Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since

World War II The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown Accordingly the author regards the complex subtle work of Shirley Jackson Ramsey Campbell Robert Aickman T E D Klein and Thomas Ligotti as considerably superior to the best sellers of Stephen King Clive Barker Peter Straub and Anne Rice Other writers such as William Peter Blatty Thomas Tryon Robert Bloch and Thomas Harris are also discussed Taken as a whole the volume represents a pioneering attempt to chart the development of weird fiction over the past half century Terror Television

Screen Stories Carl R. Plantinga, 2018 The way we communicate with each other is vital to preserving the cultural ecology or wellbeing of a place and time Do we listen to each other Do we ask the right questions Do we speak about each other with respect or disdain The stories that we convey on screens or what author Carl Plantinga calls screen stories are one powerful and pervasive means by which we communicate with each other Screen Stories Emotion and the Ethics of Engagement argues that film and media studies needs to move toward an approach to ethics that is more appropriate for mass consumer culture and the lives of its citizens Primarily concerned with the relationship between media and viewers this book considers ethical criticism and the emotional power of screen stories that makes such criticism necessary The content we consume from television shows and movies to advertisements can significantly affect our welfare on a personal and societal level and thus this content is subject to praise and celebration or questioning and even condemnation The types of screen stories that circulate contribute to the cultural ecology of a time and place through shared attention they influence what individuals think and feel Plantinga develops a theory of the power of screen stories to affect both individuals and cultures asserting that we can better respond ethically to such media if we understand the sources of its influence on us

Science Fiction and Fantasy Book Review Neil Barron, R. Reginald, 2009-11-01 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction, this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field, by amateur critics, and by litterateurs and University professors. Over a thousand books were covered during the single year of publication, many of them having been reviewed nowhere else before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic, editor of the acclaimed *Anatomy of Wonder* series. Robert Reginald was the publisher for twenty-five years of Borgo Press and has authored over 110 books of his own. **A Scary Little**

Christmas Matthew C. DuPée, 2022-06-17 Controversial yet beloved among audiences, Christmas-themed horror movies emerged in the early 1970s and gained a notorious reputation with *Silent Night, Deadly Night* 1984 depicting Santa as an ax-wielding maniac. Some parents and conservative groups condemned the film, while others embraced the portrayal of Yuletide as a backdrop for fear and dread. Drawing on interviews with directors, producers, special effects artists, photographers, and actors, this book celebrates the sordid, colorful history of the Christmas horror subgenre. Psycho Santa films such as *Christmas Evil* 1980 and *3615 Code* 1989 are examined along with Yule Die slashers like *The Dorm That Dripped Blood* 1982, *Black Christmas* 1974, and *Silent Night, Bloody Night* 1972. Commercial successes like *Gremlins* 1984 and *Rare Exports: A Christmas Tale* 2010 are covered as well as more recent releases such as *Better Watch Out* 2016, *Red Christmas* 2016, and *Deathcember* 2019. Rare photographs, promotional materials, and an annotated filmography are provided. **Dinosaurs in**

Fantastic Fiction Allen A. Debus, 2006 This literary survey examines how paleoliterature originated, developed, and matured from its inception to the present day. It follows trends in the crafting of classic dinosaurs, investigating the figurative and metaphoric meaning of fictional dinosaurs and related prehistoria. An appendix provides brief summaries of deserving dinosaur texts, organized alphabetically by author. Provided by publisher. **New York Magazine**, 1987-06-08 New York

With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Horror Films of the 1980s* John Kenneth Muir, 2010-07-28 John Kenneth Muir is back. This time the author of the acclaimed *Horror Films of the 1970s* turns his attention to 300 films from the 1980s.
