future **Neoclassical Music in America** R. James Tobin, 2014-07-02 From the 1920s to the 1950s neoclassicism was one of the dominant movements in American music Today this music is largely in eclipse mostly absent in performance and even from accounts of music history in spite of and initially because of its adherence to an expanded tonality No previous book has focused on the nature and scope of this musical tradition *Neoclassical Music in America* Voices of Clarity and Restraint makes clear what neoclassicism was how it emerged in America and what happened to it Music reviewer and scholar R James Tobin argues that efforts to define musical neoclassicism as a style largely fail because of the stylistic diversity of the music that fall within its scope However neoclassicists as different from one another as the influential Igor Stravinsky and Paul Hindemith did have a classical aesthetic in common the basic characteristics of which extend to other neoclassicists This study focuses in particular on a group of interrelated neoclassical American composers who came to full maturity in the 1940s These included Harvard professor Walter Piston who had studied in France in the 1920s Harold Shapero the most traditional of the group Irving Fine and Arthur Berger his colleagues at Brandeis Lukas Foss later an experimentalist composer whose origins lay in neoclassicism of the 1940s Alexei Haieff and Ingolf Dahl both close associates of Stravinsky and others Tobin surveys the careers of these figures drawing especially on early reviews of performances before offering his own critical assessment of individual works Adventurous collectors of recordings performing musicians concert and broadcasting programmers as well as music and cultural historians and those interested in musical aesthetics will find much of interest here Dates of composition approximate duration of individual works and discographies add to the work's reference value **HB** Jürgen Schaarwächter, 2018-12-21 First published in 1997 This volume brings together a wide selection of those articles which include interviews personal recollections of Brian and several detailed analyses of some of his works generously illustrated with music examples The book concludes with a recently updated catalogue of works [Brass Music of Black Composers](#) Aaron Horne, 1996-05-16 Aaron Horne provides the most comprehensive guide to brass music written by black composers He covers composers from around the world in the 19th and 20th centuries Included in the book is biographical information commission duration instrumentation date of publication premiere publisher discography for each piece bibliographical sources and an index which groups the music by numbers medium and ensemble This is the fourth volume in Aaron Horne's monumental effort to provide the most comprehensive guide to music composed by black composers In this volume he covers composers from around the world in the 19th and 20th centuries including William Grant Still Ulysses Kay Anthony Davis John Coltrane and other major figures from the world of classical jazz and popular music The main body of the book is divided into sections devoted to African American Afro European and Afro Latino composers Within each section composers are arranged alphabetically each entry provides biographical information as well as commission duration instrumentation date of publication premiere publisher discography for each composition Backmatter includes a Brass Music Index which groups the music by numbers medium and ensembles a title index discography and

Kimberling,1987 A complete musical biography and an exhaustive bibliography with a catalog of David Diamond s works and premiere performances through 1986 How Music Grew in Brooklyn Maurice Edwards,2006 The Brooklyn Philharmonic is one of the most innovative and respected symphony orchestras of modern times Maurice Edwards provides a personal and comprehensive history of this institution How Music Grew in Brooklyn includes more than two dozen historical photographs and illustrations and an eighty page appendix providing detailed listing of the orchestra s programs including the Marathons BOOK JACKET

Schwann-1, Records, Tapes ,1977 *Corresponding with Carlos* Charles Barber,2011-11-30 Carlos Kleiber 1930 2004 was the greatest conductor of his generation His reputation is legendary and yet astonishingly in his five decades on the podium he conducted only 89 concerts some 600 opera performances and produced 12 recordings How did someone who worked so little compared to his peers achieve so much Between his relatively small output and well known aversion to publicity many came to regard Kleiber as reclusive and remote bordering on unapproachable But in 1989 a conducting student at Stanford University wrote him a letter and an unusual thing occurred the world renowned conductor replied And so began a 15 year correspondence study and friendship by mail Drawing heavily on this decade and a half exchange *Corresponding with Carlos* is the first English language biography of Kleiber ever written Charles Barber offers unique insights into how Kleiber worked based on their long and detailed correspondence This biography by one friend of another considers among other matters Kleiber s singular aesthetic his playful and often erudite sense of humor his reputation for perfectionism his much studied baton technique and the famous concert and opera performances he conducted Comic and compelling *Corresponding with Carlos* explores the great conductor s musical lineage and the contemporary contexts in which he worked It repudiates myths that inevitably crop up around genius and reflects on Kleiber s contribution to modern musical performance This biography is ideal for musicians scholars and anyone with a special love of the great classical music tradition
