

# THE SWEETHEART OF THE SILENT MAJORITY

THE BIOGRAPHY OF

## Phyllis Schlafly

BY CAROL FELSENTHAL

# Sweetheart Of The Silent Majority

**Martha H. Swain, Elizabeth Anne  
Payne, Marjorie Julian Spruill**

## **Sweetheart Of The Silent Majority:**

**The Sweetheart of the Silent Majority** Carol Felsenthal,1981      **Phyllis Schlafly and Grassroots Conservatism**

Donald T. Critchlow,2008-01-15 Based on access to Schlafly's papers and sixty other archival collections offers a look at the private life and public convictions of the arch conservative and determined opponent of the Equal Rights Amendment gay rights and reproductive freedom      **Mississippi Women** Martha H. Swain,Elizabeth Anne Payne,Marjorie Julian

Spruill,2010-02-01 Some of the women are well known others were prominent in their time but have since faded into obscurity and a few have never received the attention they deserve BOOK JACKET      **Republican Women** Catherine E.

Rymph,2006 In the wake of the Nineteenth Amendment Republican women set out to forge a place for themselves within the Grand Old Party As Catherine Rymph explains their often conflicting efforts over the subsequent decades would leave a mark on both conservative      **Divided We Stand** Marjorie J. Spruill,2018-08-28 The fascinating true story of the characters in

Hulu's Mrs America and a broader portrait of the two women's movements that spurred an enduring rift between liberals and conservatives The many admirers of Mrs America will find great satisfaction in Divided We Stand a clear compelling and deeply insightful volume The Washington Post One of Smithsonian Magazine's Ten Best History Books of the Year In the early 1970s an ascendant women's rights movement enjoyed strong support from both political parties and considerable success but was soon challenged by a conservative women's movement formed in opposition Tensions between the two would explode in 1977 at the congressionally funded National Women's Conference in Houston Texas As Bella Abzug Gloria Steinem and other feminists endorsed hot button issues such as abortion rights the ERA and gay rights Phyllis Schlafly and Lottie Beth Hobbs rallied with conservative women to protest federally funded feminism and launch a pro family movement Divided We Stand reveals how crucial women and women's issues have been in the shaping of today's political culture After the National Women's Conference Democrats continued to back women's rights in cooperation with a more diverse feminist movement while the GOP abandoned its previous support for women's rights and defined itself as the party of family values irrevocably affecting the course of American politics      Realigners Timothy Shenk,2022-10-18 One of The Wall Street

Journal's best political books of 2022 An eye opening new history of American political conflict from Alexander Hamilton to Alexandria Ocasio Cortez These days it seems that nobody is satisfied with American democracy Critics across the ideological spectrum warn that the country is heading toward catastrophe but also complain that nothing seems to change At the same time many have begun to wonder if the gulf between elites and ordinary people has turned democracy itself into a myth The urges to defend the country's foundations and to dismantle them coexist often within the same people How did we get here Why does it feel like the country is both grinding to a halt and falling to pieces In Realigners the historian Timothy Shenk offers an eye opening new biography of the American political tradition In a history that runs from the drafting of the Constitution to the storming of the Capitol Shenk offers sharp pen portraits of signal characters from James Madison and

Charles Sumner to Phyllis Schlafly and Barack Obama The result is an entertaining and provocative reassessment of the people who built the electoral coalitions that defined American democracy and a guide for a time when figures ranging from Alexandria Ocasio Cortez to MAGA minded nationalists seek to turn radical dreams into political realities In an era when it seems democracy is caught in perpetual crisis *Realigners* looks at earlier moments in which popular majorities transformed American life We've had those moments before And if there's an escape from the doom loop that American politics has become it's because we might have one again      *The Legacy of Second-Wave Feminism in American Politics* Angie Maxwell, Todd Shields, 2017-12-05 This book chronicles the influence of second wave feminism on everything from electoral politics to LGBTQ rights The original descriptions of second wave feminism focused on elite white voices obscuring the accomplishments of many activists as third wave feminists rightly criticized Those limited narratives also prematurely marked the end of the movement imposing an imaginary timeline on what is a continuous struggle for women's rights Within the chapters of this volume scholars provide a more complex description of second wave feminism in which the sustained efforts of women from many races classes sexual orientations and religious traditions in the fight for equality have had a long term impact on American politics These authors argue that even the Second Wave metaphor is incomplete and should be replaced by a broader more inclusive metaphor that accurately depicts the overlapping and extended battle waged by women activists With the gift of hindsight and the awareness of the limitations of and backlash to this Second Wave the time is right to reflect on the feminist cause in America and to chart its path forward      *The People's Constitution* John F. Kowal, 2021-09-21 The 233 year story of how the American people have taken an imperfect constitution the product of compromises and an artifact of its time and made it more democratic Who wrote the Constitution That's obvious we think fifty five men in Philadelphia in 1787 But much of the Constitution was actually written later in a series of twenty seven amendments enacted over the course of two centuries The real history of the Constitution is the astonishing story of how subsequent generations have reshaped our founding document amid some of the most colorful contested and controversial battles in American political life It's a story of how We the People have improved our government's structure and expanded the scope of our democracy during eras of transformational social change *The People's Constitution* is an elegant sobering and masterly account of the evolution of American democracy From the addition of the Bill of Rights a promise made to save the Constitution from near certain defeat to the post Civil War battle over the Fourteenth Amendment from the rise and fall of the noble experiment of Prohibition to the defeat and resurgence of an Equal Rights Amendment a century in the making *The People's Constitution* is the first book of its kind a vital guide to America's national charter and an alternative history of the continuing struggle to realize the Framers' promise of a more perfect union      **Rightward Bound** Bruce J. Schulman, Julian E. Zelizer, 2008-03-15 Often considered a lost decade a pause between the liberal Sixties and Reagan's Eighties the 1970s were indeed a watershed era when the forces of a conservative counter revolution cohered A critical

decade in American history *Rightward Bound* illuminates the seeds of both the successes and the failures of the conservative revolution

***We the Women*** Julie C. Suk, 2020-08-11 Ruth Bader Ginsburg believed that the equal rights of women belonged in the Constitution She stood on the shoulders of brilliant women who persisted across generations to change the Constitution *We the Women* tells their stories showing what is at stake in the current battle for the Equal Rights Amendment The year 2020 marks the centennial the Nineteenth Amendment guaranteeing women's constitutional right to vote But have we come far enough After passage of the Nineteenth Amendment revolutionary women demanded full equality beyond suffrage by proposing the Equal Rights Amendment ERA Congress took almost fifty years to adopt it in 1972 and the states took almost as long to ratify it In January 2020 Virginia became the final state needed to ratify the amendment Why did the ERA take so long Is it too late to add it to the Constitution And what could it do for women A leading legal scholar tells the story of the ERA through the voices of the bold women lawmakers who created it They faced opposition and subterfuge at every turn but they kept the ERA alive And despite significant victories by women lawyers like Ruth Bader Ginsburg the achievements of gender equality have fallen short especially for working mothers and women of color Julie Suk excavates the ERA's past to guide its future explaining how the ERA can address hot button issues such as pregnancy discrimination sexual harassment and unequal pay The rise of movements like the Women's March and MeToo have ignited women across the country Unstoppable women are winning elections challenging male abuses of power and changing the law to support working families Can they add the ERA to the Constitution and improve American democracy *We the Women* shows how the founding mothers of the ERA and the forgotten mothers of all our children have transformed our living Constitution for the better

***Guess Who's Coming to Dinner Now?*** Angela D Dillard, 2023-11-21 An excellent overview of African American LGBT and other minority group conservatives *The New Republic* In *Guess Who's Coming to Dinner Now* Angela Dillard offers the first comparative analysis of a modern conservatism that cuts across boundaries of race ethnicity gender and sexuality To be an African American and a conservative or a Latino who is also a conservative and gay is to occupy an awkward and contested political position Dillard explores the philosophies politics and motivation of minority conservatives such as Ward Connerly Glenn Loury Linda Chavez Clarence Thomas and Bruce Bawer as well as their tepid reception by both the left and right Welcomed cautiously by the conservative movement they have also frequently been excoriated by those African Americans Latinos women and LGBT people who view their conservatism as betrayal Dillard's comprehensive study among the first to take the history and political implications of multicultural conservatism seriously is a vital source for understanding contemporary American conservatism in all its forms Dillard analyzes the famous Clarence Thomas Linda Chavez the obscure Elizabeth Wright's black conservative newsletter *Issues and Views* and the in between the memoirs of the gay conservative Marvin Liebman *The New York Times*

***Divided Lives*** Rosalind Rosenberg, 2008-05-13 In this lively and informed exploration of women's lives in the larger context of U S social and political history Rosalind Rosenberg shows

how American traditions of federalism racial and ethnic diversity geographic mobility and relative abundance have both aided and hindered women's strides toward equality

**Faces Of Feminism** Sheila Tobias, 2018-02-26 As one of the main players in the second wave of feminism Sheila Tobias returns to Kate Millett's central tenet sexual politics and argues that it can still unite progressive men and women around a common set of goals Providing a map of a complex terrain Tobias details generations of issues each more radical and therefore harder to tackle than the ones before She sets the story in two contexts feminism's own evolving strategies and America's political landscape Even though her passion for feminism remains she is not unwilling to critique the sisterhood and herself for failing to see for example that not every woman would be a feminist nor every man an enemy In the heady first years feminists forgot that deeper even than gender is the liberal conservative divide in American politics As one of the main players in the second wave of feminism Sheila Tobias returns to Kate Millett's central tenet sexual politics and argues that it can still unite progressive men and women around a common set of goals Providing a map of a complex terrain Tobias details generations of issues each more radical and therefore harder to tackle than the ones before She sets the story in two contexts feminism's own evolving strategies and America's political landscape Even though her passion for feminism remains she is not unwilling to critique the sisterhood and herself for failing to see for example that not every woman would be a feminist nor every man an enemy In the heady first years feminists forgot that deeper even than gender is the liberal conservative divide in American politics From the origins of the movement through feminist theory and new scholarship on women Tobias traces the political history of the second wave and its comeuppance at the hands of Phyllis Schlafly's Stop ERA coincidental with the nation's careering toward the Right Somehow feminism survived the 1980s but by having to fight brush fires throughout the Reagan Bush presidencies the movement lost some of its breadth and much of its taste for the mainstream Because of her activism and her feeling for the period she chronicles Tobias is at once inside and outside the issues of sexual preference pornography the draft the Mommy Track comparable worth affirmative action reproductive rights and the challenges of equality versus difference

**The Will of the People** Barry Friedman, 2025-09-23 In recent years the justices of the Supreme Court have ruled definitively on such issues as abortion school prayer and military tribunals in the war on terror They decided one of American history's most contested presidential elections Yet for all their power the justices never face election and hold their offices for life This combination of influence and apparent unaccountability has led many to complain that there is something illegitimate even undemocratic about judicial authority In *The Will of the People* Barry Friedman challenges that claim by showing that the Court has always been subject to a higher power the American public Judicial positions have been abolished the justices' jurisdiction has been stripped the Court has been packed and unpopular decisions have been defied For at least the past sixty years the justices have made sure that their decisions do not stray too far from public opinion Friedman's pathbreaking account of the relationship between popular opinion and the Supreme Court from the Declaration of Independence to the end of the

Rehnquist court in 2005 details how the American people came to accept their most controversial institution and shaped the meaning of the Constitution      **The Biography of Phyllis Schlafly** Carol Felsenthal,1982      Fearless Women Elizabeth Cobbs,2023-03-07 Elizabeth Cobbs traces the American quest for gender equality back to the Revolution when the founding principle of equality became a battering ram against hierarchy These are stories of American women famous and obscure who struggled in public and private to secure new rights defend their freedom and gain control over their own lives      **The Transformation of American Sex Education** Ellen S. More,2024-09-03 This book examines Americans attempts to come to terms with the vexed subject of sex education in the schools from the late 1940s to the early 21st century Using Mary Calderone s life and career as a touchstone it traces the origins of modern sex education in the United States from the work of a group of reformers who coalesced around Calderone to create SIECUS in 1964 through the development and use of the competing approaches known as abstinence based and comprehensive sex education from the 1980s into the 21st century

*Access to History: In search of the American Dream: the USA, c1917-96 for Edexcel* Vivienne Sanders,2018-09-17 Exam Board Edexcel Level AS A level Subject History First teaching September 2015 First exams Summer 2016 AS Summer 2017 A level Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including Edexcel Option 1F In Search of the American Dream the USA c1917 96      Family Values and the Rise of the Christian Right Seth Dowland,2015-12-17 Family Values and the Rise of the Christian Right chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians      *Why Everyone Hates White Liberals (Including White Liberals)* Kevin M. Schultz,2025-05-02 A bracing accessible history of white American liberals and why it s time to change the conversation about them If there s one thing most Americans can agree on it s that everyone hates white liberals Conservatives hate them for being culturally tolerant and threatening to usher in communism Libertarians hate them for believing in the power of the state Socialists hate them for serving as capitalism s beard Even liberals hate liberals either because they can t manage to overcome their own prejudices or precisely because they re so self hating This is the starting point for Kevin M Schultz s lively new history of white liberals in the United States He efficiently lays out the array of objections to liberals ineffective spineless judgmental authoritarian and more in a historical frame that shows how protean the concept has been throughout the past hundred years It turns out he declares that how you define a white liberal is less a reflection of reality and more a Rorschach test revealing your own anxieties Sharply assessing how decades of attacks on liberals and liberalism have

steadily hollowed out the center of American political life Schultz also explains precisely what needs to be done to avoid digging ourselves even further into the hole of polarization The ultimate goal he argues is to achieve political fragmentation that will fuel the rise of a true multiparty system where ideology will matter more not less With a tight command of postwar American history and a spirited voice *Why Everyone Hates White Liberals Including White Liberals* is a must read for anyone wishing to understand and envision a way forward in the complicated landscape of American politics

Thank you very much for reading **Sweetheart Of The Silent Majority**. Maybe you have knowledge that, people have look numerous times for their favorite novels like this Sweetheart Of The Silent Majority, but end up in harmful downloads. Rather than enjoying a good book with a cup of coffee in the afternoon, instead they juggled with some malicious virus inside their computer.
