Taking On The Gods:

Taking on the Gods Merle R. Jordan, 2001-11-13 Taking on the Gods explores a clinical theological approach to the treatment of individuals couples and families suffering from neurotic styles of life Merle Jordan exposes the origins of neuroses in idolatry the substitution of false psychological gods for the true God as the center of ultimate reality In attempting to earn the approval of these false gods and to escape their harsh judgment one enters into a second idolatry becoming one s own Messiah parts of the self are sacrificed to placate the false gods The resulting personality distortions are the source of many emotional difficulties Jordan discusses not only the role of pastoral counselors in helping clients confront their idols but also the counselors responsibility to recognize their own false gods Topics covered include Pastoral Counseling as the Encounter Between Gods The Implicit Religious Drama in Marital and Family Counseling The Operational Theology of the Common Cold Depression and Self justification Versus Justification by Faith Through Grace According to Jordan helping people to take on their gods to free themselves to experience the loving God is the heart of the pastoral counselor s task

Religion & Classical Warfare Matthew Dillon, Christopher Matthew, 2020-09-22 This study looks at destroying the gods of Rome s enemies wartime ceremonies the role of women in Republican warfare and even the gruesome live burials of people during times of military crisis Religion was integral to the conduct of war in the ancient world and the Romans were certainly no exception No campaign was undertaken no battle risked without first making sacrifice to propitiate the appropriate gods such as Mars god of War or consulting oracles and omens to divine their plans Yet the link between war and religion is an area that has been regularly overlooked by modern scholars examining the conflicts of these times This volume addresses that omission by drawing together the work of experts from across the globe The chapters have been carefully structured by the editors so that this wide array of scholarship combines to give a coherent comprehensive study of the role of religion in the wars of the Roman Republic Aspects considered in depth will include declarations of war evocatio and taking gods away from enemies dedications and ceremonies the cult of the legionary eagle the role of women in Republican warfare omens and divination live burials of people in times of military crisis and the rituals of the Roman triumph

Enjoying the Tune of Term: An Psychological Symphony within **Taking On The Gods**

In a world taken by displays and the ceaseless chatter of quick conversation, the melodic elegance and psychological symphony produced by the published word usually disappear into the backdrop, eclipsed by the persistent sound and disturbances that permeate our lives. However, located within the pages of **Taking On The Gods** a wonderful literary treasure filled with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that charming masterpiece conducts viewers on a psychological journey, skillfully unraveling the concealed songs and profound impact resonating within each cautiously constructed phrase. Within the depths with this emotional review, we shall explore the book is key harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
