then compiled to create this incredible collection along with many of Sylvia's and the Woods family's own recipes. Here are the kinds of recipes you'd find if you visited the Woods family's home. Sylvia's daughter Bedelia is well known for her Barbecued Beef Short Ribs which are as sassy and spicy as Bedelia herself. Kenneth, Sylvia's youngest son, has loved to fish ever since he was a child spending his summers by the fishing hole in Hemingway. Now Kenneth's son DeSean enjoys fishing too. Kenneth's Honey Lemon Tilefish, DeSean's favorite, is just one of Kenneth's special recipes presented here. And there are many many other wonderful dishes too. In this remarkable cookbook, Sylvia has gathered more than 125 soul food classics including mouthwatering recipes for okra, collard greens, Southern style pound cakes, hearty meat and seafood stews and casseroles, salads, mashed potatoes, macaroni and cheese, and more. These recipes are straight from the heart of the Woods community of family and friends. Now Sylvia gives them to you to share with your loved ones. Bring them into your home and experience a little bit of Hemingway's soul.

Significant Food Jeff Birkenstein, Robert C. Hauhart, 2024. Significant Food is a collaborative work of textual analysis and criticism that chews on the role and prominence of food in American literature. The volume offers close readings of many well known and some less well known examples of American writing as studied through the food culture sensibilities of a well stocked cupboard of contributors who offer their analyses for public consumption. Editors Jeff Birkenstein and Robert C. Hauhart find that literary criticism has focused on the role food plays in literary production to a greater extent than recognized at first glance and that its role has become increasingly common only in the last two decades. Still, while there is critical commentary regarding authors' use of food across the expanse of American literature, there has been a lack of a unifying critical theories to guide these analyses. Birkenstein and Hauhart offer the theory of significant food, a method that asks literary critics to evaluate and assess the extent, nature, and role that food plays in literary production. When food and food moments are used intensively and significantly within the drama, memoir, poem, novel, short story, or other writing, then one can say that it has achieved a status that makes it indispensable to the work at hand.
