these issues This book will appeal not only to readers concerned with China and energy issues but also to a wider readership seeking to understand China's development and its global meaning **Travel Magazine Pincake NO.2 (ENGLISH)**

Foreign Devils on the Silk Road Peter Hopkirk,2011-09-15 The Silk Road which linked imperial

Rome and distant China was once the greatest thoroughfare on earth. Along it travelled precious cargoes of silk, gold and ivory as well as revolutionary new ideas. Its oasis towns blossomed into thriving centres of Buddhist art and learning. In time it began to decline. The traffic slowed, the merchants left and finally its towns vanished beneath the desert sands to be forgotten for a thousand years. But legends grew up of lost cities filled with treasures and guarded by demons. In the early years of the last century foreign explorers began to investigate these legends and very soon an international race began for the art treasures of the Silk Road. Huge wall paintings, sculptures and priceless manuscripts were carried away literally by the ton and are today scattered through the museums of a dozen countries. Peter Hopkirk tells the story of the intrepid men who at great personal risk led these long range archaeological raids incurring the undying wrath of the Chinese. Through a Land of Extremes Nicholas Clinch, Elizabeth Clinch, 2011-06-03. Teresa and St George Littledale were an unlikely British couple who explored Central Asia in the 1890s with their fox terrier. The Littledales were very well known in their time for their extensive travels and exceptional adventures but have been almost completely forgotten. This is the first book about their fascinating story. St George Littledale received the Patron's Medal from the Royal Geographical Society but Teresa was overlooked. For thirty years St George Littledale and his wife Teresa mounted expeditions in North America and Asia. Through a Land of Extremes gives a taste for a bygone time of travel into uncharted unknown territory when adventurers lived by a combination of wit, charm and luck. Of independent means the Littledales began in the American Rockies, Yellowstone and Alaska. These trips were followed by expeditions in the late 1880s in the Caucasus, the Pamirs, Russian Central Asia and Mongolia. Their greatest exploit was a 14 month journey to Tibet in 1895. They were attempting to reach the Forbidden City of Lhasa, the great unmet goal of Central Asian explorers. In order to minimize their chances of being discovered before they neared their goal, St George selected a route across the desolate uninhabited Tibetan Plateau. At a 19 000 foot pass they were finally blocked by 150 armed Tibetans. The Tibetans allowed them to continue over the pass to a suitable stopping place. The Littledales had come within 49 miles of Lhasa, closer than any other foreigners since 1846. This title is part of our LEGENDS AND LORE series. Empire of Horses John Man, 2020-02-04. The author of landmark histories such as *Genghis Khan*, *Attila* and *Xanadu* invites us to discover a fertile period in Asian history that prefigured so much of the world that followed. The people of the first nomadic empire left no written records but from 200 bc they dominated the heart of Asia for four centuries and changed the world in the process. The Mongols, today's descendants of Genghis Khan, see these people as ancestors. Their rise cemented Chinese identity and inspired the first Great Wall. Their descendants helped destroy the Roman Empire under the leadership of Attila the Hun. We don't know what language they spoke but they became known as Xiongnu or Hunnu, a term passed down the centuries and surviving today as Hun and Man. uncovers new evidence that will transform our understanding of the profound mark they left on half the globe from Europe to Central Asia and deep into China. Based on

meticulous research and new archaeological evidence Empire of Horses traces this civilization's epic story and shows how this nomadic culture of the steppes gave birth to an empire with the wealth and power to threaten the order of the ancient world
