to the moment of decision when Plath finally gassed herself This work would best be read by people with some background in the works of Freud and Jung However it is not a treatise on psychoanalysis It is an attempt to apply some of the tools developed by the great psychoanalysts to a great poet s writings in the hope of understanding things better Ms Shah is acutely aware that a lot has been left unsaid so she has confined her vision to just one small area of Sylvia Plath s poetic output
