# Swift Carroll A Psychoanalytic Study

**Lewis Carroll**

### **Swift Carroll A Psychoanalytic Study:**

**Swift and Carroll** Phyllis Greenacre, 1955 This is a psychological study of two men apparently very different in many respects nearly opposites Only Dr Greenacre's deep psychological investigation reveals the intrinsic likeness which exists in all opposites With care and thoroughness she examines the lives and characters of the two authors and relates them to the themes and characters of their writings which have become English classics Gulliver and Alice are immortal and Dr Greenacre also succeeds in offering an explanation of their universal appeal Based on many years of real experience fathoming the unconscious Dr Greenacre applies the pathographic method with tenderness thoroughness caution and a willingness to state possibility rather than to assert downright certainty The fact that both Swift and Carroll were particularly uncommunicative and reticent regarding their personal lives makes this study even more fascinating because Dr Greenacre provides the key which inevitably opens a broad view of the inner workings of the writers' minds From publisher description

**Studies in the Eighteenth Century II** R.F. Brissenden, 1973-12-15 This volume presents an array of studies on many aspects of the eighteenth century on the novel history the history of ideas drama poetry and sentimentality The essays are as diverse as Pope's Essays on Man and the French Enlightenment and Of Silk worms and Farthingales and the Will of God One group is concerned with the works and ideas of Bayle Alexander Gerard Diderot Fuseli Hawkesworth and Swift among others The essays are the work of leading scholars for many disciplines and were presented at the Second David Nichol Smith Seminar together they reflect some of the liveliest and most up to date trends in the present reexamination of the period The book will be invaluable to all students of the literature thought and civilisation of the eighteenth century **Frederick Law**

**Olmsted** Melvin Kalfus, 1991-10 Frederick Law Olmsted is famous for his urban landscape designs Central Park in Manhattan Prospect Park in Brooklyn and Franklin Park in Boston Olmsted devoted much of his later life to this work What was the source of this creative energy and imagination in his fascinating years Melvin Kalfus is the first author to examine Olmsted's troubled sometimes tragic childhood and adolescence in a search for the inner sources of his creative imagination Kalfus argues that Olmsted's distressing early experiences fired his ambition and led him so obsessively to seek the world's esteem through his works Kalfus also looks at Olmsted's varied early career during which he worked as an apprentice merchant a seaman a farmer a manager of a mining plantation in California a journalist and author of three historically important books on slavery and as the General Secretary of the Civil War's Sanitary Commission and enormous project organized to provide medical aid to Union soldiers **The Darkroom** Anne Marsh, 2003 Anne Marsh's treatise on the art of photography traces its theoretical underpinning from the early debates between the rationalists and the fantasists through psychoanalytical interpretations to the theatre of desire She investigates the role of photography in ghostly performances the masking of desire and high camp aesthetics through to performance art and the role of the photographer as a gender

terrorist as in the work of Del LaGrace Volcano The study concludes with notable examples of postmodern photography as

they have occurred in the Australian context This ground breaking work by a leading Monash University academic will interest all students of photography and followers of recent trends in art and art theory *Sexual Personae* Camille Paglia,1991-08-20 The fiery provocative and unparalleled work of feminist art criticism that launched the exceptional career of one of our most important public intellectuals a remarkable book at once outrageous and compelling fanatical and brilliant One must be awed by Paglia s vast energy erudition and wit The Washington Post Is Emily Dickinson the female Sade Is Donatello s David a bit of pedophile pornography What is the secret kinship between Byron and Elvis Presley between Medusa and Madonna How do liberals and feminists as well as conservatives fatally misread human nature This audacious and omnivorously learned work of guerrilla scholarship offers nothing less than a unified field theory of Western culture high and low since Egyptians invented beauty making a persuasive case for all art as a pagan battleground between male and female form and chaos civilization and daemonic nature With 47 photographs The Search for the Self Heinz Kohut,2018-05-08 The re issuing of the four volumes of the author s writings is a major publishing event for psychoanalysts who are interested in both the theoretical and the therapeutic aspects of psychoanalysis These volumes contain the author s pre self psychology essays as well as those he wrote in order to continue to expand on his groundbreaking ideas which he presented in *The Analysis of the Self* *The Restoration of the Self* and in *How Does Analysis Cure* These volumes of *The Search for the Self* permit the reader to understand not only the above three basic texts of psychoanalytic self psychology more profoundly but also to appreciate the author s sustained openness to further changes to dare to present his self psychology as in continued flux influenced by newly emerging empirical data of actual clinical practice The current re issue of the four volumes of *The Search for the Self* would assure that the younger generation of psychoanalysts would be exposed to a clinical theory that could contribute greatly to solving the therapeutic dilemmas facing psychoanalysis today This is Volume one

**The Eighteenth-century British Novel and Its Background** Henry George Hahn,Carl Behm,1985 To find more information about Rowman and Littlefield titles please visit [www.rowmanlittlefield.com](http://www.rowmanlittlefield.com) The Miniaturists Barbara Browning,2022-10-10 In *The Miniaturists* Barbara Browning explores her attraction to tininess and the stories of those who share it Interweaving autobiography with research on unexpected topics and letting her voracious curiosity guide her Browning offers a series of charming short essays that plumb what it means to ponder the minuscule She is as entranced by early twentieth century entomologist William Morton Wheeler who imagined corresponding with termites as she is by Frances Glessner Lee the mother of forensic science who built intricate dollhouses to solve crimes Whether examining *Honey I Shrunk the Kids* the Schoenhut toy piano dynasty portrait miniatures diminutive handwriting or Jonathan Swift s and Lewis Carroll s preoccupation with tiny people Browning shows how a preoccupation with all things tiny can belie an attempt to grasp vast even cosmic realities **Richard Nixon** Vamik D. Volkan,Norman Itzkowitz,Andrew W. Dod,2007-01-22 Despite an abundance of literature on Richard Nixon the man behind the most spectacular crash and burn career of modern political

history has remained an enigma What lay behind his obsessive hunger for power and control his paranoid attacks against enemies real and perceived his refusal to accept defeat Why did a man who had achieved so much feel so unfulfilled even at the height of his power And what drove the president responsible for such triumphs as the opening of relations with China to the depths of the most devastating political scandal in American history Richard Nixon A Psychobiography is the first thoroughgoing psychological portrait of the 37th president drawing upon telling interviews with Nixon intimates published and archived materials while employing a rigorous psychoanalytic methodology Tracing the development of Nixon s complex psyche the authors provide new insight not only into his unconscious motivations but also into the way they influenced his political actions whether shrewd or disastrous The authors explore Nixon s difficult upbringing his mean spirited abusive father and often absent mother episodic physical trauma and mental deprivation the tragic deaths of his two brothers his rejection by the first woman he hoped to marry and the long pursuit of his eventual wife Pat Nixon emerges as a narcissistic man with an extraordinary sense of purpose yet one who suffered from inner conflicts and self destructive tendencies His desire to heal difficult political conflicts and his need to punish himself continually were attempts to reconcile the crippling contradiction between a grandiose self image and an impoverished private sense of worth Projecting his own devalued self image onto others attempting to control and destroy them Nixon surrendered to the excessive suspiciousness that would eventually lead to his downfall Here are the three faces of Nixon s complex psyche the grandiose persona which manifested itself in bold policy moves like The New Federalism and the China initiative the peacemaker whose desire to heal internal conflicts can be seen in the policies of détente and the Southern desegregation strategy and the paranoid degraded self which struck out against those who had humiliated him and was responsible for the bombing of Cambodia and the Watergate break in This probing analysis makes intelligible the moments in Nixon s presidency that have provoked much speculation but few answers from his attempt to talk to Vietnam war protesters during a pre dawn visit to the Lincoln Memorial to his keeping of the White House tapes A more nuanced more humanized Nixon emerges in a book that also provides compelling evidence that the politics of a nation is subject to the unconscious needs fears and fantasies of its leaders     *Psychology and Historical Interpretation* William McKinley Runyan,1988 What kind of psychology should be used in historical interpretation How should it be used and on what range of historical problems These are some of the basic questions addressed by the distinguished contributors     **Psychoanalysis And The Humanities** Laurie Adams,Jacques Szaluta,2013-08-21 First published in 1996 Written by distinguished artists and scholars with psychoanalytic training this seminal collection of essays spans the humanities painting sculpture literature history anthropology and philosophy illustrating how psychoanalytic thinking can power fully enhance these disciplines The essayists address a question first posed by Freud in his 1919 article Should Psychoanalysis Be Taught at the University With a resounding Yes they underline the intellectual enrichment to be gained from the application of the psychoanalytic method to humanistic disciplines and conversely the need for contemporary

psychoanalysts to acquire the kind of historical and classical education taken for granted by their counterparts earlier in this century

**The Annual of Psychoanalysis, V. 29** Jerome A. Winer, James W. Anderson, 2013-05-13 Sigmund Freud and His Impact on the Modern World volume 29 of The Annual of Psychoanalysis is a comprehensive reassessment of the influence of Sigmund Freud. Intended as an unofficial companion volume to the Library of Congress's exhibit Sigmund Freud: Conflict and Culture, it ponders Freud's influence in the context of contemporary scientific, psychotherapeutic, and academic landscapes. Beginning with James Anderson's biographical remarks, which are geared specifically to the objects on display in the Library of Congress exhibit, and Roy Grinker Jr.'s more personal view of Freud, the volume branches out in various directions in an effort to comprehend the multidimensional and multidisciplinary richness of Freud's contribution. In section II we find authoritative summaries of Freud's scientific contributions, of his continuing impact as a thinker, of his notion of symbolization in the context of recent neuroscientific findings, and of his status as a cultural subversive. In section III contributors hone in on more specific aspects of Freud's legacy, such as an experimental method to review how Freud's idea of childhood sexuality has fared, and a look at the women who became analysts in the United States. In the concluding section of the volume, contributors turn to Freud's influence in various humanistic disciplines: literature, drama, religious studies, the human sciences, the visual arts, and cinema. With this scholarly yet highly accessible compilation, the Chicago Institute provides another service to its own community and to the wider reading public. Sure to enhance the experience of all those attending Sigmund Freud: Conflict and Culture, Sigmund Freud and His Impact on the Modern World will appeal to anyone desirous of an up-to-date overview of the man whose work shaped the psychological sensibility of the century just past and promises to reverberate throughout the century just born.

**The Self Psychology of Addiction and its Treatment** Richard B. Ulman, Harry Paul, 2013-04-03 In the time of Freud, the typical psychoanalytic patient was afflicted with neurotic disorders; however, the modern-day psychotherapy patient often suffers instead from a variety of addictive disorders. As the treatment of neurotic disorders based on unconscious conflicts cannot be applied to treatment of addictive disorders, psychoanalysis has been unable to keep pace with the changes in the type of patient seeking help. To address the shift and respond to contemporary patients' needs, Ulman and Paul present a thorough discussion of addiction that studies and analyzes treatment options. Their honest and unique work provides new ideas that will help gain access to the fantasy worlds of addicted patients. The Self Psychology of Addiction and Its Treatment emphasizes clinical approaches in the treatment of challenging narcissistic patients struggling with the five major forms of addiction. Ulman and Paul focus on six specific case studies that are illustrative of the five forms of addiction. They use the representative subjects to develop a self-psychological model that helps to answer the pertinent questions regarding the origins and pathway of addiction. This comprehensive book links addiction and trauma in an original manner that creates a greater understanding of addiction and its foundations than any clinical or theoretical model to date.

*The Alice Books and the Contested Ground of the Natural World* Laura

White,2017-06-26 Though popular opinion would have us see Alice's Adventures in Wonderland and Through the Looking Glass and What Alice Found There as whimsical nonsensical and thoroughly enjoyable stories told mostly for children contemporary research has shown us there is a vastly greater depth to the stories than would be seen at first glance Building on the now popular idea amongst Alice enthusiasts that the Alice books at heart were intended for adults as well as children Laura White takes current research in a new fascinating direction During the Victorian era of the book's original publication ideas about nature and our relation to nature were changing drastically The Alice Books and the Contested Ground of the Natural World argues that Lewis Carroll used the book's charm wit and often puzzling conclusions to counter the emerging tendencies of the time which favored Darwinism and theories of evolution and challenged the then conventional thinking of the relationship between mankind and nature Though a scientist and ardent student of nature himself Carroll used his famously playful language fantastic worlds and brilliant often impossible characters to support more the traditional Christian ideology of the time in which mankind holds absolute sovereignty over animals and nature **A Story of Her Own**

Nancy Kulish,Deanna Holtzman,2008-01-01 A Story of Her Own is a reformulation of the psychoanalytic concept of the female oedipal complex a term that encompasses the triangular development phase and the important conflicts and experiences in girls and women Inspired by the mythic role in human experience and in the unique aspects of femininity Nancy Kulish and Deanna Holtzman formulate a new name The Persephone Complex for this concept They integrate traditional psychoanalytic theory contemporary theories and data about female development and psychology and clinical experience with female patients into a comprehensive theory that is not based on male models With accumulated knowledge from their clinical work they present new psychoanalytic and therapeutic perspectives on the experience of girls and women attempting to uncover a sense of agency in their lives They touch upon the unique ways women cope with their sexuality and feelings about their bodies with feelings of anger competition and jealousy and with their ever evolving relationships with their mothers fathers peers and lovers **Alice's Adventures in Wonderland - Second Edition**

Lewis Carroll,2011-03-23 First published in 1865 Alice's Adventures in Wonderland began as a story told to Alice Liddell and her two sisters on a boating trip in July 1862 The novel follows Alice down a rabbit hole and into a world of strange and wonderful characters who constantly turn everything upside down with their mind boggling logic word play and fantastic parodies Like the first this second edition includes Carroll's earlier story Alice's Adventures Under Ground which allows readers to trace the revisions and to compare Carroll's own illustrations in the original with the famous John Tenniel illustrations for Alice's Adventures in Wonderland This edition also includes new appendix material George MacDonald writing on the fantastic the eighteenth century children's story Goody Two Shoes a section on film and television adaptations of Alice and new illustrations *The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800*

George Watson,Ian R. Willison,1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature

The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

**The Cambridge Companion to Literature and Psychoanalysis** Vera J. Camden, 2021-12-16 The Cambridge Companion to Literature and Psychoanalysis explains the link between literature and psychoanalysis for students critics and teachers It offers a twenty first century resource for defining and analyzing the psychoanalytic dimensions of human creativity in contemporary society Essays provide critical perspectives on selected canonical authors such as William Shakespeare Jane Austen Virginia Woolf Toni Morrison and James Baldwin It also offers analysis of contemporary literature of social sexual and political turmoil as well as newer forms such as film graphic narrative and autofiction Divided into five sections each offering the reader different subject areas to explore this volume shows how psychoanalytic approaches to literature can provide valuable methods of interpretation It will be a key resource for students teachers and researchers in the field of literature and psychoanalysis as well as literary theory

**Freud on Sublimation** Volney Patrick Gay, 1992-01-01 This book is the only full length treatment of the relationship between aesthetic truths and psychoanalytic discoveries of art artists and a new concept of sublimation It provides a radical and unique study of the concept of sublimation and proposes a modest replacement for it In the first third of the book the author reviews critically the psychoanalytic sources of the concept of sublimation In the second third he shows how the concept developed from Freud s nineteenth century notions of perception In the last third he revises a concept of sublimation using a contemporary theory of perception In the final chapter he examines four works of literature short stories of John Cheever a Japanese novel portions of Hamlet and sublimation and perversion in Orson Welles Citizen Kane

**Encyclopedia of the Novel** Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world Entries on individual writers assess the place of that writer within the development of the novel form explaining why and in exactly what ways that writer is important Similarly an entry on an individual novel discusses the importance of that novel not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre A wide range of topic entries explore the history criticism theory production dissemination and reception of the novel A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world
