Take The E Out Of Eating:

I Know How She Does It Laura Vanderkam, 2017-01-03 Everyone has an opinion anecdote or horror story about women and work Now the acclaimed author of *What the Most Successful People Do Before Breakfast* shows how real working women with families are actually making the most of their time Having it all has become the subject of countless books articles debates and social media commentary with passions running high in all directions Many now believe this to be gospel truth Any woman who wants to advance in a challenging career has to make huge sacrifices She s unlikely to have a happy marriage quality time with her kids assuming she can have kids at all a social life hobbies or even a decent night s sleep But what if balancing work and family is actually not as hard as it s made out to be What if all those tragic anecdotes ignore the women who quietly but consistently do just fine with the juggle Instead of relying on scattered stories time management expert Laura Vanderkam set out to add hard data to the debate She collected hour by hour time logs from 1 001 days in the lives of women who make at least 100 000 a year And she found some surprising patterns in how these women spend the 168 hours that every one of us has each week Overall these women worked less and slept more than they assumed they did before they started tracking their time They went jogging or to the gym played with their children scheduled date nights with their significant others and had lunches with friends They made time for the things that gave them pleasure and meaning fitting the pieces together like tiles in a mosaic without adhering to overly rigid schedules that would eliminate flexibility and spontaneity Vanderkam shares specific strategies that her subjects use to make time for the things that really matter to them For instance they Work split shifts such as seven hours at work four off then another two at night from home This allows them to see their kids without falling behind professionally Get creative about what counts as quality family time Breakfasts together and morning story time count as much as daily family dinners and they re often easier to manage Take it easy on the housework You can free up a lot of time by embracing the philosophy of good enough and getting help from other members of your household or a cleaning service Guard their leisure time Full weekend getaways may be rare but many satisfying hobbies can be done in small bursts of time An hour of crafting feels better than an hour of reality TV With examples from hundreds of real women Vanderkam proves that you don t have to give up on the things you really want *I Know How She*

Does It will inspire you to build a life that works one hour at a time **An Elementary Sketch of Se-Suto Grammar**
Édouard Jacottet, 1892 *Little to Eat and Thin Mud to Drink* Gary D. Joiner, 2007 *Little to Eat and Thin Mud to Drink* does more than just document the history of the Trans Mississippi conflict of the Civil War It goes much deeper offering a profound extended look into the innermost thoughts of the soldiers and civilians who experienced the events that took place in Louisiana Texas and Arkansas Gleaning from a rich body of rare journals diaries and letters this groundbreaking book demonstrates the significant impact that military operations in this region had on the local population in years between 1863 and 1865 Readers will be introduced to the many different individuals who were touched by the campaign both Confederate

and Union. Aably edited by Joiner, a leading expert on the Trans Mississippi conflict and others, some of these manuscripts are witty, others somber, some written by Harvard and Yale educated aristocrats, others by barely literate farmers. All profoundly reflect their feelings regarding the extraordinary circumstances and events they witnessed. In *Little to Eat and Thin Mud to Drink*, readers will have access to the diary of James A. Jarratt, a Confederate sergeant whose cogent narratives dispute commonly held views of the Battle of Mansfield. Representing a much different point of view is the diary of Private Julius Knapp, whose lengthy diary sheds light on the life of a Northern soldier fighting in the ill-fated Union march through Louisiana in 1864. A rare glimpse into the diary of a Southern woman is offered through the fascinating and melancholy musings of plantation belle Sidney Harding. Readers will also encounter the private letters of a French prince turned Confederate officer, Elizabeth Jane Samford Fullilove, the angst-ridden wife of a Confederate soldier, and many others. These first-person narratives vividly bring to life the individuals who lived through this important but often neglected period in Civil War history. *Little to Eat and Thin Mud to Drink* will engross anyone interested in exploring the human side of the Civil War. Gary Joiner is an assistant professor of history at Louisiana State University in Shreveport and the director of the Red River Regional Studies Center at LSUS. His books include *One Damn Blunder from Beginning to End: The Red River Campaign of 1864* and *Union Failure in the West and Through the Howling Wilderness: The 1864 Red River Campaign and Union Failure in the West*. He is also the coeditor with Marilyn S. Joiner and Clifton D. Cardin of another volume in the *Voices of the Civil War* series, *No Pardons to Ask nor Apologies to Make: The Journal of William Henry King Gray's 28th Louisiana Infantry Battalion*.
