With the release of hundreds of damaging documents a dark side of Switzerland s democracy has been unveiled Switzerland is now seen as a nation of greedy bankers collaborators with the Nazis and robbers of the wealth of the victims of the Holocaust *Swiss Banks and Jewish Souls* is a powerfully enlightening account of how a small and determined group of people from divergent backgrounds humbled the legendary Swiss financial empire to achieve a measure of justice for Holocaust survivors and their heirs while shattering the myth of Swiss wartime neutrality Rickman tells how a small group of people none of them professional historians pieced together a puzzle of unknown proportions and proceeded to dismantle the myth of Swiss innocence and victimization at the hands of the Nazis and expose a fifty year cover up Untold numbers of European Jews and others placed their funds in Swiss banks because they believed they offered a safe haven for funds which the Nazis were trying to control What better place to put their money than in Switzerland *Swiss Banks and Jewish Souls* discusses how investigative groups proved that Switzerland stole the money of the Jews and helped the Nazis to do the same No one began with evidence and no one had a source of knowledge upon which to fall back All they shared was a feeling that something was terribly wrong and that a great injustice had occurred Propelled by this instinct a U S Senator the World Jewish Congress a British Parliamentarian the U S Holocaust Memorial Museum and a handful of Holocaust survivors accomplished what the U S British and French governments and a group of feuding Jewish organizations could not or would not do As a result of this effort how the world views Switzerland and how Switzerland views itself has been redefined Most importantly those who survived the Nazi horrors only to be victimized again by the Swiss bankers have now achieved some measure of justice or at least financial compensation after more than fifty years      *Swiss Banks and Jewish Souls* Gregg Rickman,2017

Provided by publisher      **The Bank for International Settlements** James C. Baker,2002-03-30 In a world of increasing cross border financial transactions The Bank for International Settlements stands out as the oldest existing international financial institution and among the most controversial For many it is a mystery What does it actually do For others it poses an ethical dilemma What DID it do to aid the Nazis during World War II Baker examines the history administration evolution and operations of this reclusive institution He discusses the work of its permanent committees such as the Basle Concordats of 1975 and 1983 and the Basle Capital Accords of 1988 and 2001 Among other products and services he notes The BIS s studies of the use of derivatives by banks its analysis of payment and settlement systems worldwide and its supervision of the insurance and investment banking businesses Then in a cool and balanced appraisal he looks at the Bank s operations during

World War II its relationship with the Nazis in their gold and foreign exchange transactions Throughout he underlines the importance of The BIS and its value in maintaining stability of the international monetary system The result is a major academic study a work of special interest to scholars teachers and students and an important readable engrossing account for finance and investment professionals as well

**The Holocaust Industry** Norman G. Finkelstein, 2024-05-14 A scathing argument against those who exploit the Holocaust for personal and political gain by a major figure at the center of the Israel Palestine debate The most controversial book of the year Guardian This iconoclastic study was one of the most widely debated books of 2000 Finkelstein indicts with both vigor and honesty those who exploit the tragedy of the Holocaust for their own personal political and financial gain This new edition includes updated material discussing the initial reception to the book s publication In an iconoclastic and controversial new study Norman G Finkelstein moves from an interrogation of the place the Holocaust has come to occupy in American culture to a disturbing examination of recent Holocaust compensation agreements It was not until the Arab Israeli War of 1967 when Israel s evident strength brought it into line with US foreign policy that memory of the Holocaust began to acquire the exceptional prominence it enjoys today Leaders of America s Jewish community were delighted that Israel was now deemed a major strategic asset and Finkelstein contends exploited the Holocaust to enhance this newfound status Their subsequent interpretations of the tragedy are often at variance with actual historical events and are employed to deflect any criticism of Israel and its supporters Recalling Holocaust fraudsters such as Jerzy Kosinski and Binjamin Wilkomirski as well as the demagogic constructions of writers like Daniel Goldhagen Finkelstein contends that the main danger posed to the memory of Nazism s victims comes not from the distortions of Holocaust deniers but from prominent self proclaimed guardians of Holocaust memory Drawing on a wealth of untapped sources he exposes the double shakedown of European countries as well as legitimate Jewish claimants and concludes that the Holocaust industry has become an outright extortion racket Thoroughly researched and closely argued The Holocaust Industry is all the more disturbing and powerful because the issues it deals with are so rarely discussed

**A Perfect Injustice** Yair Auron, 2017-09-08 Except for a short period after the end of the First World War and the ensuing armistice Turkey has consistently denied that it ever employed a policy of intentional destruction of Armenians Th e 1913 1914 census put the number of Armenians living in Turkey at close to two million Today only a few thousand Armenians remain in the city Istanbul and none elsewhere in Turkey Armenian sites in Turkey including churches have been neglected desecrated looted destroyed or requisitioned for other uses while Armenian place names have been erased or changed As with the Jewish Holocaust Armenian properties that were seized or stolen have not been restored Sixty and ninety years after these terrible events Jewish and Armenian victims and their heirs continue to struggle to get their properties back Th ere has been only partial restitution in the Jewish case and virtually no restitution at all in the Armenian case No adequate reparation for the deeds committed against the Armenians can ever be made But resolving claims with respect to stolen property is a

symbolic gesture toward victims and their heirs This is unfinished business for Jewish heirs and survivor of the Holocaust as it is for Armenians A Perfect Injustice is an essential contribution to understanding why the issue of stolen Armenian wealth remains unresolved after all these years a topic addressed for the first time in this volume Meltdown Duncan Mavin,2025-03-04 The incredible story of a once venerable Swiss bank that produced a litany of financial scandals and whose collapse reveals the amorality at the heart of the global banking system Credit Suisse was a 166 year old bastion of global banking But a veneer of high class service disguised a darker much dirtier reality From its sterile Zurich headquarters Credit Suisse banked dictators and drug dealers hid stolen Nazi gold and helped corrupt bankers fleece the firm's own clients of billions of dollars Its top executives oversaw a global operation that laundered money for autocrats they hired spies to track one another through the cobbled streets of the Swiss financial capital and they helped clients hide their money from the world's tax authorities This is the story of a tawdry total meltdown of one of the biggest most influential and most scandal ridden banks on the planet Duncan Mavin is uniquely sourced to tell the story of Credit Suisse's scandal ridden demise with dozens of inside the room contacts that spill exclusive details about the bank onto these pages The bank's collapse in March of last year was the biggest shock to the financial system since the Financial Crisis of 2008 and sparked a media frenzy But only Duncan has had access to key sources within the bank's executive suite including former CEOs and the inner circle that brings this critical rollicking story to life Meltdown will appeal to the global audience of readers fascinated by the corruption that permeates international finance and who wish to understand the role of money and those who shuffle it around the world in manipulating the world order in their own interests It is an international tale that takes us from Mozambique to Australia from Hong Kong to New York and inside the hushed marble corridors of Zurich's banking elite Conquest and Redemption Gregg Rickman,2017-07-05 In Conquest and Redemption Gregg J Rickman explains how the Nazis stole the possessions of their Jewish victims and obtained the cooperation of institutions across Europe in these crimes of convenience He also describes how those institutions are being brought to justice sixty years later for their retention of their ill gotten gains Rickman not only explains how the robbery was accomplished tracked stalled and then finally reversed but also clearly shows the ways in which robbery was inextricably connected to the murder of the Jews The Nazis took everything from Jews their families their possessions and even their names As with the murder of Jews the Nazis robbery was an organized institutionalized effort Jews were isolated robbed and left homeless regarded as parasites in the Nazis eyes and thus fair game In short the organized robbery of the Jews facilitated their slaughter How did the German people come to believe that it was permissible to isolate outlaw rob and murder Jews A partial explanation can be found in the Nazis creation of a virtual religion of German nationalism and homogeneity that delegitimized Jews as a people and as individuals This belief system was expressed through a complex structure of religious rules practices and institutions While Nazi ideology was the guiding principle how that ideology was formed and how it was applied is important to understand if one is to fully grasp the

Holocaust Rickman painstakingly describes the structural composition and motivation for the plundering of Jewish assets The Holocaust will always remain a memory of unequalled pain and suffering but as Rickman shows the return of stolen goods to their survivors is a partial victory for the long aggrieved Conquest and Redemption will be of interest to students and scholars in the history of the Holocaust and its aftermath

**Holocaust Justice** Michael J. Bazylar, 2005-04 The unique features of the American system of justice which allowed it to handle claims that originated over fifty years ago and in another part of the world made it the only forum in the world where Holocaust claims could be heard Without the lawsuits brought by American lawyers Bazylar asserts the claims of the elderly survivors and their heirs would continue to be ignored
