*Swirled Harvest* Andy Thomas, Sir Laurence Gardner, 2003      **The Truth Agenda** Andy Thomas, 2014-12-10 The Truth Agenda explores some of the most famous unexplained mysteries and global cover ups of recent history What is the truth about UFOs pyramids religious apparitions psychic phenomena visions of the future and ancient prophecies and what is their connection to famous conspiracy theories concerning the Moon landings 9 11 the New World Order and claims that the planet is secretly run by a powerful ruling elite Leading mysteries researcher Andy Thomas pulls the many threads together in an accessible stimulating and credible overview which suggests that our world may be very different from the picture presented by the establishment The Truth Agenda shows how we can avoid control manipulations and help to create a more positive future Why do so many people believe in conspiracy theories and what is the evidence to support them What is the basis for the wide belief that we are now in a New Era of massive change and consciousness shift Why is there such huge but officially undeclared interest in paranormal phenomena from authorities and religions How does all this tie together and explain the agendas of control and surveillance in the West and what can we do      **The New Heretics** Andy

Thomas, 2021-12-14 This is the most balanced and well reasoned investigation available into why people believe today's highly divisive conspiracy theories from COVID and QAnon to 5G scares fake news and more Through their part in some huge controversies conspiracy theorists are being branded the Number One Enemies of our times the new heretics They are seen to threaten the very fabric of modern society spreading doubts and fears that result in Washington Capitol invasions transmission mast burnings or the spread of anti vaxx material Yet the theorists prefer to call themselves truth seekers and see the mainstream establishment as the real disruptor treating its increasingly harsh censorship as direct validation of their views In truth the new heretics whose numbers are swelling are symptoms of a wider polarization splitting apart much of the world in ideological divisions Many have lost trust in politicians and the media while nuanced debate is crushed and information overload and manipulation breeds uncertainty civil unrest and mental health issues How does the age old strategy of divide and rule play out in such an environment Using his extensive experience of negotiating disputes between cynics and truth seekers Andy Thomas explores the proliferation of conspiracy thinking peeling back unhelpful layers of biased thinking on all sides to find more insightful ways to bridge the polarised divides and create a better way forward

**Strange** Andy Thomas, 2025-07-08 Every day very ordinary people are having extraordinarily strange experiences In one of the most insightful investigations ever published using the most up to date evidence and refreshingly open minded approaches Strange reveals previously unrecorded true life tales like these MEETINGS WITH GHOSTS A new husband haunted by his predecessor a woman receiving a visit from her friend not knowing the friend is now dead a child's face peering out from a sofa ENCOUNTERS WITH UFOS Police pursuing balls of light in a car chase across country roads Nuclear power station workers watching craft arise from beneath the sea A couple called into their garden to witness an uncanny display PSYCHIC EXPERIENCES A soldier whose out of body experience enables him to be retrieved alive from battlefield carnage A psychic experiment so intense that a glass smashes against a wall A military officer whose premonition saves his colleagues from being caught in an invasion BIZARRE HAPPENINGS A woman whose car is unexpectedly flown into the sky by an invisible force Crop circles that materialise unseen just metres away from bystanders A timeslip that sends a delivery truck back into the early 1900s Sceptics dismiss all such encounters but what if they are wrong What unconventional causes could be behind such astounding experiences and what are the huge implications Will new AI enhanced revelations turn humanity's entire understanding of reality upside down Strange demonstrates that it is time to take an important new look at anomalous phenomena

Orbs and Beyond John Pickering, Katie Hall, 2015-03-27 This the second book in the Beyond Trilogy expands on John and Katie's experiences and photographs of the orb phenomena covered in their first book It reveals astounding new photographs and opens up exciting new questions about the whole nature of paranormal phenomena in general John and Katie's photographs of orbs angels and other apparitions have brought them into worldwide contact with other experiencers and researchers it is from this basis that they now take a major step beyond the visible photographable phenomena and current New Age notions about orbs to reveal new insights about the paranormal Could it be that orbs are the indicators of a wider beyond reality Is the symbology of orbs as images of oneness drawing our attention to the most important orb of all the orb of Earth on which we all live Their ongoing photographs personal experiences and the amazing synchronistic events they found themselves part of reveal a conscious purposeful phenomena that can interact with us as individuals whoever and wherever we are This inevitably leads to a spiritual perspective that crosses all religious and cultural boundaries helping us to see that this one blue orb of Earth on which we all live is greater than all that divides us
