Hornfischer, 2008-11-12 This will be a fight against overwhelming odds from which survival cannot be expected We will do what damage we can With these words Lieutenant Commander Robert W Copeland addressed the crew of the destroyer escort USS Samuel B Roberts on the morning of October 25 1944 off the Philippine Island of Samar On the horizon loomed the mightiest ships of the Japanese navy a massive fleet that represented

the last hope of a staggering empire All that stood between it and Douglas MacArthur's vulnerable invasion force were the Roberts and the other small ships of a tiny American flotilla poised to charge into history In the tradition of the 1 New York Times bestseller *Flags of Our Fathers* James D Hornfischer paints an unprecedented portrait of the Battle of Samar a naval engagement unlike any other in U S history and captures with unforgettable intensity the men the strategies and the sacrifices that turned certain defeat into a legendary victory **BONUS** This edition includes an excerpt from James D Hornfischer's *Neptune's Inferno* Praise for *The Last Stand of the Tin Can Sailors* One of the finest WWII naval action narratives in recent years this book follows in the footsteps of *Flags of Our Fathers* Exalting American sailors and pilots as they richly deserve Reads like a very good action novel Publishers Weekly Reads as fresh as tomorrow's headlines Hornfischer's captivating narrative uses previously classified documents to reconstruct the epic battle and eyewitness accounts to bring the officers and sailors to life Texas Monthly Hornfischer is a powerful stylist whose explanations are clear as well as memorable A dire survival at sea saga Denver Post In *The Last Stand of the Tin Can Sailors* James Hornfischer drops you right into the middle of this raging battle with 5 inch guns blazing torpedoes detonating and Navy fliers dive bombing The overall story of the battle is one of American guts glory and heroic sacrifice Omaha World Herald **Tin Can Sailor** Susan Cosentino,2000-06-09 More than eight hundred sailors served aboard the Sterett during her hazardous and demanding duties in World War II This is the story of those men and their beloved ship recorded by a junior officer who served on the famous destroyer from her commissioning in 1939 to April 1943 when he was wounded at the Battle of Tulagi Peppered with the kind of vivid authentic details that could only be provided by a participant the book is the saga of a gallant fighting ship that earned a Presidential Unit Citation for her part in the Third Battle of Savo Island where she took on a battleship cruiser and destroyer and was the last to leave the fray Calhoun's gripping and colorful account tells what it was like to be there during those furiously fought close range engagements When published in hardcover in 1993 the book was widely praised as a good read loaded with rich and interesting details **Tales from a Tin Can** Michael Olson,2020 *Tales From A Tin Can* is a beginning to end eyewitness account of World War II in the Pacific *Tales From A Tin Can* consists of 424 stories from 44 of the officers and crew who served aboard the U S Navy destroyer USS Dale from 1941 to 1945 Their colorful from the deck stories include the major naval campaigns that earned Dale 12 Battle Stars as she steamed from the homeports of the Pacific Coast to the tropical outposts of the South Pacific through the glutinous fogs and williwaw winds of the Bering Sea into the killer typhoons of the South China Sea The stories include escaping Pearl Harbor while under Japanese attack on 7 December 1941 participating in carrier raids on Japanese bases throughout the Western Pacific supporting carrier battles at Coral Sea and Midway escaping the torpedoes aerial attacks and naval gun fire at and around Guadalcanal's Iron Bottom Sound invading Attu and Kiska in the Aleutians fighting the Battle of the Komandorski Islands said to be the longest gun fight in modern naval history invading the Gilbert Marshall Caroline and Philippines Islands providing

The Last Stand of the Tin Can Sailors James D. Hornfischer, 2021-10-20 Adapted from the naval history classic and New York Times bestseller *The Last Stand of the Tin Can Sailors* pieces together the action of the Battle off Samar bringing to life a riveting story of heroism against daunting odds duty and sacrifice in a way never seen before In October 1944 Allied forces began landing on the Philippine island of Leyte Quickly assessing the threat of the Allied invasion the Japanese navy sought to counterattack But with the island protected by the full strength of Admiral William F Halsey s Third Fleet a direct attack was nearly impossible Undeterred the Japanese Admiralty deployed their forces engaging the Third Fleet and retreating in a manner that drew the fleet into a hot pursuit However Admiral Halsey had been deceived and the Japanese plan had taken his fleet out of position to defend the American beachhead With the northern route to Leyte open and unguarded the Japanese Center Force a fleet led by the battleship Yamato the largest and most powerful battleship ever constructed seemingly had a clear path to the landing beaches on Leyte Only one thing stood between the Japanese forces and the vulnerable objective Taffy 3 a small task unit from the Seventh Fleet was made up of destroyers destroyer escorts and escort aircraft carriers thirteen ships with little firepower and even less armor On the morning of October 25 1944 Taffy 3 suddenly became the only obstacle between the Allied landings and the Japanese Center Force Hopelessly outmanned and outgunned Taffy 3 plunged into battle The ensuing action known as the Battle off Samar became one of the greatest last stands in naval history

Phalanx Against the Divine Wind: Protecting the Fast Carrier Task Force During World War 2 Martin Irons, 2018-09-21 A saga of the USS Haynsworth and Destroyer Squadron 62 in the Pacific theater during the last few years of the war along with an analysis of the United States naval situation before then

Two Navies Divided Brian Lavery, 2025-04-22 The title is derived from George Bernard Shaw s comment that England and America are two countries divided by a common language It is not intended to imply that the two navies were seriously at odds with one another but rather to suggest as in the case of language that common roots and usages varied significantly And the Second World War is a pertinent moment for comparison They fought on the same side against a common enemy for nearly four years but Britain fought the war for the survival of itself and its empire though in the long term it failed with the latter while the American government fought to maintain its influence through the balance of power its people fought for revenge for Pearl Harbor and out of a sense of justice In this new book Brian Lavery describes

and analyzes the differences and similarities between the two navies and in doing so sheds fascinating light on how the naval war was fought For example both navies had spectacular failures after entering the war the Royal Navy off Norway the USN at Pearl Harbor and Savo Island Paradoxically both commenced the war with quite amateur performances by professional navies and ended with highly skilled performances by largely amateur manned forces The training systems for regular officers had flaws in both countries In Britain entry was largely dependent on family income in America on political influence But American officers probably had a broader perspective by the time they entered active service The book covers ships and weapons systems for instance the British used too many gun types in the 4 to 6in range while the Americans concentrated on the well designed 5in And the author describes conditions onboard ships British vessels were awash with alcohol which had its attractions for Americans when alongside the Americans offered ice cream in return These examples represent only a tiny proportion of the subjects covered in this stimulating analysis Aviation the marines of both navies anti submarine and mine warfare uniforms propulsion systems shipbuilding and building programs commanders and national leaders ratings and officers ship design geographical environments naval bases hammocks and bunks the deployment of women these are among the myriad big and small themes that will open the eyes of naval historians and enthusiasts and show anyone with an interest in the Second World War how these two great allies came together to defeat the Axis forces

The Death of Things Sarah Wasserman, 2020-10-20 A comprehensive study of ephemera in twentieth century literature and its relevance to the twenty first century Nothing ever really disappears from the internet has become a common warning of the digital age But the twentieth century was filled with ephemera items that were designed to disappear forever and these objects played crucial roles in some of that century's greatest works of literature In *The Death of Things* author Sarah Wasserman delivers the first comprehensive study addressing the role ephemera played in twentieth century fiction and its relevance to contemporary digital culture Representing the experience of perpetual change and loss ephemera was central to

great works by major novelists like Don DeLillo Ralph Ellison and Marilynne Robinson Following the lives and deaths of objects Wasserman imagines new uses of urban space new forms of visibility for marginalized groups and new conceptions of the marginal itself She also inquires into present day conundrums our fascination with the durable our concerns with the digital and our curiosity about what new fictional narratives have to say about deletion and preservation The Death of Things offers readers fascinating original angles on how objects shape our world Creating an alternate literary history of the twentieth century Wasserman delivers an insightful and idiosyncratic journey through objects that were once vital but are now forgotten

For Crew and Country John Wukovits, 2013-01-29 The acclaimed WWII historian recounts the most dramatic naval battle of the Pacific War and the incredible sacrifice of the USS Samuel B Roberts On October 25 1944 the Samuel B Roberts along with the other twelve vessels comprising its unit stood between Japan's largest battleship force ever sent to sea and MacArthur's transports inside Leyte Gulf Faced with the surprise appearance of more than twenty Japanese battleships cruisers and destroyers including the infamous Yamato the Samuel B Roberts turned immediately into action with six other ships Captain Copeland marked the occasion with one of the most poignant addresses ever given to men on the edge of battle Men he said over the intercom we are about to go into a fight against overwhelming odds from which survival cannot be expected The Samuel B Roberts went down with guns blazing in a duel reminiscent of Davy Crockett's Alamo defenders The men who survived faced a horrifying three day nightmare in the sea where they battled a lack of food and water scorching sun numbing nighttime cold and bloodthirsty sharks In For Crew and Country John Wukovitz vividly chronicles the Battle off Samar one of history's greatest clashes at sea
