Take That Hill:

The art of teaching young minds to observe and think John Gill (of the Normal college, Cheltenham.),1872 **The Conquest Of Okinawa: An Account Of The Sixth Marine Division** Major Philips D. Carleton,2015-11-06 Contains numerous maps One of a series of monographs prepared by the Historical Division that deals with the activities of Marine Corps units in World War II this monograph is the work of Captain Carleton While on Okinawa he lived with the men of the Sixth Marine Division watched them fight and listened to their accounts of the action He was with the Twenty Ninth Marines on Motobu Peninsula the Twenty Second Marines during the fight for Naha and spent considerable time with the Sixth Reconnaissance Company Most of the material in this monograph is the result of Captain Carleton s personal observations or was gained through his interviews with the officers and men who fought in the Okinawa battles *No Body Armor* Donald R. White,2013-08 By the time America decided to engage in Vietnam the Soviets had already overwhelmed fifteen nations by force and fear The conflict that followed was one of American history s toughest infantry wars American soldiers who fought in the Vietnam War call it the Nam In this unique recollection of deadly close quarters infantry combat author and twenty year US Army veteran Donald R White shares his wealth of personal experience presenting an emotional trip through violence and bloodshed In the time period between late fall of 1965 and late summer of 1969 hundreds of men were killed in action each week something that survivors live with daily Former US Army platoon sergeant Donald R White reveals detailed facts about infantry war that are bloody horrific and shocking In this personal account he deals with memories that are seldom happy and often grim giving readers an eye witness account of what the Nam was really like for American fighting men *The Atlantic Monthly* ,1902 *Chicago Daily News Almanac and Political Register* ,1919 **TOO YOUNG FOR A FORGETTABLE WAR** WILLIAM EDWARD ALLI,2009-03-03 History shows that the world avoided World War III partly because of the impact of the Korean War That standoff war led to rules of engagement which guided the West and the Soviet Union for nearly forty years ending with the Soviet collapse The protagonists had decided that they would allow no regional conflict to set off a worldwide nuclear war between them Too Young for a Forgettable War follows the journey of an eighteen year old fresh out of high school and activated for duty in a distant war His is a coming of age story in the most dangerous of environments The dangers turn out to be not only from the enemy s weapons but even those of a United Nations ally whose soldiers mistakenly arrest him as an enemy agent clearly a justification for his execution Returning to America he hopes to forget the trauma of his experiences Decades later he travels back to Korea and is finally able to come to terms with his wartime experiences Readers will find parallels between that war s veterans and those of Vietnam Iraq and Afghanistan The author and his fellow veterans reveal vivid personal experiences that extend our knowledge and perhaps our empathy with those who served regardless of age in any war however forgettable [History of the 87th Mountain Infantry, Italy, 1945](#) United States. Army. 87th Mountain Infantry Regiment,George F. Earle,1945 **LBJ** Phillip F. Nelson,2011-10-20 LBJ aims

to expose Vice President Johnson's active role in the assassination of President Kennedy and how he began planning his takeover of the U S presidency even before being named the vice presidential nominee in 1960 Lyndon B Johnson's flawed personality and character traits were formed when he was a child and grew unchecked for the rest of his life as he suffered severe bouts of manic depression and bipolar disorder He successfully hid this disorder from the public as he bartered stole and finessed his way through the corridors of power on Capitol Hill though records have been uncovered proving some of his aides knew of his mental illness Phillip F Nelson after years of researching Johnson and the JFK assassination concludes that during his vice presidency Johnson suffered progressively stronger bouts of mental collapse as he was busy undermining Kennedy's domestic and foreign policy initiatives for the purpose of cunningly saving them for his own legacy His involvement with JFK's assassination is conclusively drawn with both text and photographic evidence showing Johnson's knowledge of when and where the assassination would take place Nelson's careful and meticulous research has led him to uncover secrets from one of the greatest unsolved mysteries in our country's history Farmers' Bulletin, 1938

Operation 'Torch' North Africa Jean Paul Pallud, 2019-06-30 When the western Allies decided to launch a second front in North Africa they carefully considered the anti British feeling left in France by the ill advised attack by the Royal Navy on the French Fleet at Mers el K bir in July 1940 Consequently the operation was given an American rather than a British complexion General Eisenhower was chosen to lead a mostly American force into battle and the major Royal Navy contribution was kept as inconspicuous as possible This operation marked the first time that American troops fought against German forces during the Second World War They had a rough baptism of fire in southern Tunisia in February 1943 training equipment and leadership failed in many instances to meet the requirements of the battlefield but the US Army was quick to learn and revise army doctrines particularly with respect to the use of armor The successful campaign created thousands of seasoned soldiers of all ranks whose experience would prove decisive in subsequent campaigns The next test was only two months away the invasion of Sicily In addition Operation Torch brought the French army back into the war Most important of all the Allies had seized the initiative in the West Total Victory! Donald P. Wilson, 1997 *Landscapes of Trauma* Nigel Hunt, 2019-08-08 Integrating trauma studies with historical research and social psychology *Landscapes of Trauma* examines a range of battlefields from across history including Waterloo the Battle of Sedan the Battle of the Ebro and the Battle of Normandy to bring to light what these battlefields say about our collective and individual psyches Hunt explores how war shapes the nature of trauma not only by its innate horror but also by the historical and societal contexts it is fought in from the cultural and social conventions of the period to the topography of the settings This book provides a deep analysis of how war is experienced and remembered in different eras and by different generations Moving beyond the clinical concept of post traumatic stress disorder Hunt discusses how trauma can be understood socially and historically as well as through the lens of individual suffering This book also investigates the psychological foundations of memorialisation remembrance and

commemoration that shape the legacy of the battles discussed Using interviews with veterans their letters journals and diaries as well as literary and historical sources Hunt locates the battlefield as a place where humans explore the parameters of human behaviour thought and emotion This book is an important resource for students and scholars interested in the psychology of trauma and war as well as military history *Investigation of the Assassination of President John F. Kennedy*
