Tell Me a Story Dante Fabiello,2010-04 Once upon a time there was a little girl called Alexandra who asked her daddy Daddy please tell me a stooweeee Well this is my story on how I created thousands of children stories These stories come from a world where animals of all kinds all talk and learn like children about life Around the age of three my daughter got tired of me reading little kiddy stories and asked me Daddy please tell me a stooweeee So every night I would make up a new short story One day when she was 7 years old I decided to tape these stories so she could hear them over and over Well that went on for 7 more years with over 110 hours and over 3 000 stories There are so many stories that I will have to write many more volumes So here we are the first book is published and now kids all over the world can enjoy them as my daughter did for many years The time you spend with your child is most rewarding Never get tired of loving kissing and hugging them no matter how old they get Please view the book website by Clicking here Please view sample stories from the book by Clicking here

Solacers

Arion Golmakani,2024-05-03 Solacers tells the touching story of a 5 year old child s search for family life and safety following the divorce of his parents in Iran during the 1960 s The first child of a heartless father and a discarded mother is left to fend for himself on the streets of Mashhad seeking food and shelter wherever he can His lonely early years are an unbelievable tale of cruelty and betrayal on the part of nearly everyone who might be expected to help save for one aunt who does her best to keep him from starving But living a harsh and solitary existence has one advantage for this little boy other than forcing him to be self reliant no one attempts to indoctrinate him on rural Iranian society s archaic cultural values and religious beliefs And so he never accepts his wretched state as fate choosing instead to dream big dreams about getting an education having his own family and starting a new life possibly in the faraway land called America He makes a plan and by the age of 17 he boards a plane to the land of possibilities where his dreams eventually also take flight A story of hope determination and forgiveness Solacers is a remarkable tale of resilience
