Beyond the Superficial: Making Sense of Food in a Globalized World Swetha Anthony,Elizabeth M. Schmidt,2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 The ten essays which make up this volume create a delectable salad which stands out both in taste and appeal through a multifarious exploration of themes enriching the all inclusive discourse on food Rather than reiterating the debates that have been hashed and re hashed in various disciplines the essays compiled here explore novel ideas and spark unique discussions regarding the situatedness of food in everyday life using parameters such as culture identity space and taste Employing unique inter and intra disciplinary methodologies and critical approaches each article explores the evolution of definitions of food cuisine and foodways and focuses on the ways in which discussions about food have moved beyond the superficial food as a means of survival to play a role in economic social political cultural and ideological realms By transcending boundaries of discipline methodology and interest areas this compilation will appeal to the tastes of anyone interested in food **Dinner in Rome** Andreas Viestad,2023-08-25 With a celebrated food writer as host a delectable history of Roman cuisine and the world served one dish at a time Now in paperback There is more history in a bowl of pasta than in the Colosseum writes Andreas Viestad in *Dinner in Rome* From the table of a classic Roman restaurant Viestad takes us on a fascinating culinary exploration of the Eternal City and global civilization Food he argues is history s secret driving force Viestad finds deeper meanings in his meal He uses the bread that begins his dinner to trace the origins of wheat and its role in Rome s rise as well as its downfall With his fried artichoke

antipasto he explains olive oil's part in the religious conflict of sixteenth century Europe And from his sorbet dessert he recounts how lemons featured in the history of the Mafia in the nineteenth century and how the hunger for sugar fueled the slave trade Viestad's dinner may be local but his story is universal His culinary archaeology is an entertaining flavorful journey across the dinner table and time Readers will never look at spaghetti carbonara the same way again *Extravagant Love* Carole Engle Avriett,2023-04-11 Have you ever been loved with skimpy love Or has your love for someone else seemed to shrivel Enter the world of God's extravagant love It is beyond measure Careful study of God's Word along with delving into ancient customs and symbols from Biblical times helps us understand His passionate love for all He has created Sometimes extravagance is found in the simple things of daily life We usually think of extravagance as spending excessively on material goods So to use that term for an itinerant teacher who had only one change of clothes and depended on others for food and a place to lay His head seems a stretch Yet Jesus was the most extravagant person who ever lived To understand that we have to revise our notion of extravagance focusing on intangible qualities like thoughtfulness caring and humility In this remarkably imaginative book Carole Engle Avriett guides you through the agriculture diet and commerce of Jesus's culture to shed new light on God's nature Reading it you will gain a deeper understanding of God's love a love of astonishing

extravagance *The Path to Tyranny* Michael Newton,2010-05-17 Examines how many free societies have fallen to tyranny and looks at the possibility that the United States could be next **Functional Properties of Food Components**

Yeshajahu Pomeranz,2012-12-02 *Functional Properties of Food Components* reviews the roles and functions of specific components in foods It addresses three main questions What in the biochemical make up of food components makes them tick in the production of desirable and acceptable foods Why do those components entities perform the way they do and often why do they fail to perform as expected Which functions continue to be elusive and require more searching and probing The book is organized into three parts Part I discusses specific food components such as water carbohydrates corn sweeteners and wheat carbohydrates proteins lipids and enzymes Part II deals with food additives and foods of the future and reviews the role of components in four well established foods dairy wheat flour malt and soybean products Part III presents the available information and documentation on food components This book is intended for the undergraduate with a background in the general biochemistry of natural materials but is also interested in specific information on the function of those components in foods It is also meant for the food scientist or technologist who is familiar with food formulation and production and for any other interested reader with an appropriate background whether managerial or scientific **God**
