? How has the security environment shifted since the Ukraine invasion? For the U.S. to continue supporting its partners in the Middle East and Central Asia, it must anticipate what new opportunities will arise from Russia's missteps in Ukraine. *The Russian Invasion of Ukraine and Implications for the Central Region* addresses these challenges and opportunities and informs policymakers on the changing contours of the Great Power Competition.

2003, /((□□□□-□□□□)□□□□□□□□ □□□□□ □□□□□□□ □□□□□□□□□□□□ **Energy and Security in South Asia** Charles K. Ebinger, 2011-08-31 Argues that mistrust, ethnic and religious sectarianism, and political parochialism among the nations of South Asia, a region of strategic geopolitical importance, prevent the region from achieving energy security, which is crucial for economic development and political stability. Recommends measures to improve energy security through domestic policy reform and more effective bilateral and multilateral cooperation. Provided by publisher. [India's Economic Diplomacy in the Gulf](#) Ajay N. Jha, 1988 Covers the post-1973 period. *Maritime Security in the Indian Ocean and Western Pacific* Howard M. Hensel, Amit Gupta, 2017-11-28 Scholars and policy makers have traditionally viewed portions of the Indian Ocean and the Western Pacific as separate and discrete political, economic, and military regions. In recent years, however, a variety of economic, political, and military forces have made many within the academic community, as well as a growing number of national governmental leaders, change their perceptions and recognize that these maritime expanses are one zone of global interaction. Consequently, political, military, and economic developments in one maritime region increasingly have an impact elsewhere. Analyzing and assessing the contemporary maritime challenges in the Indian Ocean and the Western Pacific, this valuable study highlights the current prospects for peace and security in what is rapidly becoming recognized as an

integrated and interactive political military strategic and economic environment This work will be of interest to researchers and policy makers involved in regional studies as well as security studies conflict resolution military and peace studies

Strategic Studies, 1983 *The Quest for Security* Jesse Tumblin, 2019-10-31 Colonial hierarchy and race fueled rapid militarization in the British Empire that shaped the violent course of the twentieth century This innovative study reveals the colonial backstory of a century that witnessed total war resulting in new political norms that enthrone national security as the dominating feature of contemporary politics

Securing Africa Malinda S. Smith, 2016-04-01 This meticulously researched forcibly argued and accessibly written collection explores the many and complex ways in which Africa has been implicated in the discourses and politics of September 11 2001 Written by key scholars based in leading institutions in Canada the United States the Middle East and Africa the volume interrogates the impact of post 9 11 politics on Africa from many disciplinary perspectives including political science sociology history anthropology religious studies and cultural studies The essays analyze the impact of 9 11 and the war on terror on political dissent and academic freedom the contentious vocabulary of crusades clash of civilizations barbarism and Islamofascism alternative genealogies of local and global terrorism extraordinary renditions to black sites and torture human rights and insecurities collapsed states and the development security merger and anti terrorism policies from George W Bush to Barack Obama This is a much needed meditation on historical and contemporary discourses on terrorism

Land Grabbing and Migration in a Changing Climate Sara Vigil, 2022-02-27 This book provides a theoretical and empirical examination of the links between environmental change land grabbing and migration drawing on research conducted in Senegal and Cambodia While the impacts of environmental change on migration and of environmental discourses on land grabs have received increased attention the role of both environmental and migration narratives in shaping migration by modifying access to natural resources has remained under explored Using a variegated geopolitical ecology framework and a comparative global ethnographic approach this book analyses the power of mainstream adaptation and security frameworks and how they impact the lives of marginalised and vulnerable communities in Senegal and Cambodia Findings across the cases show how environmental and migration narratives linked to adaptation and security discourses have been deployed advertently or inadvertently to justify land capture leading to interventions that often increase rather than alleviate the very pressures that they intend to address The interrelations between these issues are inherent to the tensions that exist in different contexts and at different times between capital accumulation and political legitimation The findings of the book point to the urgency for researchers and policymakers to address the structural causes and not the symptoms of both environmental destruction and forced migration It shows how acting upon environmental change land grabs and migration in isolated or binary manners can increase rather than alleviate pressures on those most socio environmentally vulnerable This book will be of interest to students scholars and practitioners working on the topics of land and resource grabbing and environmental change and

migration The book will also be of interest to those analysing political ecology transitions in Africa and Asia as well as to those interested in novel theoretical and methodological frameworks Economic Cooperation: A Driver of Stability in the MENA Region? Valeria Talbot, 2025-02-10 The Middle East and North Africa MENA region faces a complex landscape where economic cooperation is increasingly linked to regional stability For decades economic factors have influenced the foreign policy of MENA countries However since 2020 shared economic challenges exacerbated by the COVID 19 pandemic oil market fluctuations and the global repercussions of Russia s invasion of Ukraine have spurred initiatives for diplomatic rapprochement The October 7 attacks and subsequent Gaza and Lebanon conflicts pose a threat to such progresses Can economic partnerships serve as a basis for lasting peace in MENA region What forms of collaboration could enhance stability in the face of persistent security challenges What are the primary constraints and challenges that limit the potential of economic cooperation as a stabilising force in the MENA region
