Fifth edition, Revised

Irving Louis Horowitz

# Taking Lives Genocide And State Power

**Daniel Feierstein**

## **Taking Lives Genocide And State Power:**

**Taking Lives** Irving Louis Horowitz, 2017-07-12 *Taking Lives* is a pivotal effort to reconstruct the social and political contexts of twentieth century state inspired mass murder Irving Louis Horowitz re examines genocide from a new perspective viewing this issue as the defining element in the political sociology of our time The fifth edition includes approximately 30 percent new materials with five new chapters The work is divided into five parts Present as History Past as Prologue Future as Memory Toward A General Theory of State Sponsored Crime Studying Genocide The new edition concludes with chapters reviewing the natural history of genocide studies from 1945 to the present along with a candid self appraisal of the author s work in this field over four decades *Taking Lives* asserts that genocide is not a sporadic or random event nor is it necessarily linked to economic development or social progress Genocide is a special sort of mass destruction conducted with the approval of the state apparatus Life and death issues are uniquely fundamental since they alone serve as a precondition for the examination of all other issues Such concerns move us beyond abstract formalist frameworks into new ways of viewing the social study of the human condition Nearly all reviewers of earlier editions have recognized this *Taking Lives* is a fundamental work for political scientists sociologists and all those concerned with the state s propensity toward evil

*Violence* Alex Alvarez, Ronet Bachman, 2008 *Violence* comprises a historical and contemporary discussion of the origins patterns and causes of violence in society Through the use of contemporary and historical sources this book explore a variety of individual and collective types of violent crimes It incorporates a broad interdisciplinary approach to analyzing the patterns and correlates of violence using the most up to date research and theories and presents them in a style intended to be accessible to a wide audience of readers

*Genocide as Social Practice* Daniel Feierstein, 2014-05-14 *Genocide* not only annihilates people but also destroys and reorganizes social relations using terror as a method In *Genocide as Social Practice* social scientist Daniel Feierstein looks at the policies of state sponsored repression pursued by the Argentine military dictatorship against political opponents between 1976 and 1983 and those pursued by the Third Reich between 1933 and 1945 He finds similarities not in the extent of the horror but in terms of the goals of the perpetrators The Nazis resorted to ruthless methods in part to stifle dissent but even more importantly to reorganize German society into a Volksgemeinschaft or people s community in which racial solidarity would supposedly replace class struggle The situation in Argentina echoes this After seizing power in 1976 the Argentine military described its own program of forced disappearances torture and murder as a process of national reorganization aimed at remodeling society on Western and Christian lines For Feierstein genocide can be considered a technology of power a form of social engineering that creates destroys or reorganizes relationships within a given society It influences the ways in which different social groups construct their identity and the identity of others thus shaping the way that groups interrelate Feierstein establishes continuity between the reorganizing genocide first practiced by the Nazis in concentration camps and the more complex version complex in terms of the symbolic

and material closure of social relationships later applied in Argentina In conclusion he speculates on how to construct a political culture capable of confronting and resisting these trends First published in Argentina in Spanish *Genocide as Social Practice* has since been translated into many languages now including this English edition The book provides a distinctive and valuable look at genocide through the lens of Latin America as well as Europe

**The Clausewitzian Dictum and the Future of Western Military Strategy** Gert de Nooy, 2023-09-14 This book aims at defining a rationale for the continued use of military armed force s by states Central to this publication are the answers to fundamental questions pertaining to the convention of war as formulated by Martin van Creveld to define just who is allowed to kill whom for what ends under what circumstances and by what means Above all the authors take into account developments and trends within the elements of the Clausewitzian trinity supporting the Westphalian nation state The People or the Society The Government and The Armed Forces or The Military The change in the Atlantic European security environment and the effects that this will have on the form and content of national and multilateral security strategies and doctrines form the background to this publication Moreover the possible impact of societal changes on West European states as a consequence of European integration are analysed and discussed Finally the consequences of out of area and police type functions for armed forces in addition to the classical defence role are related to the size and composition of future forces First in Chapters Two Martin van Creveld and Three Jan Geert Siccama the Clausewitzian dictum trinitarian theory and the absence of alternative theories of warfare are discussed Next Chapters Four Zeev Maoz and Five Jan van der Meulen deal with societal changes and trends within Western Society at large which affect the future use of armed forces Chapters Six Koen Koch and Seven Jaap de Wilde concentrate on the future relevance of the nation state and the governing bodies in relation to the ongoing process of European political integration and multilateralization of diplomatic interaction Chapters Eight Jan Willem Honig Nine Kees Homan and Ten Robert Bunker address how present day changes and trends affect the armed forces Respectively the authors address issues relating to military strategy personnel and technology Finally Chapter Eleven Gert de Nooy and Rienk Terpstra provides an overview of topical highlights and tentative conclusions emanating from both the chapters and the discussions held during the workshop held in conjunction with this book This book will be of interest to European policy makers defence planners officers under training in military and defence academies and students of international relations political science and security

**Genocidal Crimes** Alex Alvarez, 2009-12-04 *Genocidal Crimes* draws upon the extensive criminological literature on criminality and violence to provide a comprehensive and contemporary analysis of genocide Written in an accessible style this book differs from much of the writing on genocide in that it explicitly relies on criminological theory and research to help provide new insight into the nature and functioning of genocide

Armenian-Americans Anny P. Bakalian, 1993 Based on the results of an extensive mail questionnaire survey in depth interviews and participant observation of communal gatherings this book analyzes the individual and collective struggles of Armenian Americans to perpetuate their Armenian legacy while

actively seeking new pathways to the American Dream This volume shows how men and women of Armenian descent become distanced from their ethnic origins with the passing of generations Yet assimilation and maintenance of ethnic identity go hand in hand The ascribed unconscious compulsive Armenianness of the immigrant generation is transformed into a voluntary rational situational Armenianness The generational change is from being Armenian to feeling Armenian The Armenian American community has grown and prospered in this century     The Ashgate Research Companion to Ethics and International Relations Patrick Hayden,2016-04-01 While skepticism about the role of moral considerations in international politics has been influential within the discipline of international relations IR those writing on topics such as war peace rights and trade up until the twentieth century took seriously the importance of ethical values and moral debates The 1990s and 2000s have seen a substantial growth of attention to the ways in which IR conceives and analyzes themes of an ethical nature and how issues problems and policies involving ethics are addressed by a variety of actors within the international system This indispensable research companion widens the perspective from ethics and international relations to ethics in international relations redressing the mis perception that ethical concepts principles norms and rules are not in part constitutive of the international system and the agents acting within that system Necessarily cross disciplinary expertise is drawn from IR and also philosophy political theory religious studies history and law making this an ideal volume for any library reference collection     **Genocide, War, and Human Survival** Charles B. Strozier,Michael Flynn,1996-05-07 From the tragic workings of the Holocaust and Hiroshima to contemporary examples of genocide in Bosnia and Rwanda this provocative collection of original essays examines the enduring impact of cataclysmic events on the modern human psyche Inspired by the career of Robert Jay Lifton the distinguished contributors use a wide range of disciplinary and methodological approaches to probe society culture and politics in the nuclear age and they explore the therapeutic value of artistic expression to witnesses and survivors of mass violence The essays convey a message of hope by displaying the remarkable diversity of human responses to extreme adversity and by concluding that intellectuals and professionals have an abiding obligation to act responsibly in a world of violence and to provide healing images of transformation Contributors     *Human Rights and Statistics* Thomas B. Jabine,Richard Pierre Claude,2016-11-11 Effective human rights advocacy and research require the use of statistics carefully collected and objectively analyzed and presented using the best techniques available Statistics that lack credibility are of little value Those that can be defended against critics can be effective in throwing the light on violations and promoting the observance of human rights for all The contributors to this book including experts in political science public health law forensic pathology and statistics illustrate good statistical practice in the field of human rights and show the importance of collaboration between statisticians and other professionals The treatment is largely nonmathematical and the examples provide broad coverage of all features of the collection and use of statistical data on human rights violations For readers who would like to do their own analyses an extensive guide to human rights data sources

is included This book is the first to describe and summarize important issues associated with the collection and uses of human rights statistics

***Revolution and Genocide*** Robert Melson, 1996-06 In a study that compares the major attempts at genocide in world history Robert Melson creates a sophisticated framework that links genocide to revolution and war He focuses on the plights of Jews after the fall of Imperial Germany and of Armenians after the fall of the Ottoman as well as attempted genocides in the Soviet Union and Cambodia He argues that genocide often is the end result of a complex process that starts when revolutionaries smash an old regime and in its wake try to construct a society that is pure according to ideological standards

***Once More Unto the Breach, Dear Friends*** Irving Louis Horowitz, Andrew McIntosh, Patrick Ivins, Deborah Berger, 2017-07-05 Candor breadth judiciousness all these are attributes Irving Louis Horowitz possesses as a scholar Under his leadership there is no academic publication from which I have learned as much as Transaction Society David Riesman Harvard University We are all happy beneficiaries of Horowitz's acutely perceptive and often devastatingly plain spoken self as sociologist and sage broad gauged scholar dedicated teacher tough minded editor and publisher with an ingrained sense of fairness Robert K Merton Columbia University

***The Democratic Imagination*** Louis Filler, 2017-07-12 This festschrift celebrates the accomplishments of renowned social scientist Irving Louis Horowitz as he turned sixty five Since Horowitz's views were global and his discourse was never restricted to national boundaries the volume includes contributions from across the globe Collectively the book represents a personal as well as an intellectual statement from the contributors as each one was a friend and colleague of Horowitz The life span of Horowitz's ideas stretches across boundaries many which are focused on in *The Democratic Imagination* The twenty seven essays address Horowitz's work ideas and influence Horowitz was well known for his analysis of the situation in Cuba disarray in American sociology the impacts of technology on the publishing industry and policy making in the post Cold War era Contributions also take note of Horowitz's involvement in diverse areas his work with Robert Kennedy Radio Marti the United States General Accounting Office and his efforts on behalf of the freedom of the press In a final section Horowitz responds to each of the contributors This work celebrating one of the most esteemed social scientists of the twentieth century acknowledges his manifold contributions to the multiple areas in which he worked

***Death by Government*** R. J. Rummel, 1997-01-01 This is R J Rummel's fourth book in a series devoted to genocide and government mass murder or what he calls democide He presents the primary results in tables and figures as well as a historical sketch of the major cases of democide those in which one million or more people were killed by a regime In *Death by Government* Rummel does not aim to describe democide itself but to determine its nature and scope in order to test the theory that democracies are inherently nonviolent Rummel discusses genocide in China Nazi Germany Japan Cambodia Turkey Yugoslavia Poland the Soviet Union and Pakistan He also writes about areas of suspected genocide North Korea Mexico and feudal Russia His results clearly and decisively show that democracies commit less democide than other regimes The underlying principle is that the less freedom people have the

greater the violence the more freedom the less the violence Thus as Rummel says The problem is power The solution is democracy The course of action is to foster freedom Death by Government is a compelling look at the horrors that occur in modern societies It depicts how democide has been very much a part of human history Among other examples the book includes the massacre of Europeans during the Thirty Years War the relatively unknown genocide of the French Revolution and the slaughtering of American Indians by colonists in the New World This riveting account is an essential tool for historians political scientists and scholars interested in the study of genocide

### **Dictatorships in the Hispanic World**

Patricia Swier, Julia Riordan-Goncalves, 2013-07-18 This book broaches a comparative and interdisciplinary approach in its exploration of the phenomenon of the dictatorship in the Hispanic World in the twentieth century Some of the themes explored through a transatlantic perspective include testimonial accounts of violence and resistance in prisons hunger and repression exile silence and intertextuality bildungsroman and the modification of gender roles and the role of trauma and memory within the genres of the novel autobiography testimonial literature the essay documentaries puppet theater poetry and visual art By looking at the similarities and differences of dictatorships represented in the diverse landscapes of Latin America and Spain the authors hope to provide a more panoramic view of the dictatorship that moves beyond historiographical accounts of oppression and engages actively in a more broad dialectics of resistance and a politics of memory

A Modern History of Forgotten Genocides and Mass Atrocities Jeffrey S. Bachman, Esther Brito Ruiz, 2024-11-01 This is the first textbook of its kind to amass cases of genocide and other mass atrocities across the nineteenth twentieth and twenty first centuries that have largely been pushed to the periphery of Genocide Studies or forgotten altogether Divided into four thematic sections Genocide and Imperialism War and Genocide State Repression Military Dictatorships and Genocide and Human Caused Famine Attrition and Genocide A Modern History of Forgotten Genocides and Mass Atrocities covers five continents including case studies from Biafra Yemen Argentina Russia China and Bengal They range from the French conquest of Algeria in the mid nineteenth century to the Yazidi genocide perpetrated by the Islamic State in Iraq and Syria between 2014 and 2017 and show that at times of rising authoritarianism military conquest and weaponization of hunger lines between what is war and what is genocide are increasingly blurred By including genocides and mass atrocities that are often overlooked this volume is crucial to the ongoing debates about whether this atrocity or that one amounts to genocide By including key points events terms and critical questions throughout this is the ideal textbook for undergraduate students who study genocide mass atrocities and human rights across the globe

### **Totalitarianism** Michael Curtis, 1979-01-01

By analyzing Nazi Germany Fascist Italy and the Soviet Union under Stalin the author attempts to determine if totalitarianism is a separate political genre or a subset of authoritarian government and what its basic characteristics are

The Palgrave Handbook of Criminology and War Ross McGarry, Sandra Walklate, 2016-08-22 This interdisciplinary Handbook brings

together into one coherent volume a range of international authors who firmly establish the relevance of war within the

discipline of criminology The chapters address emerging and prevailing issues in the criminological study of war including state crime corporate crime victimology genocide policing security and various forms of violence Taking a critical standpoint including feminist cultural and radical approaches amongst others the Handbook is split into five clear sections 1 The Criminogenic Contexts of War 2 Violence and Victimization at War 3 Violence War and Security 4 Perpetrators of Violence and the Aftermath of War and 5 Cultural and Methodological Developments for a Criminology of War Edited by two leading experts in the field this Handbook provides an original point of reference on the contemporary debates and applications of criminology and war and will be a key resource for academics and students across criminology international relations critical military studies military sociology peace studies and law

*Human Rights* Michael E. Goodhart, 2016 Human Rights Politics and Practice is the most complete most topical and most student friendly introduction to human rights Bringing together a range of international experts including political scientists philosophers lawyers and policy makers the book provides students with a broad range of perspectives on the theoretical and practical issues in this constantly evolving field In addition to in depth theoretical content the book also features unrivalled coverage of human rights issues in practice with a wide range of case studies to explore concrete examples from around the world The third edition has been brought fully up to date with the most recent events and latest research developments in the area Two new chapters have been added one on religion and human rights and one on sexual orientation and gender issues and human rights introducing students to these important topics and expanding the theoretical and practical discussion of issues of universalism and relativism The new edition also features a range of carefully developed pedagogical features to aid student learning encourage critical analysis and challenge students to question their own assumptions The book is accompanied by an Online Resource Centre to enhance students learning and provide valuable support for lecturers For students Revise key terms with a flashcard glossary Take your learning further with links to key human rights documents Use carefully selected web links as a first step towards independent research For registered lecturers Enhance your seminars with a specially developed active learning exercise Use adaptable PowerPoint slides as the basis for lecture presentations or as handouts in class Save time preparing assessments with a fully updated test bank of questions

*The Holocaust, Religion, and the Politics of Collective Memory* Ronald J. Berger, 2017-07-05 The program of extermination Nazis called the Final Solution took the lives of approximately six million Jews amounting to roughly 60 percent of European Jewry and a third of the world's Jewish population Studying the Holocaust from a sociological perspective Ronald J Berger explains why the Final Solution happened to a particular people for particular reasons why the Jews were for the Nazis the central enemy Taking a unique approach in its examination of the devastating event The Holocaust Religion and the Politics of Collective Memory fuses history and sociology in its study of the Holocaust Berger's book illuminates the Holocaust as a social construction As historical scholarship on the Holocaust has proliferated perhaps no other tragedy or event has been as thoroughly documented Yet sociologists have paid less attention

to the Holocaust than historians and have been slower to fully integrate the genocide into their corpus of disciplinary knowledge and realize that this monumental tragedy affords opportunities to examine issues that are central to main themes of sociological inquiry Berger's aim is to counter sociologists who argue that the genocide should be maintained as an area of study unto itself as a topic that should be segregated from conventional sociology courses and general concerns of sociological inquiry The author argues that the issues raised by the Holocaust are central to social science as well as historical studies

The Nazi Holocaust. Part 3: The "Final Solution". Volume 2 Michael Robert Marrus, 2015-06-03 This edition is the first of its kind to offer a basic collection of facsimile English language historical articles on all aspects of the extermination of the European Jews A total of 300 articles from 84 journals and collections allows the reader to gain an overview of this field The edition both provides access to the immense rich array of scholarly articles published after 1960 on the history of the Holocaust and encourages critical assessment of conflicting interpretations of these horrifying events The series traces Nazi persecution of Jews before the implementation of the Final Solution demonstrates how the Germans coordinated anti Jewish activities in conquered territories and sheds light on the victims in concentration camps ending with the liberation of the concentration camp victims and articles on the trials of war criminals The publications covered originate from the years 1950 to 1987 Included are authors such as Jakob Katz Saul Friedländer Eberhard Jäckel Bruno Bettelheim and Herbert A Strauss

### **Taking Lives Genocide And State Power Introduction**

Taking Lives Genocide And State Power Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Taking Lives Genocide And State Power Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Taking Lives Genocide And State Power : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Taking Lives Genocide And State Power : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Taking Lives Genocide And State Power Offers a diverse range of free eBooks across various genres. Taking Lives Genocide And State Power Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Taking Lives Genocide And State Power Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Taking Lives Genocide And State Power, especially related to Taking Lives Genocide And State Power, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Taking Lives Genocide And State Power, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Taking Lives Genocide And State Power books or magazines might include. Look for these in online stores or libraries. Remember that while Taking Lives Genocide And State Power, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Taking Lives Genocide And State Power eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Taking Lives Genocide And State Power full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Taking Lives Genocide And State Power eBooks, including some popular titles.

## FAQs About Taking Lives Genocide And State Power Books

**What is a Taking Lives Genocide And State Power PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Taking Lives Genocide And State Power PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Taking Lives Genocide And State Power PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Taking Lives Genocide And State Power PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Taking Lives Genocide And State Power PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
