The Pushcart Prize winning author's multi-generational memoir interweaves stories across more than a century in a loving reminder of the ties that bind. Lee Martin From Our House and Turning Bones Are we responsible for and to those forces that have formed us, our families, friends, and communities? Where do we leave off and others begin? In *The Tribal Knot*, award-winning poet and author Rebecca McClanahan mines her personal family history to explore provocative questions about legacy, identity, and familial connection. Poring over letters, artifacts, and documents that span more than a century, McClanahan discovers a tribe of hardscrabble Midwest farmers, hunters, trappers, and laborers struggling to hold tight to the ties that bind them through poverty, war, political upheavals, illness, and accident, filicide, and suicide, economic depressions, personal crises, and global disasters. Like the practitioners of Victorian hair art who wove strands of family members' hair into a single design, McClanahan braids her ancestors' stories into a single, intimate narrative of her search to understand herself and her place in the family's complex past.
