

A photograph of a Navajo woman kneeling on the ground in a desert setting. She is wearing a dark green patterned tunic and a purple skirt. She is looking down at a large, colorful woven basket that is lying on its side. The basket has a complex geometric pattern in shades of purple, red, and yellow. The ground is dry and sandy, and there are some small plants and twigs scattered around.

Changing River Helen C. Fairley, 2003 This book is a response to the USGS's call for a research design that could be used as a framework for prioritizing cultural resources in the Colorado River ecosystem below Glen Canyon Dam. *Changing River* includes summaries of current environmental conditions and previous research and brings together diverse archaeological opinions about Grand Canyon's human story. It then presents a theoretical basis for using a landscape approach to organize future research efforts in the canyon. The research presented here explores the geophysical, paleoclimatic and biological parameters that have shaped the canyon landscape and influenced choices made by humans as they attempted to adapt to this ecosystem. It then focuses on the distribution of cultural materials and patterns using several archaeological approaches and investigates natural and cultural realms as mutually reinforcing and interacting components of an integrated ecosystem to which humans have applied meaning and value over time.

The Book of the Navajo Raymond Friday Locke, 2001

The People Speak Chuck Rosenak, Jan Rosenak, 1994 Authors Chuck and Jan Rosenak, renowned collectors of American folk art, embarked in 1983 on a ten year journey through one of the last outposts of America's shrinking West: the Navajo Nation. In the flickering firelight of a Yeibichai dance, in a sun dappled brush arbor, in the cool of an adobe trading post, they found innovative folk art and the remarkable individuals behind the art. Among the Din, the People artists brave taboos to express their personal visions, picking up cardboard and cottonwood clay and wool to produce wonderful, whimsical, warm hearted creations. Within these pages, these artists receive the recognition they deserve. From publisher description.
