Tales Of Good And Evil Help And Harm:

In the Eye of the Hurricane Philip Hallie, 2001-07-10 Eleven accessible tales explore the ethical motives of three real life heroes

The Double Binds of Ethics after the Holocaust J. Geddes, J. Roth, 2009-04-26 The Double Binds of Ethics after the Holocaust advances the idea that the Holocaust undermined confidence in basic beliefs about human rights and shows steps of salvage and retrieval that need to be taken if ethics is to be a significant presence in a world still besieged by genocide and atrocity

The Failures of Ethics John K. Roth, 2015-07-30 Defined by deliberation about the difference between right and wrong encouragement not to be indifferent toward that difference resistance against what is wrong and action in support of what is right ethics is civilization's keystone The Failures of Ethics concentrates on the multiple shortfalls and shortcomings of thought decision and action that tempt and incite us human beings to inflict incalculable harm Absent the overriding of moral sensibilities if not the collapse or collaboration of ethical traditions the Holocaust genocide and other mass atrocities could not have happened Although these catastrophes do not pronounce the death of ethics they show that ethics is vulnerable subject to misuse and perversion and that no simple reaffirmation of ethics as if nothing disastrous had happened will do Moral and religious authority has been fragmented and weakened by the accumulated ruins of history and the depersonalized advances of civilization that have taken us from a bloody twentieth century into an immensely problematic twenty first What nevertheless remain essential are spirited commitment and political will that embody the courage not to let go of the ethical but to persist for it in spite of humankind's self inflicted destructiveness Salvaging the fragmented condition of ethics this book shows how respect and honor for those who save lives and resist atrocity deepened attention to the dead and to death itself and appeals for human rights and renewed spiritual sensitivity confirm that ethics contains and remains an irreplaceable safeguard against its own failures

The Restoration of Albert Schweitzer's Ethical Vision Predrag Cicovacki, 2012-05-03 Argues for the continuing relevance of Albert Schweitzer's thought especially of his overarching theme of Reverence for Life

Art and Ethical Criticism Garry L. Hagberg, 2010-10-18 Through a series of essays Art and Ethical Criticism explores the complex relationship between the arts and morality Reflects the importance of a moral life of engagement with works of art Forms part of the prestigious New Directions in Aesthetics series which confronts the most intriguing problems in aesthetics and the philosophy of art today

Controversies in Feminism James P. Sterba, 2001 Feminism was born in controversy and it continues to flourish in controversy The distinguished contributors to this volume provide an array of perspectives on issues including universal values justice and care a feminist philosophy of science and the relationship of biology to social theory

A Philosophical Exploration of the Humanities and Social Sciences Giorgio Baruchello, Ársæll Már Arnarsson, 2022-11-07 Humor has been praised by philosophers and poets as a balm to soothe the sorrows that outrageous fortune's slings and arrows cause inevitably if not incessantly to each

and every one of us In mundane life having a sense of humor is seen not only as a positive trait of character but as a social prerequisite without which a person's career and mating prospects are severely diminished if not annihilated However humor is much more than this and so much else In particular humor can accompany cruelty inform it sustain it and exemplify it Therefore in this book we provide a comprehensive reasoned exploration of the vast literature on the concepts of humor and cruelty as these have been tackled in Western philosophy humanities and social sciences especially psychology Also the apparent cacophony of extant interpretations of these two concepts is explained as the inevitable and even useful result of the polysemy inherent to all common sense concepts in line with the understanding of concepts developed by M Polanyi in the 20th century Thus a thorough nuanced grasp of their complex mutual relationship is established and many platitudes affecting today's received views and scholarship are cast aside Like Aristotle and Dewey Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understands to arrive at a critical insight into the concepts these words represent which are both disparate and interrelated Richard Marc Rubin President George Santayana Society Living on the Edge of the Edge Ruth Elizabeth Krall, Lisa Schirch, PhD, 2017-06-19 There are several divisive issues that separate Christian from Christian in the current century One issue is the church's management of clergy sexual abuses of children teens and adults A second is the issue of sexual gender orientation and church membership Contemporary Christian denominations often intermingle the divisive issue of clergy and religious leader sexual abusiveness with the equally divisive issue of sexual gender orientation In this book Professors Krall and Schirch disentangle and discuss these two issues They discuss their personal and their professional opinions about ways in which religious and spiritual teaching communities can avoid the institutional perils of abusive clericalism and divisive denominational management practices Throughout the book they apply Anabaptist Mennonite principles of peace making in situations of sexual violation Case studies are provided A feminist hermeneutic is applied Each letter essay is auto ethnographic in style the professional and the personal are deliberately blurred inside a framework of narrative and story Each essay is deeply rooted in its author's academic interests and in her personal life history This book can be a text in graduate and undergraduate classrooms It can also be used in denominational self study programs The Moral of the Story Nina Rosenstand, 2003 This popular text uses examples from fiction and film to show how ethical theories can be applied By linking abstract theory to real life through storytelling and story analysis Rosenstand offers a remarkably effective way of helping students understand and evaluate moral issues **Art in Three Dimensions** Noël Carroll, 2010-07-15 Art in Three Dimensions is a collection of essays by one of the most eminent figures in philosophy of art The animating idea behind Noël Carroll's work is that philosophers of art should eschew the sort of aestheticism that often implicitly but sometimes explicitly as in the case of aesthetic theories of art and of their commitments to the notion of the autonomy of art governs their methodology Instead Carroll argues that philosophers of art need to refocus their attention on

the ways in which art enters the life of culture and the lives of individual audience members The reference to three dimensions in the title refers to Carroll's view that philosophers of art should look at art from multiple angles and treat it as a substantial participant not only in society but also as a significant influence upon the moral and emotional experiences of audiences *Rethinking Justice* Richard H. Bell, 2007-01-01 In *Rethinking Justice* Richard H. Bell lifts up and restores an idea of justice found in classical writers such as Socrates and Seneca as well as in more recent thinkers Justice classically has dealt with righting wrongs and restoring peace to individuals and human communities We have lost sight of this in our modern political and legal dealings and must find a way to return it to mind and to practice Each chapter looks at ways to restore such reconciliatory practices to the idea of justice that can be found in our contemporary life and literature and focuses on numerous recent cases of abuse of justice among individuals groups and nations Bell approaches justice as a concept that goes hand in hand with compassion mercy and trust *Rethinking Justice* reminds us that we have an obligation to foster peace be merciful and promote reconciliation with our brothers and sisters in humanity *Dimensions* ,2001
