Tales For Travellers Collection :

Travel Tales Collections: Airplane Stories Michael Brein, Ph.D., 2015-04-20 The Travel Tales Collection Airplane Stories No 9 April 2015 is part of Michael Brein's Collections travel tales series and contains among the best travel stories from Michael's huge collection of travel tales that he has gathered in interviews with nearly 1 750 world travelers and adventurers during his four decades of travel to more than 125 countries throughout the world Travel Tales Collections are groups of very interesting similar travel stories of a kind on a variety of very specific travel subjects themes or countries such as close calls great escapes pickpocketing scams safety and security in travel Paris Morocco Mexico and so on Eventually several hundred Collections on all sorts of specific travel subjects themes and countries will be available on all the major eReaders An airline story is in the news today And so it goes There's hardly a day now that an airline incident of some sort or another is not in the news We're taking a lot closer look at air travel these days than ever before Therefore as regards the psychology of travel we should take a much closer look at what actually happens on airplanes And so in The Travel Psychologist Travel Tales Series that's exactly what I do Air travel life stories include the full range of the human air travel experience from pre boarding incidents to arrivals from the cabin to the loo from the public and private lives of airline personnel as well as passengers from the pilots to the stewards to you from that which makes us laugh to that which makes us cry as well as unfortunately to that which creates abject fear and terror in the skies Air travel is now more in the public eye than ever before Thus it is no wonder now that regarding the experience of traveling in the skies like any other aspect of travel we are not only more circumspect than ever before we are on closer view now much more aware of how air travel is now seen to elicit the full range of the human experience And in this one particular unique microcosmic window of scrutiny we see that air travel is but one unique travel environment in a cornucopia of many others and one that is neither unimportant insignificant indistinct nor independent with respect to the overall experience of travel Love it hate it or simply endure it the lure of traveling in the skies whether as just a means to a place or as an end in and of itself the activity of flying per se airplane travel stories not only endure they are on the increase Whether you've survived a crash been bombed by terrorists been part and parcel of other scares and frights been harassed upon departure or on arrival or even laughed yourself stupid on a flight your tales are memorable and it is my personal mission that some of them are repeated here Introduction to Travel Tales of Airplanes Terror in the Skies Part 1 Travel Tales of Airplanes Terror in the Skies is divided into two parts simply because there is so much material Part 1 appears here in the current Travel Tales Collection issue No 9 Apr 2015 and serves as a general introduction to this subject matter Part 2 The unabridged expanded forthcoming ebook Travel Tales of Airplanes Terror in the Skies part of The Travel Psychologist Travel Tales Series is a larger volume and includes both Parts 1 and 2 The travel stories in Part 1 consist mainly of the personal air travel tales of Michael Brein me the author plus those of a few other contributors The travel stories in Part 2 are largely the air travel stories of world travelers and adventurers whom I've

encountered and interviewed all throughout my travels over the last four decades to 125 countries Mostly your own air travel will typically be exciting interesting and without incident but odd things can and do happen to you at almost any turn along the way in your travels and air travel is no exception Unfortunately the restricted constricted and microcosmic environment of the airplane lends itself sometimes to a variety of episodes illustrating the vagaries of the human temperament and behavior that rear their ugliness on airplanes from time to time whereby air passengers and crew sometimes act and behave in ways that are often atypical and different from how we normally would behave at home I hope only peaceful and laughable events happen to you in your air travels I sincerely hope that the negative travel tales of airplanes do not happen to you in your own travels If something interesting happens to you in your air travels you deserve to also be in these pages Got an interesting travel tale for The Travel Psychologist Travel Tales Series Please contact Michael Brein at michaelbrein gmail com Note Some stories may be repeated in other eBooks in the series depending on the countries and subjects covered

Travel Tales Collections: Toilet Stories

Michael Brein, Ph.D., 2015-03-18 The Travel Tales Collection Toilet Stories No 8 March 2015 is part of Michael Brein's Collections travel tales series and contains among the best travel stories from Michael's huge collection of travel tales that he has gathered in interviews with nearly 1 750 world travelers and adventurers during his four decades of travel to more than 125 countries throughout the world Travel Tales Collections are groups of very interesting similar travel stories of a kind on a variety of very specific travel subjects themes or countries such as close calls great escapes pickpocketing scams safety and security in travel Paris Morocco Mexico and so on Eventually several hundred Collections on all sorts of specific travel subjects themes and countries will be available on all the major eReaders In the previous issue of Travel Tales Collections No 7 Feb 2015 I included a selection of food and drink experiences that you can have in your travels Therefore it is only fitting after covering food and drink travel stories that we now turn our attention to what inevitably comes next or later namely the subject of toilets in travel After all toilet experiences are an unfortunate but essential aspect of living that like it or no we all must come to terms with whether on the home front or in strange exotic foreign lands Being often beset with culture shock issues almost at every turn especially in third world countries the necessity of dealing with toilets where to find them what to do about them and how to use them even elicits from many travelers nothing less than abject terror Thus for instance when nature calls and you have barely a clue as to what to do about it or where to go well for many it is in the least horribly anxiety provoking and for others nothing less than horrifying and debilitating For in the best of all possible worlds namely in your home where you have your bathroom all set up just as you like it with an ample supply of paper toilet tissue rolls a great functioning sink fresh safe water nearby reading matter in a word you have conveniently all the first world accouterments for

dealing with the art and science of defecation fit for a king or queen no less at least in your own private castle on your own private throne But what if you find yourself in a third world outback where you are bluntly faced with nothing but a bare hole in the ground and with NO paper of any kind anywhere in sight And what if there are piles of human feces and hordes of flies at just about nearly every turn and in every corner You have the stark realization that you are not in Kansas anymore Are you of the proper mindset to deal with all of this Be it as it may there is of course much humor surrounding the subject of toilets in travel and considerable disgust as well In this issue we pull no punches and deal with the subject of toilets overseas head on Pun intended They say that in travel people often ask the same basic sorts of questions over and over again when they meet for the first time Where are you from What do you do Where are you going and on and on It should not be at all surprising therefore that one of the typical morning topics of conversation among travelers in the third world often is however disgusting and revolting this may be and maybe the number one or number two pun intended things travelers talk about together during their early mornings I swear this is true whether they ve had a good dump or not Or Did you have diarrhea again Or Did you drink the water It is about all this crap literally and figuratively there is no escaping it Call it all TMI too much information but it s about what starts you off on a good or a bad day And it IS after all what you really do talk about Some of the toilet stories I ve gathered are truly hilarious and some sad to say are not It s a third world out there and if you are not prepared for it BEWARE The pages in this ebook will make you much more aware But be forewarned this ebook is not for the faint of heart Oh yeah you will laugh your okole Hawaiian for butt off and if you re not quite ready for it it just might dissuade you from really truly roughing it However discouraging you from third world travel is not my purpose rather it is to inform you enlighten you and prepare you somewhat for the inevitable consequences of drinking the ice or water eating unpeeled fruits or veggies eating some street food or crossing that stream with an open sore any of which may have some unpleasant and unintended consequences in store for you My advice to you is this if you are squeamish about toilets in the third world perhaps you should think about making alternate travel plans In any event the travel tales of toilets which follow should help prepare you for such adventures When nature calls you and you have NO where to go or not much of an idea of what you can do about it well you will have earned yourself a place in these very pages **Travel Tales**

True Tales of a Traveller Volume One Alix Lee, The True Tales of a Traveller series of short stories and novellas consists of several dozen real life travellers tales covering three and a half decades Although presented in a short story format for reading convenience these stories are not fiction Apart from some of the characters names which have been changed to protect their identities everything in these stories is true The first of this series of stories Goodbye Sinai is set in 1982 at the time of Israel s return of the Sinai peninsula to Egypt during my time working as a volunteer on a kibbutz in the nearby Negev desert This is the story of a hitchhiking trip to the southern tip of the Sinai As well as being a lesson to be mentally prepared for possible hardships when hitchhiking and to keep an open mind and disregard stereotypes when dealing with the people you meet it also provides a glimpse into life in the region as the Israelis were pulling out The second of this series of stories Working Holiday is set in a hotel just outside Athens Greece in 1982 where I worked with two friends from the Israeli kibbutz A seemingly perfect working holiday turns into a very difficult situation as it becomes apparent that the hotel manager does not pay his employees A showdown with the manager over pay results in him pulling a gun on us The hotel was still in operation at the time of this book s publication The third of this series of stories The Long Way Home is set in not one but half a dozen European countries in 1982 and 1983 At over 17 000 words this story is a short novella In addition to being a travel story The Long Way Home is also a love story and a story about the unexpected twists and turns that can occur in personal relationships The fourth story in the series Alternative Medicine is set mostly in Greece and Egypt in 1983 At around 13 000 words this is a lengthy short story which may need more than one sitting As well as being a travel story Alternative Medicine is also a story about career hopes delusions expectations and opportunities The fifth story A Career in Travel is at nearly 40 000 words a substantial novella length account set mostly in Britain in 1984 The story is about a young traveller s attempt to integrate his love for travel into a regular settled lifestyle in London Although humorous in places this is also a thought provoking story that goes to the heart of what it means to be a traveller the differences and similarities between a traveller and a tourist the differences and similarities between a traveller and an immigrant and a traveller s place in society Travel in the British Isles and a number of nearby countries is related as the traveller tries hard to come to terms with self imposed travel limitations and the challenges of settling down into a more

sedentary and hopefully matrimonial life Like the other stories in the series it provides not only an entertaining read but also information on all the places visited some relevant only to the era in which the story is set but most still relevant at the time of this book s publication *The Legend of Sleepy Hollow. Rip Van Winkle. Tales of a Traveller.* Washington Irving,2024-06-27 The Legend of Sleepy Hollow Rip Van Winkle and Tales of a Traveller is a timeless collection of short stories written by Washington Irving one of America s foremost literary figures Originally published in the early years of XIX century this collection has captivated readers for centuries with its haunting and humorous tales that have become iconic pieces of American literature The book begins with the legendary tale of The Legend of Sleepy Hollow set in a small village in New York state The story follows the adventures of Ichabod Crane a superstitious schoolteacher who becomes infatuated with a local beauty Katrina Van Tassel However Crane s pursuit of Katrina is threatened by the presence of a legendary headless horseman who haunts the village at night With its eerie atmosphere and vivid description of the supernatural The Legend of Sleepy Hollow has become a classic Halloween read and has been adapted into multiple films and television shows The second story in this collection is Rip Van Winkle a beloved American folktale that tells the story of a man who falls asleep for 20 years and wakes up to a completely changed world Set in the countryside of New York this story is a humorous and satirical commentary on the American Revolution and the changes that occurred in society during this time Rip Van Winkle s character is an embodiment of the American spirit of independence and his journey highlights the country s transition from a British colony to a newly formed nation The remaining tales in this collection collectively known as Tales of a Traveller showcase Irving s talent for storytelling and his keen observations of human nature Written in the form of travelogues these stories take readers on a journey through Europe and the Middle East exploring themes of love adventure and human folly Through his vivid descriptions and sharp wit Irving paints a vivid picture of the places he visited and the people he encountered creating a sense of wonder and escapism for readers What makes this collection truly remarkable is not just the timeless stories it contains but also the imaginative and eloquent writing style of Washington Irving His use of descriptive language wit and humor bring the stories to life and transport readers to another time and place Through his writing Irving captures the essence of American folklore and showcases the diversity of the American landscape and its people Moreover this collection has had a lasting impact on American literature and popular culture It has inspired countless adaptations from movies and TV shows to stage productions and even an amusement park ride Irving s tales have also influenced numerous other writers including Edgar Allan Poe and Nathaniel Hawthorne and continue to be studied and appreciated by readers of all ages The Legend of Sleepy Hollow Rip Van Winkle and Tales of a Traveller is a must read for anyone interested in American literature folklore or simply looking for a good scare Through its timeless stories vivid imagery and masterful storytelling this collection remains a significant piece of American literary history and a testament to Washington Irving s enduring legacy **Travel Tales Monthly** Michael Brein, Ph.D.,2014-10-19 Michael Brein s Travel Tales Monthly is a
