Sword Of Nemesis:

Strolling in the Ruins Faith Smith, 2023-02-20 In *Strolling in the Ruins* Faith Smith engages with a period in the history of the Anglophone Caribbean often overlooked as nondescript quiet and embarrassingly pro imperial within the larger narrative of Jamaican and Trinidadian nationalism Between the 1865 Morant Bay Rebellion and World War I British imperialism was taken for granted among both elites and ordinary people while nationalist discourses would not begin to shape political imagination in the West Indies for decades Smith argues that this moment far from being uneventful disrupts the inevitability of nationhood in the mid twentieth century and anticipates the Caribbean s present day relationship to global power Smith assembles and analyzes a diverse set of texts from Carnival songs poems and novels to newspapers photographs and gardens to examine theoretical and literary historiographic questions concerning time and temporality empire and diaspora immigration and indigeneity gender and the politics of desire Africa s place within Caribbeanist discourse and the idea of the Caribbean itself Closely examining these cultural expressions of apparent quiescence Smith locates the quiet violence of colonial rule and the insistence of colonial subjects on making meaningful lives **The Trigger** Amanjit S. Babra, 2013-03-11 Deep within the tumultuous kingdom of Soneek a young blacksmith named Trigger makes a living off his God given talent to create incredibly powerful swords Despite his occupation Trigger is constantly annoyed that the code of his warrior driven world causes needless death for the sake of useless ideals such as honour and destiny But his careless attitude for his own future is changed as Trigger discovers that his life has already been placed within a twisted history of fate ready to repeat itself When a cloaked intruder suddenly runs through his shop one day Trigger is led into interesting encounters with a mysterious young lady that he soon finds himself filled with desire for He later discovers she is Iflana Corlusia daughter of the darkest force on the planet His attempts to be with Iflana despite her aristocratic class only lead him to imprisonment where his lust for her grows as rapidly as his hatred for the world around him But when Iflana begs for Triggers help to escape from her own world he is unwittingly propelled into a fierce life and death clash driven by nothing else than his overwhelming desire for her *The Trigger* is an intriguing fantasy story of a mans journey through insanity as he battles against becoming the one thing he hates most a murderous warrior **The Sword of Nemesis** Robert Archer Tracy, 1919 [Opening Gambit](#) Sagus Divus, **The Dark Legend of the Foreigner II** Frank Destefano, 2017-03-30

corpus Locrine Selimus George a Greene and A Knack to Know a Knave The book defines the ranges for Greene s stylistic habits for the very first time and proceeds to identify parallels of thought language and overall dramaturgy that reveal a single author s creative consciousness This volume also casts light on Greene as a more collaborative dramatist than has hitherto been acknowledged Through emphasizing the immediate surroundings in which Greene was writing the flourishing of popular theatres in two compact areas of London in which each theatre company and their dra matists kept a close eye on what their competitors were producing Greene emerges as an influential playwright whose restored oeuvre enables us to establish new ways in which his dramatic methods impacted other writers of the period including Shakespeare *King of Cavanon* Edward Baker,2006-06 Adon the King of Cavanon struggled to defend his kingdom against the merciless Federoth and his alien forces But after the destruction of the planet Muidiri Federoth thought the Cavanonian King and Othragon the Dominion ruler was dead This was far from the truth So Adon returns to his decimated homeland of Cavanon with a plan to restore his dying race and rid the galaxy of the Dominion forces A secreted race of winged warriors visits the King and brings news of a prophecy that is yet to be fulfilled However Nosr vis Federoth s evil creation discovers a prophecy of the opposite nature He then realizes who he really is and his true destiny but he also discovers that he needs the crown of Cavanon Federoth scours the galaxy searching for the one true source of all Cavanonian power the Sword of Fire but there are others who seek the crown as well While Adon is busy reconstituting his forces he stumbles upon some unlikely souls that will aid in his quest Good and Evil will come face to face in the battle that will ultimately decide the fate of the galaxy **Reaper** Brandon Lee Hagen,2019-01-26 A hero is born and discovers his talent and passion for protecting the people around him His point of view becomes skewed by his trials and experiences until he is forced to question which people are really worth saving The line between good and evil is blurred as a dark force builds within him The definition of what s worth fighting for transitions to what s worth leaving behind and in turn what The Reaper is burdened with removing from this world **Dark Religion** Vladislav Šolc ,George J. Didier,2018-12-01 Jungian analysts Vlado Solc and George J Didier set out to explore the psychological dynamics and causes of religious fundamentalism and fanaticism The book offers an in depth psychological analysis of what happens when a person becomes possessed by the unconscious energies of the Self Dark Religion also reveals that spirituality is an inherent dimension of human life and one of its most essential needs It only becomes dark when it denies ignores or separates itself from its vital roots The authors coin the term dark religion to describe all forms of fanatical radical and extreme religions Their study shows how dark religion leads to profound conflicts on both the personal and cultural level including terrorism and wars surveys the vast contemporary cultural and religious landscapes All the while discovering the emergent forms of spiritual praxis in light of postmodernism and the rise of fundamentalism in the new millennium **From Hitler's Germany to Saddam's Iraq** Scott A. Silverstone,2018-12-14 This book boldly challenges conventional wisdom about the value of preventive war Beginning with the rise of German power and the French and British

response to the Rhineland crisis leading to World War II Scott Silverstone overturns the common impulse to point an accusing finger at British leadership for its alleged naïveté willful blindness or outright cowardice Arguing against the belief that Britain could have contained Germany and avoided war if it had used force when Hitler remilitarized the Rhineland the author uses this dramatic event to wrestle with a general strategic problem that has broad relevance for our current foreign policy dilemmas Silverstone argues that the Rhineland crisis is a critical case for studying a central dynamic of world history power shifts among states and the preventive war temptation that power shifts frequently produce There has been surging interest in the idea of preventive war an interest stimulated by the Bush administration's articulation of the preemption doctrine in 2002 and the disastrous invasion of Iraq in 2003 and by frustration over the difficulty of preventing the proliferation of nuclear weapons by such states as North Korea and Iran Clarifying the way we think about preventive war the author analyzes the enduring strategic flaws in preventive war that must inform how political leaders and the public think about this option as a means of dealing with shifting threats in the modern world Offering a radically conservative argument for when to wage war this persuasive book will be essential reading for policy makers and concerned citizens alike **The**
