Anthologizing Poe Emron Esplin,Margarida Vale de Gato,2020-08-06 This collection explores how anthologizers and
editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize
revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U
S author This influence however cannot be attributed solely to the quality of Poe s texts or to his compellingly tragic
biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted portrayed and
packaged by an extensive group of mediators ranging from anthologizers editors translators and fellow writers to literary
critics filmmakers musicians and illustrators In this volume the work of presenting Poe s texts for public consumption
becomes a fascinating object of study in its own right one that highlights the powerful and often overlooked influence of
those who have edited anthologized translated and adapted the author s writing over the past 170 years Selected
