Taking State Power The Sources And Consequences Of Political Challenge:

Taking state power John C. Leggett,1973 **Humour and Social Protest** Marjolein 't Hart,Dennis Bos,2007 The seventeen essays in this book examine the power of humour in framing social and political protest **History and the Christian Historian** Ronald Wells,1998-09-17 This volume arises out of special concerns of historians who are also Christians What case can be made for connecting historical work and religious convictions What is the relation of faith to history What difference could Christian perspectives make in historical study Thirteen respected scholars including some who have changed the face of history writing in the twentieth century here take up a diversity of subjects in giving a provisional answer to these important questions In exploring foundational issues of perspective and theory engaging discrete themes such as feminism puritanism and missiology and discussing the application of religious insights in teaching history this excellent collection of essays forthrightly addresses the epistemological crisis brought on by the postmodern critique of truth and demonstrates the positive implications of a Christian perspective for the study of history and historiography

System and Succession John D. Nagle,2014-08-27 System and Succession provides a comparative analysis of the social composition of national political leadership in the United States Russia Germany and Mexico These systems were chosen as case studies because their forms of government are representative of many others because they are conveniently suited for comparison and because they have high internal control over their own means of recruitment Drawing on a mass of data and an extensive bibliography Nagle s comprehensive study exhibits a mastery of the intricacies of these four quite divergent political systems Complete time series data covering several generations of elite recruitment provide the basis for a new methodological approach to comparative elite analysis The author investigates among other issues elite displacements associated with revolution economic crises and postwar peace and prosperity Especially important differences along class and generational lines are found in the elite displacements associated with the revolutions in Germany 1918 Russia 1917 1921 and Mexico 1910 1920 The American case serves as a nonrevolutionary control case The overriding theoretical issue throughout System and Succession is the debate among Marxists radical democrats and pluralists over the importance of elite social composition for equitable representation of social or class interests Nagle develops a convincing argument supporting the Marxist thesis that the importance of class in elite recruitment is a defining characteristic of the political system System and Succession will be of particular interest to scholars in comparative politics Political scientists in other areas as well as historians and sociologists interested in the four countries examined will also find this book provocative

The Top Books of the Year Taking State Power The Sources And Consequences Of Political Challenge The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Taking State Power The Sources And Consequences Of Political Challenge : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Taking State Power The Sources And Consequences Of Political Challenge : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Pappen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
