Swinburnes Medievalism A Study In Victorian Love Poetry:

Swinburne's Medievalism Antony H. Harrison, 1988-01 **The Oxford Handbook of Victorian Medievalism** Joanne Parker, Corinna Wagner, 2020-09-15

In 1859 the historian Lord John Acton asserted two great principles divide the world and contend for the mastery antiquity and the middle ages The influence on Victorian culture of the Middle Ages broadly understood then as the centuries between the Roman Empire and the Renaissance was both pervasive and multi faceted This medievalism led for instance to the rituals and ornament of the Medieval Catholic church being reintroduced to Anglicanism It led to the Saxon Witan being celebrated as a prototypical representative parliament It resulted in Viking raiders being acclaimed as the forefathers of the British navy And it encouraged innumerable nineteenth century men to cultivate the superlative beards we now think of as typically Victorian in an attempt to emulate their Anglo Saxon forefathers Different facets of medieval life and different periods before the Renaissance were utilized in nineteenth century Britain for divergent political and cultural agendas Medievalism also became a dominant mode in Victorian art and architecture with 75 per cent of churches in England built on a Gothic rather than a classical model And it was pervasive in a wide variety of literary forms from translated sagas to pseudo medieval devotional verse to triple decker novels Medievalism even transformed nineteenth century domesticity while only a minority added moats and portcullises to their homes the medieval style textiles produced by Morris and Co decorated many affluent drawing rooms The Oxford Handbook of Victorian Medievalism is the first work to examine in full the fascinating phenomenon of medievalism in Victorian Britain Covering art architecture religion literature politics music and social reform the Handbook also surveys earlier forms of antiquarianism that established the groundwork for Victorian movements In addition this collection addresses the international context by mapping the spread of medievalism across Europe South America and India amongst other places *A Companion to Victorian Poetry* Ciaran Cronin, 2008-04-15

This Companion brings together specially commissioned essays by distinguished international scholars that reflect both the diversity of Victorian poetry and the variety of critical approaches that illuminate it Approaches Victorian poetry by way of genre production and cultural context rather than through individual poets or poems Demonstrates how a particular poet or poem emerges from a number of overlapping cultural contexts Explores the relationships between work by different poets Recalls attention to a considerable body of poetry that has fallen into neglect Essays are informed by recent developments in textual and cultural theory Considers Victorian women poets in every chapter *The Cambridge Companion to Victorian Poetry* Joseph Bristow, 2000-10-26

This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been

acknowledged by modern scholars Revealing the breadth of the Victorians experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading **Victorian Poetry** Isobel Armstrong,2019-01-30 In Victorian Poetry Poetry Poetics and Politics Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike *Arthur O'Shaughnessy, A Pre-Raphaelite Poet in the British Museum* Jordan Kistler,2016-02-26 Arthur O Shaughnessy s career as a natural historian in the British Museum and his consequent preoccupation with the role of work in his life provides the context with which to reexamine his contributions to Victorian poetry O Shaughnessy s engagement with aestheticism socialism and Darwinian theory can be traced to his career as a Junior Assistant at the British Museum and his perception of the burden of having to earn a living outside of art Making use of extensive archival research Jordan Kistler demonstrates that far from being merely a minor poet O Shaughnessy was at the forefront of later Victorian avant garde poetry Her analyses of published and unpublished writings including correspondence poetic manuscripts and scientific notebooks demonstrate O Shaughnessy s importance to the cultural milieu of the 1870s particularly his contributions to English aestheticism his role in the importation of decadence from France and his unique position within contemporary debates on science and literature **Algernon Swinburne and Walter Pater** Sarah Glendon Lyons,2017-07-05 How did literary aestheticism emerge in Victorian Britain with its competing models of religious doubt and visions of secularisation For Lyons the aestheticism developed and progressively revised by Algernon Charles Swinburne 1837 1909 and Walter Pater 1839 1894 illuminates the contradictory impulses of modern secularism on the one hand a desire to cast itself as a form of neutrality or disinterestedness on the other a desire to affirm this world as the place of human flourishing or even enchantment The standard narrative of a crisis of faith does not do justice to the fissured uncertain quality of Victorian visions of secularisation Precisely because it had the status of a confusing hypothesis rather than a self evident reality it provoked not only dread and melancholia but also forms of fantasy Within this context Lyons gives a fundamentally new account of the aims and nature of Victorian aestheticism taking as a focus its deceptively simple claim that art is for art s sake first of all *Tristan and Isolde* Joan Tasker Grimbert,2013-08-21 First Published in 2002 **Victorian Women Poets** Tess Cosslett,2017-07-05 Tess Cosslett charts the rediscovery of Victorian women poets including Emily Brontes Elizabeth Barrett Browning and Christina Rossetti by female critics *Edith Wharton and the*

Visual Arts Emily J. Orlando, 2007 This work explores Edith Wharton's career long concern with a 19th century visual culture that limited female artistic agency and expression Wharton repeatedly invoked the visual arts as a medium for revealing the ways that women's bodies have been represented as passive sexualized infantilized sickly dead Well versed in the Italian masters Wharton made special use of the art of the Pre Raphaelite Brotherhood particularly its penchant for producing not portraits of individual women but instead icons onto whose bodies male desire is superimposed **Epic** Herbert F. Tucker, 2012-11-29 Literary history has conventionally viewed Milton as the last real practitioner of the epic in English verse Herbert Tucker's spirited book shows that the British tradition of epic poetry was unbroken from the French Revolution to World War I *Medievalism and Orientalism* J. Ganim, 2016-04-30 This unique study traces fundamental parallels between medieval European and Middle Eastern cultures By examining sources in cultural history literature and architecture this book reveals mutual influences evident in the development of the current conception of the Middle Ages **Victorian Poetry and the Poetics of the Literary Periodical** Caley Ehnes, 2018-11-23 Reads Victorian literature and science as artful practices that surpass the theories and discourses supposed to contain them **Algernon Charles Swinburne** Catherine Maxwell, Stefano Evangelista, 2017-10-03 Algernon Charles Swinburne 1837 1909 dramatist novelist and critic was late Victorian England's unofficial Poet Laureate Swinburne was admired by his contemporaries for his technical brilliance his facility with classical and medieval forms and his courage in expressing his sensual erotic imagination He was one of the most important Victorian poets the founding figure for British aestheticism and the dominant influence for fin de siècle and many modernist poets This collection of eleven new essays by leading international scholars offers a thorough revaluation of this fascinating and complex figure It situates him in the light of current critical work on cosmopolitanism politics form Victorian Hellenism gender and sexuality the arts and aestheticism and its contested relation to literary modernism The essays in this collection reassess Swinburne's work and reconstruct his vital and often provocative contribution to the Victorian cultural debate **The Achievement of Christina Rossetti** David A. Kent, 2019-05-15 Bringing to bear a variety of perspectives on the poetry prose and letters of a writer whose work is just now beginning to emerge from critical neglect this collection edited by David A Kent should play an important role in the re evaluation of Christina Rossetti It consists of fifteen essays by gifted Victorian scholars who represent a wide range of methodologies and critical concerns and it offers alternatives to the autobiographical approach that has limited appreciation of Rossetti the writer *Swinburne and His Gods* Margot Kathleen Louis, 1990 In this richly detailed study Margot Louis combines close readings of Swinburne's poetry with a wide ranging analysis of the pressures which influenced the poet Louis not only examines the ways in which Swinburne was affected by English and French Romantics but comments on the powerful impact on his writing of a childhood steeped in high church theology Swinburne's ideas of alternative concepts of deity are discussed within the context of nineteenth century radical free thought Louis reflects on the depth and diversity of Swinburne's intellectual interests and

their effect on the development of his poetic style **Parting Words** Justin A. Sider, 2018-11-29 Valedictory addresses offer a way to conceptualize the relation of self to others private to public ephemeral to eternal Whether deathbed pronouncements political capitulations or seafaring farewells parting words played a crucial role in the social imagination of Victorian writing In this compelling new book Justin Sider traces these public addresses across a wide range of works from poems by Byron Tennyson and Browning to essays by Twain and Wilde to novels by Dickens and Eliot Ironically while the Victorian era saw the loss of faith in a unitary national public it asked poetry to address just such a public Attending to the form rather than the discursive content of poets engagement with public culture Parting Words explains how the valedictory allowed Victorian poets to explore the ways their poems might be received by distant and anonymous readers in an emergent mass culture Using a wide array of materials such as letters and reviews to describe the rapidly changing print culture in which poets were intervening Sider shows how the growing diversification and destabilization of the Victorian reading public was countered by the demand for a public poetry Characteristically the speakers of Tennyson's Ulysses and Matthew Arnold's Empedocles on Etna imagine their farewells as simultaneous entrances into a public space where they and their readers however distant might yet meet This new consciousness anticipated modernist poetry which in turn used the valedictory to underscore the futility and alienation of such hopes **Surface Tension** Julie Carr, 2013-04-23 Taking Dante Gabriel Rossetti William Morris and Gerard Manley Hopkins as its primary subjects Surface Tension reveals how these later Victorian poets repeatedly imagine the aesthetic moment charged variegated intensely focused as capable of birthing a new and newly redemptive culture Turning to contemporary experimental poets and theorists of poetry such as Andrew Joron Lisa Robertson Christopher Nealon and Joan Retallack it goes on to reveal how our own poetry's fascination with complex surfaces and imagined social transformation has deep and under recognized ties to Victorian concepts Surface Tension offers new insights into the debt we owe to the most radical of the Victorians while yielding new understandings of how late Victorian poetry even when least explicitly political engages and often re envisions the period's pressing anxieties about social progress decadence and revolution

The House of Fiction as the House of Life Francesca Saggini, Anna Enrichetta Soccio, 2020-05-15 In recent years the interest in the house has grown irresistibly to the point that in many ways houses seem to be situated at the very core of the creative artistic and cultural domains of contemporaneity Their presence sprawls across the media from magazines to TV programmes and across the globe possibly because as repositories of the human houses have a long standing and profound connection not only with men and women but at a deeper level with the ways of representing man's world across its declinations of gender class and race Houses the perennial ubiquitous and silent background to our daily lives could many a tale unfold the tales of their inhabitants and in their relationships with others of the times they lived in of their configurations of the world as well as the visions and nightmares of the artists who created them This collection offers a comprehensive and transdisciplinary look at the paper houses of English Literature in the

eighteenth and nineteenth century Among the configurations addressed the authors investigate the domestic spatialization of authority gendered houses narratives of household construction and deconstruction exotic mansions fin de siècle habitats haunted edifices and houses in detective and Gothic fiction *A Companion to Gottfried Von Strassburg's "Tristan"* Will Hasty, 2003 The legend of Tristan and Isolde the archetypal narrative about the turbulent effects of all consuming passionate love achieved its most complete and profound rendering in the German poet Gottfried von Strassburg's verse romance Tristan ca 1200 1210 Along with his great literary rival Wolfram von Eschenbach and his versatile predecessor Hartmann von Aue Gottfried is considered one of three greatest poets produced by medieval Germany and over the centuries his Tristan has lost none of its ability to attract with the beauty of its poetry and to challenge if not provoke with its sympathetic depiction of adulterous love The essays written by a dozen leading Gottfried specialists in Europe and North America provide definitive treatments of significant aspects of this most important and challenging high medieval version of the Tristan legend They examine aspects of Gottfried's unparalleled narrative artistry the important connections between Gottfried's Tristan and the socio cultural situation in which it was composed and the reception of Gottfried's challenging romance both by later poets in the Middle Ages and by nineteenth and twentieth century authors composers and artists particularly Richard Wagner The volume also contains new interpretations of significant figures episodes and elements Riwalin and Blanscheflur Isolde of the White Hands the Love Potion the performance of love the female figures in Gottfried's revolutionary romance which provocatively elevates a sexual human love to a summum bonum Will Hasty is Professor of German at the University of Florida He is the editor of *Companion to Wolfram's Parzival* Camden House 1999
