ORSON SCOTT CARD

Alvin's mortal enemy, the Unusaker, has found hearts and hands willing to do its bidding, while Alvin and the Prophet's people were making their last stand. Just across the Rio River from the town of Hancock River was the first of the sheep-holding territories — and they ran south all the way to the sea.

Both the United States and Appalachia have abolished slavery, while the Crown Colonies still deal in human flesh. But the slaves know their hope of freedom lies just beyond the river, and the daring—or desperate—have often come within the range of Hatterick River's north. Little Peggy is now sixteen, and has seen more of the world's evil than anybody rightly should—and when she "hears" a young girl and her infant son she isn't surprised by the cruelty the slave is running from. Peggy's father takes the risk of bringing the two back to the guest house, and in doing so creates the one path in all of Peggy's possible futures that may lead to happiness for both her and Alvin.

And so when Alvin arrives in Harrocks River to take up his apprenticeship with Makepeace Smith and learns to be a blacksmith, he finds that nothing is as he expected it to be. The would-be Master is on his own, and the works of the Clockmaker are close at hand.
