Libraries, 1972 *Worlds of Childhood* Maurice Sendak, 1998 In this revised edition of *Worlds of Childhood* six prominent authors of classic books for young people search their own childhood for the sources of their inspiration and discover a common theme to enter the worlds that children inhabit a writer must know the magic word honesty **Starting Out Right** Wisconsin. Department of Public Instruction, Bettye I. Latimer, 1972 **How It Feels When Parents Divorce** Jill Krementz, 2012-05-23 In this immensely moving book nineteen boys and girls from seven to sixteen years old and from highly diverse backgrounds share with us their deepest feelings about their parents divorce By listening to them all children of divorced parents can find constructive ways to help themselves through this difficult time And they will learn that their own shock and anger confusion and pain have been experienced by others and are normal and appropriate These boys and girls speak with extraordinary honesty and tolerance and with a remarkable absence of rationalization illusion or attempt to justify their own often trying behavior in response to their situations Their stories are immediate and convincing and their generosity in confiding their feelings should provide comfort to children and parents alike **Civil Rights Childhood** Katharine Capshaw, 2014-12-01 Childhood joy pleasure and creativity are not often associated with the civil rights movement Their ties to the movement may have faded from historical memory but these qualities received considerable photographic attention in that tumultuous era Katharine Capshaw's *Civil Rights Childhood* reveals how the black child has been and continues to be a social agent that demands change Because children carry a compelling aura of human value and potential images of African American children in the wake of *Brown v Board of Education* had a powerful effect on the fight for civil rights In the iconography of Emmett Till and the girls murdered in the 1963 Birmingham church bombings Capshaw explores the function of children's photographic books and the image of the black child in social justice campaigns for school integration and the civil rights movement Drawing on works ranging from documentary photography coffee table and art books and popular historical narratives and photographic picture books for the very young *Civil Rights Childhood* sheds new light on images of the child and family that portrayed liberatory models of blackness but it also considers the role photographs played in the desire for consensus and closure with the rise of multiculturalism Offering rich analysis Capshaw recovers many obscure texts and photographs while at the same time placing major names like Langston Hughes June Jordan and Toni Morrison in dialogue with lesser known writers An important addition to thinking about representation and politics *Civil Rights Childhood* ultimately shows how the photobook and the aspirations of childhood itself encourage cultural transformation *How It Feels to Be Adopted* Jill
