a time when the world was young back when Peter Rabbit's great great ever so great grandfather was a young hopper and Old Mother Nature still had some work to do on basic designs She sees that a duck needs webbed feet to swim and a prairie dog needs a burrow designed to keep dry Burgess's animals are proud of their unique features and abilities but the real voice of enthusiasm is the author's own sharing the delights he found in the woods of New England Typical of the book's charm is the story of where Dippy the loon got the name of being crazy The bird is smarter than he looks and that's how Dippy always gets the last laugh 10% of the profit from the sale of the book will be donated to charities Thornton W Waldo Burgess 1874 1965 American author naturalist and conservationist wrote popular children's stories including the Old Mother West Wind series 1910 He would go on to write more than 100 books and thousands of short stories during his lifetime Thornton Burgess loved the beauty of nature and its living creatures so much that he wrote about them for 50 years in books and his newspaper column Bedtime Stories He was sometimes known as the Bedtime Story Man By the time he retired he had written more than 170 books and 15 000 stories for the daily newspaper column
