Spiritual Politics on  
America's Sacred Ground

with a  
Foreword by  
Diana L. Eck

BARBARA A. MCGRAW  
JO RENEE FORMICOLA  
editors

# Taking Religious Pluralism Seriously

**J. Troy**

## **Taking Religious Pluralism Seriously:**

*Taking Religious Pluralism Seriously* Barbara A. McGraw, Jo Renee Formicola, 2005 The clash between the religious right and the secular left undermines any serious debate about the role of religion in American public life Such strident cultural rhetoric often ignores the positive contributions of America's many religions By contrast this volume celebrates America's religious diversity demonstrating that religious pluralism is actually one of democracy's basic building blocks Taking Religious Pluralism Seriously expands on Barbara A McGraw's framework for understanding religious participation in public life a two tiered public forum consisting of the civic public forum and the conscientious public forum The chapters explore how diverse religious communities and traditions including newer and marginalized religions can make a meaningful contribution to American society and politics

**Rediscovering America's Sacred Ground** Barbara A. McGraw, 2012-02-01 Returning to the ideas of John Locke and the Founders themselves Barbara A McGraw examines the debate about the role of religion in American public life and unravels the confounded rhetoric on all sides She reveals that no group has been standing on proper ground and that all sides have misused terminology religion secular dichotomies public private and concepts separation of church and state in ways that have little relevance to the original intentions of the Founders She rediscovers a theology underlying the founding documents of the nation that is neither anyone's particular religion nor one requiring religion Instead it justifies freedom of conscience for all and provides a two tiered public forum a civic public forum and a conscientious public forum for the debate itself and the actions that debate inspires America's Sacred Ground this theology and its public forum determines the meaning of freedom and the ways in which Americans can pursue the good good government good communities good families good relations between individuals and good individuals from a plurality of perspectives By exploring our past McGraw answers the critical question Who are we as a people and what do we stand for

**The Craft of Innovative Theology** John Allan Knight, Ian S. Markham, 2022-01-04 A comprehensive collection of resources showing students of theology how to prepare and write creative research oriented material The Craft of Innovative Theology Argument and Process delivers a thorough examination of the method of producing and writing creative theological theses and projects explaining to students how to write elegant innovative research oriented articles Through a collection of papers written by distinguished scholars the text exhibits numerous examples of well executed creative writing on topics as varied as theodicy and evolution and artificial intelligence and baptism Each article includes an introduction by the editor that serves to guide the student through the material and elucidates what makes the work stand out as exceptional The articles are also annotated to assist with the appreciation of the methodology and style used by the author The Craft of Innovative Theology assists theology students in improving their research writing to a point where they'll be ready for a Masters thesis or PhD dissertation and is an excellent resource for a research methods course in a graduate program The works incorporated by the editors include A thorough introduction to God and the Incarnation

including knowing God through religious pluralism An exploration of God and church including racial stigma and the southern Baptist public discourse in the twentieth century and the appropriateness of baptizing artificial intelligence A discussion of God and the world including where humanity has come from and where we re going and the challenges posed by biological evolution to Christian theology A treatment of God and ethics including sin and the faces of responsibility Perfect for students of postgraduate theology and research methods courses The Craft of Innovative Theology Argument and Process will also earn a place in the libraries of students in courses that prepare them to write a Masters thesis in theology or to begin shaping their PhD dissertation topic

**Beyond Religious Right and Secular Left Rhetoric** K. Fry,2014-06-05 This book covers arguments made by various sides of the political religious divide from the past 30 years showing what the actual differences are between these groups By stressing the typically ignored similarities the book better informs partisans and the public to move debate forward

**Interfaith Marriage in America** E. Seamon,2012-11-09 Seamon explores the historical theological and societal dynamics of religious intermarriage as a way to introduce scholars to the myriad of factors that have contributed and will continue to contribute to the complete transformation of religion and Christianity in the twenty first century

*Hospitality and the Other* Author, Amos Yong,2015-03-04

**Interreligious Studies** Rachel Mikva,2023-06-15 The emergence of the field of interreligious studies is emerging as a response to critical issues within our religiously plural world Religious conflicts large and small continue to plague our society as the challenges of navigating religious difference emerge in daily encounters among people who would like to get along in the public square that they fashion together These challenges unfold within families congregations college campuses workplaces communities media and cyberspace This volume offers a comprehensive introduction to interreligious studies Providing an overview of the history terms and characteristics of the field Rachel Mikva explores the ethical philosophical and theological foundations for pluralism She also presents guidelines and case studies that demonstrate how interreligious understanding and solidarity can be achieved Designed for use in undergraduate and graduate courses the volume also will be useful to medical doctors social workers police officers corporate managers and others whose work requires multi cultural competence

**The Cambridge Companion to American Islam** Julianne Hammer,Omid Safi,2013-08-12 The Cambridge Companion to American Islam offers a scholarly overview of the state of research on American Muslims and American Islam The book presents the reader with a comprehensive discussion of the debates challenges and opportunities that American Muslims have faced through centuries of American history This volume also covers the creative ways in which American Muslims have responded to the myriad serious challenges that they have faced and continue to face in constructing a religious praxis and complex identities that are grounded in both a universal tradition and the particularities of their local contexts The book introduces the reader to some of the many facets of the lives of American Muslims that can only be understood in their interactions with Islam s entanglement in the American experiment

**Landscapes of the Secular** Nicolas Howe,2016-09-05 What does it mean to

see the American landscape in a secular way asks Nicolas Howe at the outset of this innovative ambitious and wide ranging book It s a surprising question because of what it implies we usually aren t seeing American landscapes through a non religious lens but rather as inflected by complicated little examined concepts of the sacred Fusing geography legal scholarship and religion in a potent analysis Howe shows how seemingly routine questions about how to look at a sunrise or a plateau or how to assess what a mountain is both physically and ideologically lead to complex arguments about the nature of religious experience and its implications for our lives as citizens In American society nominally secular but committed to permitting a diversity of religious beliefs and expressions such questions become all the more fraught and can lead to difficult often unsatisfying compromises regarding how to interpret and inhabit our public lands and spaces A serious commitment to secularism Howe shows forces us to confront the profound challenges of true religious diversity in ways that often will have their ultimate expression in our built environment This provocative exploration of some of the fundamental aspects of American life will help us see the land law and society anew

### **Christian Approaches to International Affairs**

J. Troy,2012-08-21 Troy analyses how the understanding of religion in Realism and the English School helps in working towards the greater good in international relations studying religion within the overall framework of international affairs and the field of peace studies

*Religious Education and the Public Sphere* Patricia Hannam,2018-08-06 Religious Education and the Public Sphere reveals through an analysis of theory and practice that religious education is resting on historic and persistent assumptions about both religion and education Drawing on work from Arendt and Weil new ideas emerge regarding religious education s constituent elements education and religion It offers a new and timely proposal for religious education and argues for a broader understanding of religion bringing a fresh contribution to current discussions regarding the relationship between religion and education in the public sphere Some practical considerations emerging from theory developing through the earlier parts of the book are presented in the final section including the teacher s role and what should guide religious education curriculum At a time when there is raised interest in the role of religion in the public sphere internationally this book aims to contribute something new both theoretically and practically to discussions regarding the role of religion in education is and relevant to educational contexts worldwide This book will be vital reading for academics and researchers in the fields of religion and religious studies education philosophy of education and religious education and will also be of great interest to teachers and policy makers working in the field of religious education in the public sphere

**Theological Reflections at the Boundaries** Paul O. Ingram,2011-11-04 The interdependence of boundary questions and the experience of cognitive dissonance reveal that knowledge in all fields of inquiry is always incomplete and tentative The issues are particularly acute for Christian theological reflection Ingram illustrates the importance of boundary questions and cognitive dissonance as a means of creatively transforming contemporary Christian theological reflection through dialogue with the natural sciences and the world s religions particularly Buddhism filtered through the lenses of

Whiteheadian process philosophy      **The Global Politics of Interreligious Dialogue** Michael Daniel Driessen, 2023 In *The Global Politics of Interreligious Dialogue* Michael D Driessen examines the growth of state sponsored interreligious dialogue initiatives in the Middle East and their use as a policy instrument for engaging with religious communities and ideas Using a novel theoretical framework and drawing on five years of ethnographic fieldwork Driessen explores both the history of interreligious dialogue and the evolution of theological approaches to religious pluralism in the traditions of Catholicism and Sunni Islam Compelling and nuanced this book illustrates how religion operates in contemporary global politics offering important lessons about the development of alternative models of democracy citizenship and modernity      *A Living Theology of Krishna Bhakti* Tamal Krishna Goswami, 2012-07-17 An illuminating examination of the theology of A C Bhaktivedanta Swami Prabhupada the founder of the Hare Krishna movement      **The Wiley Blackwell Companion to Religion and Politics in the U.S.** Barbara A. McGraw, 2016-04-15 *The Wiley Blackwell Companion to Religion and Politics in the U S* provides a broad inclusive and rich range of chapters in the study of religion and politics Arranged in their historical context chapters address themes of history law social and religious movements policy and political theory Broadens the parameters of this timely subject and includes the latest work in the field Draws together newly commissioned essays by distinguished authors that are cogent for scholars while also being in a style that is accessible to students Provides a balanced and inclusive approach to religion and politics in the U S Engages diverse perspectives from various discourses about religion and politics across the political and disciplinary spectra while placing them in their larger historical context      *Routledge Handbook of Religion and Politics* Jeffrey Haynes, 2016-01-13 From the United States to the Middle East Asia and Africa religion continues to be an important factor in political activity and organisation The second edition of this successful handbook provides the definitive global survey of the interaction of religion and politics Featuring contributions from an international team of experts it examines the political aspects of all the world's major religions including such crucial contemporary issues as religious fundamentalism terrorism the war on terror the clash of civilizations the Arab Spring and science and religion Each chapter has been updated to reflect the latest developments and thinking in the field and new chapters such as Postsecularism and international relations and Securitization and Secularization The two pillars of state regulation of European Islam have been added to ensure the book is a comprehensive and up to date resource Four main themes addressed include World religions and politics Religion and governance Religion and international relations Religion security and development References at the end of each chapter have been overhauled to guide the reader towards the most up to date information on various topics This book is an indispensable source of information for students academics and the wider public interested in the dynamic relationship between politics and religion      **The Oxford Handbook of Religion and American Politics** Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because

this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should be of wide interest to scholars students

journalists and others interested in the American political scene      **The Intolerance of Tolerance** D. A. Carson, 2012-01-31

Carson traces the subtle but enormous shift in the way we have come to understand tolerance over recent years from defending the rights of those who hold different beliefs to affirming all beliefs as equally valid and correct He looks back at the history of this shift and discusses its implications for culture today especially its bearing on democracy discussions about good and evil and Christian truth claims from publisher description      **Faith, Politics, and Sexual Diversity in Canada**

**and the United States** David Rayside, 2011-04-01 For decades agitation by lesbians gays and other sexual minorities for political recognition has provoked a heated response among religious activists in both Canada and the United States In this remarkable comparative study expert authors explore the tenacity of anti gay sentiment as well as the dramatic shifts in public attitudes towards queer groups across all faith communities in both the United States and Canada They conclude that despite the ongoing conflict religious adherence does not invariably entail opposition to the political acknowledgment of queer rights      **Religion in International Relations** F. Petito, P. Hatzopoulos, 2003-06-13

Are the secular foundations of international relations sustainable at present This comprehensive study shows how the global resurgence of religion confronts international relations theory with a theoretical challenge comparable to that raised by the end of the Cold War or the emergence of globalization The volume tries to shake the secular foundational myths of the discipline and outline the need for an expansion into religiously inspired spheres of thought It also challenges the most condemning accusation against religion the view that the politicization of religion is always a threat to security and inimical to the resolution of conflict Finally the task of demystifying religion is taken further with an argument for a stronger and progressive political engagement of the worldwide religious traditions in the contemporary globalized era

Recognizing the artifice ways to acquire this book **Taking Religious Pluralism Seriously** is additionally useful. You have remained in right site to begin getting this info. get the Taking Religious Pluralism Seriously connect that we come up with the money for here and check out the link.
