Tale Of The Alerion:

The Tale of the Alerion Guillaume De Machaut,2013-09-20 Guillaume de Machaut the most important poet and musician of fourteenth century France had considerable influence on subsequent generations of writers in both France and England With this scholarly translation Minnette Gaudet and Constance B Hieatt made his long neglected narrative poem the Dit de l alerion a treatise on love and falconry available to students of medieval literature In the poem Machaut defines the problems and pleasures of courtly love by comparing them to those of falconry a sport which modern readers know little about The introduction and notes to this edition provide valuable information about the art of falconry thus clarifying aspects of the poem which might be hard to understand today The scholarly notes and introduction furnish explications and variant readings of obscure passages and comments on wordplay A running summary of the contents of the poem is also provided in the margins

Zöopedagogies Bonnie J. Erwin,2018-12-07 The human protagonists of medieval romance are works in progress They are learners taught by an unexpected set of teachers non human animals including horses hawks lions and the various quarry of the hunt These creature teachers show humans how to be more perfectly human how to love fight survive and live according to medieval culture s highest ideals Z opedagogies explores the pedagogical role of animals in medieval romance a genre whose fantastical elements enable animal characters to behave in ways inspired by but not limited to their real world actions Situated at the intersection of animal studies and medieval studies Z opedagogies claims medieval roots for posthumanism by telling a new story about the role of animals in constructing Western culture Bonnie Erwin brings together a diverse array of texts including chivalric romances like Sir Gawain and the Green Knight and popular romances like Bevis of Hampton and Richard Coer de Lyon She puts these into conversation with medieval texts on natural science horsemanship hawking and hunting that inform the representation of creatures who teach In so doing she reveals a rich and nuanced sense of animals as participants in interspecies collaborative culture making

The Medieval New Patricia Clare Ingham,2015-04-07 Despite the prodigious inventiveness of the Middle Ages the era is often characterized as deeply suspicious of novelty But if poets and philosophers urged caution about the new Patricia Clare Ingham contends their apprehension was less the result of a blind devotion to tradition than a response to radical expansions of possibility in diverse realms of art and science Discovery and invention provoked moral questions in the Middle Ages serving as a means to adjudicate the ethics of invention and opening thorny questions of creativity and desire The Medieval New concentrates on the preoccupation with newness and novelty in literary scientific and religious discourses of the twelfth through sixteenth centuries Examining a range of evidence from the writings of Roger Bacon and Geoffrey Chaucer to the letters of Christopher Columbus and attending to histories of children s toys the man made marvels of romance the utopian aims of alchemists and the definitional precision of the scholastics Ingham analyzes the ethical ambivalence with which medieval thinkers approached the category of the new With its broad reconsideration of what the newfangled meant in the Middle Ages The

Medieval New offers an alternative to histories that continue to associate the medieval era with conservatism rather than with novelty its benefits and liabilities Calling into question present day assumptions about newness Ingham's study demonstrates the continued relevance of humanistic inquiry in the so called traditional disciplines of contemporary scholarship *Chaucer Yearbook*, 1997 **Love & Ethics in Gower's *Confessio Amantis*** Peter Nicholson, 2005 Offers a comprehensive new reading of the most important English work of Chaucer's best known contemporary **Three Plays of Maureen Hunter** Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Testament of Love** Thomas Usk, John Leyerle, 2002-01-01 Usk was a figure of political and literary importance who was in the politics of late 14th century London A critical edition of his meditation on the fickle nature of worldly fortune and exploration of the relationship between grace and free will *Guillaume de Machaut, The Complete Poetry and Music, Volume 2* Uri Smilansky, 2019-04-26 This volume is the second of the thirteen in preparation that will offer the first complete scholarly edition of the poetry and music of Guillaume de Machaut the foremost practitioner of these related arts at the end of the Middle Ages in France It provides a freshly prepared edition based on the most reliable manuscript of two of Machaut's best known dits the *Remede de Fortune* Remedy for Fortune and the *Confort d'ami* Consolation from a Friend both of which adapt the central ideas of Boethian philosophy to the love poetry tradition The French texts are accompanied by facing English translations and the musical passages are presented in situ in a performance accessible form **Hunting Troubles** Laura Beck, Maurice Saß, 2025-02-28 This volume examines the cultural history of European and North American hunting from the Middle Ages to the present day from the perspective of gender as well as animal studies It demonstrates that the hunting and killing of animals was and still is a highly codified activity that creates reinforces and sometimes undermines a variety of differences This construction and deconstruction of difference applies not only to the relationship between humanity and animality but also to the relationships between human agents with respect to their gender By applying a comprehensive and interdisciplinary approach this collection dissects the many ways in which hunting often classified as a typically male activity participates on the one hand in the naturalization of gender differences and related binary asymmetries but on the other can sometimes open up a space in which gender boundaries become unsettled and blurred More than any other activity the practice of hunting which is controversial at least in terms of animal ethics seems to lend itself to the negotiation of both what is perceived as human and what as animal and what is seen as masculine and what as feminine **Guillaume de Machaut** Elizabeth Eva Leach, 2014-06-12 At once a royal secretary a poet and a composer Guillaume de Machaut was one of the most protean and creative figures of the late Middle Ages Rather than focus on a single strand of his remarkable career Elizabeth Eva Leach gives us a book that encompasses all aspects of his work illuminating it in a distinctively interdisciplinary light The author provides a comprehensive picture of Machaut's artistry reviews the documentary evidence about his life charts the different agendas pursued by modern scholarly disciplines in their rediscovery and use of specific

parts of his output and delineates Machaut's own poetic and material presentation of his authorial persona Leach treats Machaut's central poetic themes of hope fortune and death integrating the aspect of Machaut's multimedia art that differentiates him from his contemporaries treatment of similar thematic issues music In restoring the centrality of music in Machaut's poetics arguing that his words cannot be truly understood or appreciated without the additional layers of meaning created in their musicalization Leach makes a compelling argument that musico literary performance occupied a special place in the courts of fourteenth century France

The Beginnings of English Law Lisi Oliver,2012-10-30 The laws of thelbert of Kent ca 600 Hlohere and Eadric 685x686 and Wihtrred 695 are the earliest laws from Anglo Saxon England and the first Germanic laws written in the vernacular They are of unique importance as the only extant early medieval English laws that delineate the progress of law and legal language in the early days of the conversion to Christianity thelbert's laws the closest existing equivalent to Germanic law as it was transmitted in a pre literate period contrast with Hlohere and Eadric's expanded laws which concentrate on legal procedure and process and again contrast with the further changed laws of Wihtrred which demonstrate how the new religion of Christianity adapted and changed the law to conform to changing social mores This volume updates previous works with current scholarship in the fields of linguistics and social and legal history to present new editions and translations of these three Kentish pre Alfredian laws Each body of law is situated within its historical literary and legal context annotated and provided with facing page translation

Guillaume de Mauchaut R. Barton Palmer,2013-06-17 This is the first edition in more than a century and the first modern English translation of the crowning masterwork of Machaut's literary career Based on his extensive discussion with returning crusaders the poet recounts King Peter I of Cyprus's successful attack and capture of the Egyptian city of Alexandria in 1365 This volume features a full discussion of Machaut's life and career historical commentary extensive annotation and a select bibliography

Gower's Vulgar Tongue T. Matthew N. McCabe,2011 After establishing his reputation as a literary author by means of his French and Latin verse Gower came to recognise the possibilities which English held for serious poetry in the 1380s This book gives sustained attention to the implications of this language choice for the form readership religious position and lay authority of his best known work the *Confessio Amantis* The author argues that in all of his moral political theological writings Gower's stance as a satirist and publicist is more markedly lay and more rhetorically momentous for reasons associated with this lay status than is generally thought But during the 1380s the conditions for writing lay public poetry in English made the *Confessio* a truly remarkable feat for Gower and for English poetry

Epstein,1997-12-15 The rich medieval French tradition of vernacular devotional songs has not received much scrutiny With *Prions en chantant* Marcia Epstein aims to remedy that situation by offering an edition of largely anonymous trouvère devotional songs designed for both scholars and performers from two late thirteenth century manuscripts The majority of the music is published here for the first time Sixty one songs are presented with forty nine songs exhibited in Old French with a facing page modern English translation followed by old musical notation and facing page with modern musical transcription An additional twelve songs which lack music in the original sources are represented by the Old French text and the modern English translation only The introduction extensively describes the social musical literary and theological aspects of the trouvère songs contained in the volume This is a valuable and welcome addition to the study of medieval music Guillaume de Machaut, The Complete Poetry and Music, Volume 9 Jacques Boogaart,2017-12-31 This long overdue new edition of Guillaume de Machaut's twenty three motets the largest surviving collection of such works by a single composer in this period is based on the most authoritative of the surviving manuscripts and is designed to meet the needs both of advanced scholars and musicians as well as students and performers This user friendly format indicates variants on the scores and has a layout that makes each work's structure clearly visible the lyrics with full English translation are presented at the end of each work Guillaume de Machaut Lawrence Earp,2013-08-21 This book provides an overview of the current state of research on Machaut the major figure of 14th century French music and poetry giving fair representation to the many areas of Machaut research that are pursued in fields outside music Coverage of the current state of knowledge on each of the manuscripts includes the newly discovered Aberystwyth manuscript described in detail here for the first time A section on the large narrative poems pulls together recent research of several scholars and offers new views An up to date concordance of the miniatures in all of the illustrated Machaut
