The Chautauquan ,1906 *The Memory of Tears* Amanda Lewis,2023-09-01 Janie Buchanan has a dark sense of humor and a secret to hide She has cancer again and she s set out on the latest globetrotting adventure to try and mark off more bucket list items Except what wasn t on the agenda was meeting Caspar Levander a world class thespian and specimen of pure male perfection who has rudely followed her to an African conservation and interrupted her quest to help save a baby elephant And what is definitely absolutely most certainly not on her list is falling in love Caspar Levander was living one show at a time enjoying being the handsome hero of the stage and floating through life without any real plans to the contrary Until one fateful day on a bridge he encounters a beautifully weird woman who he feels strangely compelled to keep safe no matter what continent she s on When the opportunity to cross off another experience arises so comes the revelation that Janie isn t as strong as she s pretended to be And maybe just maybe Cas has been sent to her not only as a refuge but as a reminder to not lean on her own understanding Travel the world and revisit old friends in the third and final book in the Levander Brothers trilogy This novel is a complete stand alone My mother passed away at the age of forty three and a generations deep risk of cancer loomed over my heart sort of a when as opposed to an if In my heart of hearts I understood what Janie was going through and appreciated the author s skillful handling of delicate subjects such as terminal illness and faith with her own sensitivity and depth of understanding Jamie Michelle for Reader s Favorite I was instantly drawn to Janie

and her wicked sense of humor which permeates the usually fluffy romantic overtones of novels like these and gives it some darker more realistic spaces to explore The atmosphere and locations of the work are varied and cinematically rich with lots of different experiences that put Janie and Caspar in amusing situations for their meet cutes growing the tension K C Finn for Reader s Favorite Well if you re looking for a full on Christian romance with a side of serious armchair travel you will not be disappointed Asher Syed for Reader s Favorite The Levander Brothers trilogy The Weight of Birds 2020 silver medal winner for Contemporary Christian Romance Reader s Favorite Awards Still Waters Peter s Story Related titles The Movie Star A Goodwater Ranch Romance *The Round Table* ,1912 **Uncle Tom's Cabin** George L. And Then Comes Marriage Celeste Bradley,2013-07-30 AND THEN COMES MARRIAGE Celeste Bradley After years of being a quiet dutiful wife the recently widowed Mrs Miranda Talbot is finally free to do as she pleases As an attractive woman of independent means at a time when few women are Miranda is suddenly turning heads all around London When she meets the dashing Mr Castor Worthington she is swept away by his passion Is he too good to be true Little does Miranda know that there is more to Castor than meets the eye In fact he s a twin Castor s brother also a confirmed bachelor takes his romantic pursuits and rivals very seriously When Castor discovers Miranda is being courted by his own twin his competitive nature takes over Who will be the one to win Miranda s hand and heart The race to say I do is about to begin **The Politics of Coalition in Korea** Youngmi Kim,2011-04-05 This book examines how inter and intra party coalition building affects governability in South Korea Focusing on the Kim Dae jung administration 1998 2003 as a case study in the failure of a government to turn electoral success into stable governability or ability to implement reform policies the book s research draws on two bodies of literature which though focusing on the same dependent variable cabinet or government stability have rarely been used in tandem coalition research on parliamentary systems and studies of divided government in presidential systems Youngmi Kim argues that a weak institutionalization of the ruling party and the party system accounts for political instability and inefficient governability in Korea and in doing so her study makes a number of key contributions to the field Theoretically it proposes a framework which integrates a rationalist approach with one that acknowledges the role of political culture It further enhances the understanding of factors affecting governability after coalition building across regime types and aims to build on recent demands for broader cross regime analysis of minority divided government and of the determinants of governability This has important comparative implications as coalition building within semi presidential systems has occurred in other post authoritarian contexts The book finally provides a new dataset which fills a gap in a field where Western cases constitute the main focus of research The Politics of Coalition in Korea will be of interest to students

and scholars of Korean studies Korean politics Asian studies and Asian politics Youngmi Kim is Assistant Professor at the
Departments of Public Policy and International Relations and European Studies at Central European University Budapest
