

A schematic diagram of a chemical process flow, likely for a refinery or chemical plant. The diagram features several interconnected vessels and units. At the top left, a vertical vessel is connected to a horizontal line that leads to a large rectangular vessel. To the right of this vessel is a circular unit with a diagonal line through it. Further right, a horizontal line connects to another large rectangular vessel. Below this, a vertical line leads to a smaller rectangular vessel. On the right side, there is a tall vertical vessel with a chimney-like structure on top. A horizontal line connects this to a circular unit, which then leads to another large rectangular vessel. At the bottom left, a horizontal line leads to a large rectangular vessel. To its right, a horizontal line connects to a tall vertical vessel. Below this, a horizontal line leads to a large rectangular vessel. The entire diagram is composed of black lines on a white background, with various symbols representing different types of equipment.
