Singularly Wonderful Holidays MaryAnn Foote,2006-01-01 Live alone Like to celebrate the holidays or your life A Singularly Wonderful Life How to Celebrate for One is for you This small book provides information about most of the major holidays and gives ideas on how you can celebrate them fully alone or with others To signal the world that you are living a singularly wonderful life each holiday has suggestions on how to decorate your front door whether it is the door to your home your apartment or your room Recipes and craft instructions are included all written in a humorous and upbeat style **The Queens of England (Vol. 1-3)** Agnes Strickland,2021-10-28 This book is a great introduction into the history of the British Empire and women who helped to shape it The book starts with the very first queen in the history of Great Britain Matilda of Flanders the wife of William the conqueror and goes through all the history mentioning Berengaria of Navarre the queen of the legendary king Ricard I and all the wives of Henry VIII among the others The book is aimed at young adults and is written in a simple understandable and somewhat na ve manner characteristic of the Victorian era books for young ladies Yet the light and relaxing tone of the book will make it interesting for adults seeking for an entertaining read with educational value It contains a lot of captivating moments too For example the very first story of the book tells that to win heart of her future queen William the Conqueror rolled her in mud and beat her_x000D_ Weekly World News ,2006-01-16 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site

Bookseller and the Stationery Trades' Journal ,1911 *Agnes Strickland's Queens of England Abridged and Fully Illustrated (Complete)* Rosalie Kaufman,Agnes Strickland,2020-09-28 Matilda wife of the great William the Conqueror was an exceedingly handsome woman and as she had received the best education that was possible in her times she was as celebrated for her learning as for her beauty She was besides generous and religious and had all the qualities necessary for the position she was called upon to fill She was famed for her fancy work which was looked upon as one of the most important and desirable occupations for ladies of rank and any woman who could spin weave and embroider was considered quite a treasure Matilda had three cousins who were such skilful needlewomen that they were sought in marriage by the greatest princes of Europe Their work has not been preserved but Matilda s still remains and is called the Bayeux Tapestry It is the most wonderful achievement in needlework ever accomplished by any woman But we shall tell more about it by and bye Matilda s father was Earl of Flanders a rich powerful prince skilled in the arts of peace and war He was besides such a popular man that all the rulers in his neighborhood were anxious to win the hand of his beautiful daughter Her cousin William of Normandy was the most accomplished of them all and loved her devotedly He was handsome brave and talented and so strong that it is said no man could bend his bow but himself And he was such a sure marksman that even when riding at full speed he seldom missed his aim It is remarkable that although he was the tallest man in his army he passed through

all his battles without the loss of a drop of blood until towards the close of his career when he was wounded by his own son Strange to say this young man did not find favor in the eyes of his lady cousin at all this mortified him so much that he resolved to win her in spite of herself He had a rival in a young Saxon nobleman named Brihtric Meaw who had come to Flanders as ambassador from Edward the Confessor then on the British throne This favored gentleman was so fair and light haired that he was nicknamed Snow Matilda loved him in secret which is probably the reason why she would not listen to her cousin William But Brihtric Meaw does not seem to have cared particularly for her and so did not find out what her sentiments were towards him Thus quite innocently he never attempted to court her and she could not forgive his indifference Still her mind was filled with him and this made her treat William coldly He was not to be baffled however but courted her through seven long and tedious years At last he became impatient so one day when Matilda was going home from church he managed to meet her as lovers will Perhaps she was more unkind to him than usual and made him angry otherwise I do not know how to account for his behavior on that occasion but he seized hold of her rolled her in the dirt then actually beat her Before she had time to call for help after she had recovered from her surprise he jumped on his horse and rode off as fast as he could go
