Sketches For A Life Of Wassily:

Sketches for a Life of Wassily Lydia Davis, 1981 **Break It Down** Lydia Davis, 2008-09-16 These stories offer a peephole into a distinct fictional world they attest to the author's gift as an observer and archivist of emotion The New York Times The thirty four stories in this seminal collection powerfully display what have become Lydia Davis's trademarks dexterity brevity understatement and surprise Although the certainty of her prose suggests a world of almost clinical reason and clarity her characters show us that life thought and language are full of disorder Break It Down is Davis at her best In the words of Jonathan Franzen she is a magician of self consciousness Praise for Lydia Davis Davis is one of the most precise and economical writers we have Dave Eggers McSweeney's An American virtuoso of the short story form Salon The best prose stylist in America Rick Moody Davis has a capacity to make language unleash entire states of existence Siddhartha Deb The New York Times **The Poetics of Fragmentation in Contemporary British and American Fiction** Vanessa Guignery, Wojciech Drąg, 2019-12-02 The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity coherence and continuity in favour of disruption gaps and fissures Authors such as Ali Smith David Mitchell and David Shields have sought new ways of representing our global media saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration This volume aims to investigate some of the most important contributions to fragmentary literature from British and American writers since the 1990s with a particular emphasis on texts released in the twenty first century The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today's accelerated culture of social media and over communication Contributors theorise and classify literary fragments examine the relationship between fragmentation and the Zeitgeist influenced by globalisation media saturation and social networks analyse the mechanics of multimodal and multimedial fictions and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation bricolage and or collage raise ontological ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other Besides the aforementioned authors the volume makes reference to the works of J G Ballard Julian Barnes Mark Z Danielewski David Markson Jonathan Safran Foer David Foster Wallace Jeanette Winterson and several others *Story, and Other Stories* Lydia Davis, 1983 **Twonism II (Thoughts, Essays, and Poems on Life and Art) Premium Paperback Edition** Damon Freed, The Art Theory of Wassily Kandinsky, 1909-1928 Christopher Short, 2010 Kandinsky's theory of art has usually been treated as little more than a guide to help our understanding of his paintings In contrast this book attends primarily to the artist's writings on art thus

his art theory is treated on its own terms Drawing on the diverse literature that has been written on Kandinsky's art and theory the author demonstrates that while many different perspectives on his work have been identified none holds the key to that work Instead the book shows Kandinsky's method in his writings to be highly eclectic resulting in an exciting and challenging variety of content a description that also applies as a postscript to the book shows to his method in painting Kandinsky however transcended this diversity and consistently sought evidence of the unity of all things something that would be realised through his understanding of the term synthesis The book follows Kandinsky's fascinating attempts to establish synthesis not only in art but also in other disciplines including science mathematics law and politics in his key theoretical publications *On the Spiritual in Art* 1911 and *Point and Line to Plane* 1926 The result is a new and innovative understanding of both Kandinsky's art theory and his art

Wassily Kandinsky, 1866-1944 Hajo Düchting, Wassily Kandinsky, 2000 The founder of abstract art The Russian painter Wassily Kandinsky 1866 1944 who later lived in Germany and France is one of the pioneers of twentieth century art Nowadays he is regarded as the founder of abstract art and is moreover the chief theoretician of this type of painting Together with Franz Marc and others he founded the group of artists known as the *Blauer Reiter* in Munich His art then freed itself more and more from the object eventually culminating in the *First Abstract Watercolour* of 1910 In his theoretical writings Kandinsky repeatedly sought the proximity of music and just as in music where the individual notes constitute the medium whose effect stems from harmony and euphony Kandinsky was aiming for a pure concord of colour through the interplay of various shades Gauguin had demanded that everything must be sacrificed to pure colours Kandinsky was the first to realise this and thus to influence a whole range of artists About the Series Each book in TASCHEN's Basic Art series features a detailed chronological summary of the life and oeuvre of the artist covering his or her cultural and historical importance a concise biography approximately 100 illustrations with explanatory captions

Small Press Record of Books in Print Len Fulton, 1988 **Art Books** Wolfgang M. Freitag, 1997 Expanded to twice as many entries as the 1985 edition and updated with new publications new editions of previous entries titles missed the first time around more of the artists own writings and monographs that deal with significant aspects or portions of an artist's work though not all of it The listing is alphabetical by artist and the index by author The works cited include analytical and critical biographical and enumerative their formats range from books and catalogues raisonnées to exhibition and auction sale catalogues A selection of biographical dictionaries containing information on artists is arranged by country Annotation copyrighted by Book News Inc Portland OR
