Cawelt, 2014-02-07 In this first general theory for the analysis of popular literary formulas John G Cawelti reveals the artistry that underlies the best in formulaic literature Cawelti discusses such seemingly diverse works as Mario Puzo s The Godfather Dorothy Sayers s The Nine Tailors and Owen Wister's The Virginian in the light of his hypotheses about the cultural function of formula literature He describes the most important artistic characteristics of popular formula stories and the differences between this literature and that commonly labeled high or serious literature He also defines the archetypal patterns of adventure mystery romance melodrama and fantasy and offers a tentative account of their basis in human psychology **Romance Fiction** Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and the outlines the best selling genre of all

time romance fiction More than 2 000 romances are published annually making it difficult for fans and the librarians who advise them to keep pace with new titles emerging authors and constant evolution of this dynamic genre Fortunately romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensible resource for those interested in it including fans searching for reading material as well as for library staff scholars and romance writers themselves This title updates the last edition of Romance Fiction A Guide to the Genre published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have **Emotionality** Eirini Arvanitaki,2024-05-14 This book focuses on the projections of romantic love and its progression in a selection of popular romance novels and identifies an innovation within the genre's formula and structure Taking into account Giddens's notion of confluent love this book argues that two forms of love exist within these texts romantic and confluent love The analysis of these love variants suggests that a continuum emerges which signifies the complexity but also the formation and progressive nature of the protagonists love relationships This continuum is divided into three stages the pre personal semi personal and personal The first phase connotes the introduction of the protagonists and describes the sexual attraction they experience for each other The second phase refers to the initiation of the sexual interaction between the heroine and hero without any emotional involvement The third and final phase begins when emotions such as jealousy shame guilt anger and self sacrifice are awakened and The Human in Superhuman Sandra Eckard, Alex Romagnoli, 2022-11-08 The Human in Superhuman The acknowledged Power of the Sidekick in Popular Culture spotlights the often overlooked but very crucial sidekick in superhero narratives From the classic companion Alfred Pennyworth to the supportive best friend Foggy Nelson this collection examines a variety of sidekick characters and their importance to the hero's journey in each story Ultimately rather than viewing the lack of superpowers as a flaw the essays show that it is precisely human qualities like compassion empathy and encourage that enable the sidekicks to help their heroes grow Chapters include discussions of Spider Man Daredevil Buffy the Vampire Slayer Doctor Who and more The Psychology of Love Michele A. Paludi, 2012-03-09 From arranged marriages to online dating this four volume work presents everything from personal accounts to empirical evidence to document what creates love in our culture as well as around the world The field of biology views love as a hard wired mammalian drive akin to thirst and hunger In contrast psychology views love from a social and cultural perspective where our drive to find love and our responses to it are highly dependent on societal norms In The Psychology of Love esteemed author and educator Michele A Paludi examines love through all lenses thereby providing readers a deeper understanding of the ways we can express caring sensitivity empathy and respect toward one another Each chapter in this comprehensive four volume work includes a

scholarly overview of empirical research and theories about the psychology of love In addition individuals own definitions of love are included Special attention is paid to accepted standards of love across a variety of cultures the ways individuals express liking and love across the lifecycle and patterns in dissolutions of friendships and romantic relationships making note of gender and race differences Romance and the Erotics of Property Jan Cohn, 1988 Romance and the Erotics of Property examines contemporary popular romance from a number of different points of view probing for codes and subtexts that sometimes exploit and sometimes contradict its surface tale of romantic attraction frustration longing and fulfillment Cohn argues that a full understanding of the contemporary romance requires an investigation of its literary and historical sources and analogues Three principal sources are examined in the context of women s history in bourgeois society Pride and Prejudice Jane Erye and Gone With the Wind demonstrate the development of romance fiction s themes yet in all three the central love story is complicated by issues of property the sign of male power Jan Cohn further considers the development of the genre n the fictions of Harriet Lewis and May Agnes Fleming prolific and popular American romance writers of the late nineteenth century who developed the role of the villain thereby bringing into focus the sexual and economic struggles faced by the heroine Romance and the Erotics of Property sets romance fiction against a historic and literary background arguing that contemporary romance disguises as tales of love the subversive fantasies of female appropriation and male property and **Reading the Romance** Janice A. Radway, 2009-11-18 Originally published in 1984 Reading the Romance power challenges popular and often demeaning myths about why romantic fiction one of publishing s most lucrative categories captivates millions of women readers Among those who have disparaged romance reading are feminists literary critics and theorists of mass culture They claim that romances enforce the woman reader s dependence on men and acceptance of the repressive ideology purveyed by popular culture Radway questions such claims arguing that critical attention must shift from the text itself taken in isolation to the complex social event of reading She examines that event from the complicated business of publishing and distribution to the individual reader s engagement with the text Radway s provocative approach combines reader response criticism with anthropology and feminist psychology Asking readers themselves to explore their reading motives habits and rewards she conducted interviews in a midwestern town with forty two romance readers whom she met through Dorothy Evans a chain bookstore employee who has earned a reputation as an expert on romantic fiction Evans defends her customers choice of entertainment reading romances she tells Radway is no more harmful than watching sports on television We read books so we won t cry is the poignant explanation one woman offers for her reading habit Indeed Radway found that while the women she studied devote themselves to nurturing their families these wives and mothers receive insufficient devotion or nurturance in return In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect The heroines admired by Radway's group defy the expected stereotypes they are strong

independent and intelligent That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do Radway argues with the women readers fantasies and choices than with their need to deal with a fear of masculine dominance These romance readers resent not only the limited choices in their own lives but the patronizing atitude that men especially express toward their reading tastes In fact women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture Paradoxically the books that they read make conventional roles for women seem desirable It is this complex relationship between culture text and woman reader that Radway urges feminists to address Romance readers she argues should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination In a new introduction Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study s limitations For the Love of Shifters Catherine Banks, This collection contains five novellas and one novel including Spurs she's sacrificed more for the pack than any of them realized The question now remains is there a way for Tysen to save her soul The Pawn In a game of gods and witches some pawns only want freedom Created from the bones of Achilles Achillia was destined for more than being a simple servant Trained by Ares and tested by Apollo she is sent to the mortal world to open the door preventing the gods from returning She finds help in an unlikely ally and only together can she free the gods if they don t kill each other first Centaur s Prize A Zodiac Shifters Paranormal Romance Sagittarius The centaur's prized possession was lost and as the guard on duty that night all blame is placed on Lysander For punishment they exiled him to the human s world away from his herd and the only life he had known The only way he can get back to Olympus is to find the lost item A feat made much more difficult when a gorgeous tall and leggy blonde trots into his life Mendra is the last of her kind a Pegasus with the ability to shift into human form or equine form Her mother told her wild tales about lands with centaurs satyrs Gods and heroes but she never believed them Until she met a man like her a man who could shift into equine form and tells her similar stories He asks for her help finding a lost item so he can return to Olympus and his herd She wants to help him but she s afraid to lose the one person who makes her feel like she s home Lysander convinces Mendra to help him but as they search for the lost item he isn t so certain he wants to return home Life with the humans is so much different than Olympus and his heart aches at the thought of leaving Mendra behind alone in a world without a herd of her own Will his arrow fly true or will they lose more than they ever imagined Tiger Tears A Zodiac Shifters Paranormal Romance Taurus Humans turned werewolves threaten her happily ever after After leaving behind those who used her Tara is on a mission to find the perfect shifter to be her partner But everyone has a past and Tara's is threatening to destroy everything she's worked toward If she wants to survive she's going to have to fight tooth and claw as if she has a choice Lion About A Zodiac Shifters Paranormal Romance Virgo The cost of magic might be too high A chance encounter opens new doors for Milena and introduces her to one of the top bachelors in the city But Faerie holds

the key to restoring her magic and those she escaped 10 years ago resume their hunt of her She must make the hard choice between love and life or lose them both The English Romance in Time Helen Cooper, 2004 The English Romance in Time is a study of English romance across the Middle Ages and the Renaissance It explores romance motifs quests and fairy mistresses passionate heroines and rudderless boats and missing heirs from the first emergence of the genre in French and Anglo Norman in the twelfth century down to the early seventeenth This is a continuous story since the same romances that constituted the largest and most sophisticated body of secular fiction in the Middle Ages went on to enjoy a new and vibrant popularity at all social levels in black letter prints as the pulp fiction of the Tudor age This embedded culture was reworked for political and Reformation propaganda and for the writing of England as well as providing a generous reservoir of good stories and dramatic plots The different ways in which the same texts were read over several centuries or the same motifs shifted meaning as understanding and usage altered provide a revealing and sensitive measure of historical and cultural change The book accordingly looks at those processes of change as well as at how the motifs themselves work to offer a historical semantics of the language of romance conventions It also looks at how politics and romance intersect the point where romance comes true The historicizing of the study of literature is belatedly leading to a wider recognition that the early modern world is built on medieval foundations. This book explores both the foundations and the building Similarly generic theory which previously tended to operate on transhistorical assumptions is now acknowledging that genre interacts crucially with cultural context with changing audiences and ideologies and means of dissemination The generation into which Spenser and Shakespeare were born was the last to be brought up on a wide range of medieval romances in their original forms and they could therefore exploit their generic codings in new texts aimed at both elite and popular audiences Romance may since then have lost much of its cultural centrality but the universal appeal of these same stories has continued to fuel later works from Bunyan's Pilgrim's Progress to C S Lewis and Tolkien Medieval Insular Romance Judith Elizabeth Weiss, Jennifer Fellows, Morgan Dickson, 2000 Major themes explored are narratives of the disguised prince and the reinvention of stories for different tastes and periods These studies cover a wide chronological range and familiar and unfamiliar texts and topics The disguised prince is a theme linking several articles from early Anglo Norman romances through later English ones like King Edward and the Shepherd to a late 16th century recasting of the Havelok story as a Tudor celebration of Gloriana Translation in its widest sense the way romance can reinvent stories for different tastes and periods is anotherrunning theme the opening introductory article considers the topic of translation theoretically concerned to stimulate further research on how insular romances were transferred between vernaculars and literary systems while other essays consider Lovelich's Merlin a poem translating its Arthurian material to the poet's contemporary London milieu Chaucer and Breton lays in England Contributors JUDITH WEISS IVANA DJORDJEVIC ROSALIND FIELD MORGAN DICKSON ELIZABETH ARCHIBALD AMANDA HOPKINS ARLYN DIAMOND PAUL PRICE W A DAVENPORT RACHEL SNELL

powerful natural forces and confined to domestic space have sought to distance themselves from nature In Undomesticated Ground Stacy Alaimo issues a bold call to reclaim nature as feminist space Her analysis of a remarkable range of feminist writings as well as of popular journalism visual arts television and film powerfully demonstrates that nature has been and continues to be an essential concept for feminist theory and practice Alaimo urges feminist theorists to rethink the concept of nature by probing the vastly different meanings that it carries She discusses its significance for Americans engaged in social and political struggles from for example the Indian Wars of the early nineteenth century to the birth control movement in the 1920s to contemporary battles against racism and heterosexism Reading works by Catherine Sedgwick Mary Austin Emma Goldman Nella Larson Donna Haraway Toni Morrison and others Alaimo finds that some of these writers strategically invoke nature for feminist purposes while others cast nature as a postmodern agent of resistance in the service of both environmentalism and the women s movement By examining the importance of nature within literary and political texts this book greatly expands the parameters of the nature writing genre and establishes nature as a crucial site for the cultural work of feminism

The Hero Trap Romance: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. The Must-Read: Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. The Hero Trap Romance: Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic: Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a guiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
