

An illustration of a warehouse interior. In the foreground, a man with glasses, wearing a green jacket over a white shirt and blue trousers, stands between two tall metal shelving units. He is holding a black clipboard and looking at it. The shelves are filled with various boxes and crates. On the left shelf, there are several orange boxes of different sizes, some stacked on a wooden pallet. On the right shelf, there are more orange boxes and a large wooden crate. In the background, another person is visible walking away. The overall scene depicts a stock-taking process in a warehouse.

Stock-taking is when companies count the number of goods they have by hand to see if their inventory records are accurate.

Example

Inventory Record = 500 units
Physical Stock Count = 500 units
