Taken At The Flood Cd:

Selections from the Records of the Government in the Department India. Public Works Department, 1888

BASEMENT TALES Second edition new and revised content Andrea Brillo, 2025-02-18 BASEMENT TALES ripercorre e analizza in ordine cronologico la pubblicazione su disco dei brani registrati da Bob Dylan The Band in numerose sessioni a Woodstock tra i mesi di marzo e ottobre del 1967 Questi brani meglio noti come The Basement Tapes non erano originariamente destinati alla realizzazione di un album di Bob Dylan ma a delle cover di vari artisti dell'epoca L'importanza dell'autore e la sua contemporanea momentanea assenza dal mercato discografico suscitarono inizialmente l'interesse del mercato underground che diede il via alla pubblicazione dei primi bootleg della storia del rock e successivamente anche di quelli della casa discografica ufficiale

The Dickens Index Nicolas Bentley, Michael Slater, Nina Burgis, 1988 Charles Dickens's ability as a storyteller his keen sense of the outlandish and his uncanny understanding of human nature give his works a universal and ageless appeal that defies obsolescence Few other authors have created as many characters and situations that so painstakingly and memorably recreate the social conventions tastes manners and habits of speech of a particular era This book the most comprehensive single volume reference work on Dickens ever produced provides quick access to an enormous range of information about Dickens's writings and literary career The Dickens Index consists of over 5000 entries arranged alphabetically and referenced by chapter rather than page number so that they work well with any edition Thus the Index can be used either in tandem with a particular work to check allusions unfamiliar quotations obsolete words and slang and topical historical and topographical references or as an independent guide for looking up characters both real and fictional other writers whom Dickens quotes and institutions to which he refers But The Dickens Index does much more It includes Entries on individual works that describe main themes unique features and bibliographical details of first publication Over 1 400 entries on individual characters that describe the plots in which they function Numerous cumulative entries that bring together for the first time Dickens's quotations and allusions by author and title his use of such genres as nursery rhyme and his references to places and institutions Full coverage of Dickens's publishers and illustrators An illuminating time chart that juxtaposes events in Dickens's personal and professional life with those in the wider world An appendix covering Dickens's journalism listing titles subject matter and first publication of those writings not covered in the Index itself All Dickens enthusiasts as well as teachers and students will find this a handy reference work to accompany their reading and those engaged in literary or historical research will find it an invaluable and time saving tool
