Tale Of Kieu Trans By Huynk Sanh Thong:

The Tale of Kieu, 1983-01-01 Since its publication in the early nineteenth century this long narrative poem has stood unchallenged as the supreme masterpiece of Vietnamese literature Th ng s new and absorbingly readable translation on pages facing the Vietnamese text is illuminated by notes that give comparative passages from the Chinese novel on which the poem was based details on Chinese allusions and literal translations with background information explaining Vietnamese proverbs and folk sayings Death Zones and Darling Spies Beverly Deepe Kever, 2020-02-17 Chosen for 2015 One Book One Nebraska In 1961 equipped with a master s degree from famed Columbia Journalism School and letters of introduction to Associated Press bureau chiefs in Asia twenty six year old Beverly Deepe set off on a trip around the world Allotting just two weeks to South Vietnam she was still there seven years later having then earned the distinction of being the longest serving American correspondent covering the Vietnam War and garnering a Pulitzer Prize nomination In *Death Zones and Darling Spies* Beverly Deepe Kever describes what it was like for a farm girl from Nebraska to find herself halfway around the world trying to make sense of one of the nation s bloodiest and bitterest wars She arrived in Saigon as Vietnam s war entered a new phase and American helicopter units and provincial advisers were unpacking She tells of traveling from her Saigon apartment to jungles where Wild West styled forts first dotted Vietnam s borders and where seven years later they fell like dominoes from communist led attacks In 1965 she braved elephant grass with American combat units armed with unparalleled technology to observe their valor and their inability to distinguish friendly farmers from hide and seek guerrillas Kever s trove of tissue thin memos to editors along with published and unpublished dispatches for New York and London media provide the reader with you are there descriptions of Buddhist demonstrations and turning point coups as well as phony ones Two Vietnamese interpreters self described as darling spies helped her decode Vietnam s shadow world and subterranean war These memoirs at once personal and panoramic chronicle the horrors of war and a rise and decline of American power and prestige **Radicalism and the Origins of the Vietnamese Revolution** Hue-Tam Ho Tai, 1996 This work looks at the influence of radicalism on a crucial point in Vietnamese history It reveals an era of student strikes debates on women s emancipation revolt against the patriarchal family and intellectual explorations of French and Chinese politi

Family Tigh trope Nazli Kibria, 1995-03-06 In recent years the popular media have described Vietnamese Americans as the quintessential American immigrant success story attributing their accomplishments to the values they learn in the traditional stable hierarchical confines of their family Questioning the accuracy of such family portrayals Nazli Kibria draws on in depth interviews and participant observation with Vietnamese immigrants in Philadelphia to show how they construct their family lives in response to the social and economic challenges posed by migration and resettlement To a surprising extent the traditional family unit rarely exists and its hierarchical organization has been greatly altered **Misers, Shrews, and Polygamists** Keith McMahon, 1995 Having multiple wives was one of the mainstays of male privilege during the Ming and

Qing dynasties of late imperial China Based on a comprehensive reading of eighteenth century Chinese novels and a theoretical approach grounded in poststructuralist psychoanalytic and feminist criticism *Misers Shrews and Polygamists* examines how such privilege functions in these novels and provides the first full account of literary representations of sexuality and gender in pre modern China In many examples of rare erotic fiction and in other works as well known as *Dream of the Red Chamber* Keith McMahon identifies a sexual economy defined by the figures of the miser and the shrew caricatures of the retentive self containing man and the overflowing male enervating woman Among these and other characters the author explores the issues surrounding the practice of polygamy the logic of its overvaluation of masculinity and the nature of sexuality generally in Chinese society How does the man with many wives manage and justify his sexual authority Why and how might he escape or limit this presumed authority sometimes to the point of portraying himself as abject before the shrewish woman How do women accommodate or coddle the man or else oppose undermine or remold him And in what sense does the man place himself lower than the spiritually and morally superior woman The most extensive English language study of Chinese literature from the eighteenth century this examination of polygamy will interest not only students of Chinese history culture and literature but also all those concerned with histories of gender and sexuality

Vietnamese Tradition on Trial, 1920-1945 David G. Marr, 1984-02-03 Despite the historical importance of the Vietnam War we know very little about what the Vietnamese people thought and felt prior to the conflict Americans have tended to treat Vietnam as an extension of their own hopes and fears successes and failures rather than addressing the Vietnamese record In this volume David Marr offers the first serious intellectual history of Vietnam focusing on the period just prior to full scale revolutionary upheaval and protracted military conflict He argues that changes in political and social consciousness between 1920 and 1945 were a necessary precondition to the mass mobilization and people's war strategies employed subsequently against the French and the Americans Thus he rejects the prevailing notion that Vietnamese success was primarily due to communist techniques of organization However *Vietnamese Tradition on Trial* goes beyond simply accounting for anyone's victory or defeat to an informed description of intellectual currents in general Replying for his information on a previously ignored corpus of books pamphlets periodicals and leaflets the author isolates eight issues of central concern to twentieth century Vietnamese The new intelligentsia indubitably the product of a peculiar French colonial milieu yet never divorced from the Vietnamese past and always looking to a brilliant Vietnamese future spearheaded every debate beginning in 1925 After 1945 Vietnamese intellectuals either placed themselves under ruthless battlefield discipline or withdrew to private meditation David Marr suggests that the new problems facing Vietnamese today make both of these approaches anachronistic Whether the Vietnam Communist Party will allow citizens to subject received wisdom to critical debate to formulate new explanations of reality to test those explanations in practice is the essential question lingering at the end of this study **Literature** David Damrosch, Gunilla Lindberg-Wada, Anders Pettersson, Theo D'haen, Bo Utas, Zhang

[Voices from the Camps](#) James M. Freeman, Nguyen Dinh Huu, 2011-07-01 Wave after wave of political and economic refugees poured out of Vietnam beginning in the late 1970s overwhelming the resources available to receive them Squalid conditions prevailed in detention centers and camps in Hong Kong and throughout Southeast Asia where many refugees spent years languishing in poverty neglect and abuse while supposedly being protected by an international consortium of caregivers *Voices from the Camps* tells the story of the most vulnerable of these refugees children alone either orphaned or separated from their families Combining anthropology and social work with advocacy for unaccompanied children everywhere James M Freeman and Nguyen Dinh Huu present the voices and experiences of Vietnamese refugee children neglected and abused by the system intended to help them Authorities in countries of first asylum faced with thousands upon thousands of increasingly frightened despairing and angry people needed to determine on a case by case basis whether they should be sent back to Vietnam or be certified as legitimate refugees and allowed to proceed to countries of resettlement The international community led by UNHCR devised a well intentioned screening

system Unfortunately as Freeman and Nguyen demonstrate it failed unaccompanied children The hardships these children endured are disturbing but more disturbing is the story of how the governments and agencies that set out to care for them eventually became the children s tormenters When Vietnam after years of refusing to readmit illegal emigrants reversed its policy the international community began doing everything it could to force them back to Vietnam Cutting rations closing schools separating children from older relations and other caregivers relocating them in order to destroy any sense of stability the authorities employed coercion and effective abuse with distressing ease all in the name of the best interests of the children While some children eventually managed to construct a decent life in Vietnam or elsewhere including the United States all have been scarred by their refugee experience and most are still struggling with the legacy Freeman and Nguyen s presentation and analysis of this sobering chapter in recent history is a cautionary tale and a call to action
