Storm of the Century Willie Drye,2019-08-01 In 1934 hundreds of jobless World War I veterans were sent to the remote Florida Keys to build a highway from Miami to Key West The Roosevelt Administration was making a genuine effort to help these down and out vets many of whom suffered from what is known today as post traumatic stress disorder But the attempt to help them turned into a tragedy The supervisors in charge of the veterans misunderstood the danger posed by hurricanes in the low lying Florida Keys In late August 1935 a small stealthy tropical storm crossed the Bahamas causing little damage When it entered the Straits of Florida however it exploded into one of the most powerful hurricanes on record But US Weather Bureau forecasters could only guess at its exact position and their calculations were well off the mark The hurricane that struck the Upper Florida Keys on the evening of September 2 1935 is still the most powerful hurricane to make landfall in the US Supervisors waited too long to call for an evacuation train from Miami to move the vets out of harm s way The train was slammed by the storm surge soon after it reached Islamorada Only the 160 ton

locomotive was left upright on the tracks About 400 veterans were left unprotected in flimsy work camps Around 260 of them were killed This is their story with newly discovered photos and stories of some of the heroes of the Labor Day 1935 calamity

Oickle, 2009-03-30 Families watched in horror as walls of water swept away homes and businesses and men held onto saplings for their lives while the winds howled The destruction was beyond belief Buildings on Atsena Otie were swept away so completely that only cracked stone foundations remained and the forests of red cedar that gave the islands their name and livelihood were flattened Resulting in dozens of deaths and millions of dollars in damage Hurricane Number 4 in 1896 changed the Cedar Keys forever and set the city on a path to the present Historian Alvin F Oickle drawing on firsthand accounts and extensive archival research tells the story of ordinary Floridians who were faced like so many before and so many since with nature's fury **The Role of Fire in Nongame Wildlife Management and Community Restoration**, 2002
