**Symbolists and Decadents** John Christian, 1977      **Symbolists and Decadents**, 1985      *Symbolists and Decadents* John Milner, 1971      **Julio Herrera y Reissig and the Symbolists** Bernard Gicovate, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1957      **Decadents, Symbolists, & Aesthetes in America** Edward Halsey Foster, 2000 Poetry Prose DECADENTS SYMBOLISTS AESTHETES IN AMERICA brings together works by various late nineteenth and early twentieth century American and Canadian poets Conrad Aiken Walter Conrad Arensberg Ambrose Bierce Gelett Burgess Bliss Carman Madison Cawein Stephen Crane Gertrude Hall Richard Hovey James Huneker Ludwig Lewisohn Stuart Merrill Edgar Saltus and Vance Thompson to give a fuller sense of literary life and values in fin de siècle America American literature and life could be much more colorful and European than history commonly admits      **The Symbolist Movement in the Literature of European Languages** Anna Balakian, 1984-01-01 Edited by Anna Balakian this volume marks the first attempt to discuss Symbolism in a full range of the literatures written in the European languages The scope of these analyses which explore Latin America Scandinavia Russia Poland Hungary Serbia Czechoslovakia and Bulgaria as well as West European literatures continues to make the volume a valuable reference today As Ren Wellek suggests in his historiographic contribution the fifty one contributors not only make us think afresh about individual authors who are giants but also draw us to reassess schools and movements in their local as well as international contexts Reviewers comment that this copious and intelligently structured anthology divided into eight parts traces the conceptual bases and emergence of an international Symbolist movement showing the spread of Symbolism to other national literatures from French sources as well as the symbiotic transformations of Symbolism through appropriation and amalgamation with local literary trends Several chapters deal with the relationships between literature and the other arts pointing to Symbolism at work in painting music and theatre Other chapters on the psychological aspects of the Symbolist method connect in interesting ways to a vision of metaphor and myth as virtually musical notation and an experimental emphasis on the play afforded by gaps between words The volume is a major contribution to the most significant exponents and essential themes of Symbolism The theoretical historical and typological sections of the volume help explain why the impact of this important movement of the fin de siècle is still felt today

*Realism, Naturalism & Symbolism: Modes of Thought & Expression in Europe, 1848-1914* NA NA, 2016-01-09      *Sex, Symbolists and the Greek Body* Richard Warren, 2019-11-14 This book explores Symbolist artists' fascination with ancient Greek art and myth and how the erotic played a major role in this For a brief period at the end of the 19th century the Symbolist movement inspired artists to turn inwards to the unconscious mind endeavouring to unveil the secrets of human

nature through their symbolic art But above all their greatest interest and fear was man and woman s sexuality Building upon the traditions of Academic neoclassicism but fired with a new zeal they turned back to Greek art and myth for inspiration That classical legacy was once again a vehicle for artists to express their dreams ideas and revelries And so too their anxieties For at times the frightening spectre of the sexual unconscious drove them to a new and innovative engagement with antiquity including in ways never before tried in the history of the classical tradition The unnerving sirens of Gustave Moreau unearthly heroines of Odilon Redon or leering fauns of Felicien Rops all played their role among others in this novel and unprecedented chapter in that tradition This book shows how in their painting drawing and sculpture the Symbolists re invented Greek statuary and transposed it to new and unwonted contexts as the imaginary inner worlds of artists were mapped onto the landscapes of Greek myth It shows how they made of the Greek body whether female male androgyne or sexual other at once an object of beauty desire fear and at times of horror How Robert Frost Made Realism Matter

Jonathan N. Barron,2016-07-06 Robert Frost stood at the intersection of nineteenth century romanticism and twentieth century modernism and made both his own Frost adapted the genteel values and techniques of nineteenth century poetry but Barron argues that it was his commitment to realism that gave him popular as well as scholarly appeal and created his enduring legacy This highly researched consideration of Frost investigates early innovative poetry that was published in popular magazines from 1894 to 1915 and reveals a voice of dissent that anticipated The New Poetry a voice that would come to dominate American poetry as few others have **The Institutions of Russian Modernism** Jonathan Stone,2017-10-15

The Institutions of Russian Modernism illuminates the key role of Symbolism as the earliest form of modernism in Russia emerging seemingly ex nihilo at the end of the nineteenth century Combining book history periodical studies and reception theory Jonathan Stone examines the poetry and theory of Russian Symbolism within the framework of the institutions that organized published and disseminated the works to Russian readers Surveying a wealth of examples of books journals and almanacs Stone traces how publishers of Symbolist works marketed the movement and fashioned a Symbolist reader His persuasive argument that after its eclipse Symbolism s legacy remained embedded in the heart of Russian modernism will be of interest to scholars and general readers **What is Symbolism?** Henri Peyre,2010-03-14

[Spectrum of Decadence \(Routledge Revivals\)](#) Murray Pittock, 2014-08-01 The 1890s the Naughty Nineties was an exciting and flamboyant time in British life and literature First published in 1993 this title traces the genesis of the literary culture of the 1890s through some of the popular novels and literary texts of the period By examining works by such writers as Oscar Wilde Bram Stoker W B Yeats and Walter Pater Murray Pittock analyses the nature of the Decadent era and the artistic theories of Symbolism and Aestheticism Significantly he provides a full assessment of the lasting impact that the thought of the period has had on our own understanding of our cultural past Spectrum of Decadence explores the confrontations between art and science sex and mortality desire and virtue which the author argues are as much a part of modern society's fin de siècle as they were of the nineteenth century's This reissue bridges the gap between literary texts historical context and contemporary critical theory

**The Influence of Edgar Allan Poe in France** Célestin Pierre Cambiaire, 1927

**A History of Russian Symbolism** Ronald E. Peterson, 1993-07-09 The era of Russian Symbolism 1892 1917 has been called the Silver Age of Russian culture and even the Second Golden Age Symbolist authors are among the greatest Russian authors of this century and their activities helped to foster one of the most significant advances in cultural life in poetry prose music theater and painting that has ever been seen there This book is designed to serve as an introduction to Symbolism in Russia as a movement an artistic method and a world view The primary emphasis is on the history of the movement itself Attention is devoted to what the Symbolists wrote said and thought and on how they interacted In this context the main actors are the authors of poetry prose drama and criticism but space is also devoted to the important connections between literary figures and artists philosophers and the intelligentsia in general This broad detailed and balanced account of this period will serve as a standard reference work an encourage further research among scholars and students of literature

**Poetry and Radical Politics in Fin de Siècle France** Patrick McGuinness, 2015 Poetry and Radical Politics in fin de siècle France explores the relations between poetry and politics in France in the last decade of the 19th century The period covers perhaps the most important developments in modern French poetry from the post Commune climate that spawned the decadent movement through to the allegedly ivory towered aestheticism of Mallarmé and the Symbolists In terms of French politics history and culture the period was no less dramatic with the legacy of the Commune the political and financial instability that followed the anarchist campaigns the Dreyfus affair and the growth of Action française Patrick McGuinness argues that the anarchist politics of many Symbolist

poets is a reaction to their own isolation and to poetry's anxious relations with the public too difficult to be widely read. Symbolist poets react to the loss of poetry's centrality among the arts by delegating their radicalism to prose; they can call in prose for the overthrow of the state and support anarchist bombers while at the same time writing poems about dribbling fountains and dazzling sunsets for each other. This study demonstrates the connections between the anti-Symbolist reaction of the *École romane* of 1891 in which Charles Maurras first made his name and the far right cultural politics of Action française in the early 20th century. It also redefines many of the debates about late 19th century French poetry by putting an argument forward for the political engagements of the Symbolists while the French intellectual as a national icon was being forged. McGuinness insists on profound continuities between the end of the 19th century and the beginning of the 20th in terms of cultural politics, literary debate and poetic theory and shows how politics is to be found in unexpected ways in the least political seeming literature of the period. The famous line by Peguy that everything begins in mysticism and ends in politics has an appealing sweep and grace. This book has its own more modest and specific version of a similar journey: it begins in Mallarmé and ends in Maurras.

**The Legend of the Decadents** Gustave Leopold Van Roosbroeck, Joseph Warren Beach, 1927     *Dreamers of Decadence* Philippe Jullian, 1971. Many of these artists: Moreau, Toorop, the brilliant half-Balinese half-Dutch painter and draftsman, the French Odilon Redon, the great master of Symbolist art, the Viennese Klimt and the Belgian Khnopff.

**An Anthology of French Symbolist & Decadent Writing Based Upon The Book of Masks by Remy de Gourmont** Andrew Mangravite, 1994. French symbolist Decadent Writing of the 1890s. Atlas Arkhive. Two Documents of the Avant Garde. The largest ever selection of writings from the Decadent and Symbolist writers of the French fin de siècle, a period whose social and spiritual ills had so much in common with those of today. The selection is based on a series of essays on contemporary writers published by the foremost critic and author of the period, Remy de Gourmont.
