Many of the stories are set in Natchitoches in north central Louisiana. The characters in stories are usually residents of Louisiana and many are Creoles of various ethnic or racial backgrounds. Mills, Elizabeth Shown Mills, 2013-11-13 Out of colonial Natchitoches in northwestern Louisiana emerged a sophisticated and affluent community founded by a family of freed slaves. Their plantations eventually encompassed 18,000 fertile acres which they tilled alongside hundreds of their own bondsmen. Furnishings of quality and taste graced their homes and private tutors educated their children. Cultured, deeply religious, and highly capable, Cane River's Creoles of color enjoyed economic privileges but led politically constricted lives. Like their white neighbors, they publicly supported the Confederacy and suffered the same depredations of war and political and social uncertainties of Reconstruction. Unlike white Creoles, however, they did not recover amid cycles of Redeemer and Jim Crow politics. First published in 1977, *The Forgotten People* offers a socioeconomic history of this widely publicized but also highly romanticized community, a minority group that fit no stereotypes, refused all outside labels, and still struggles to explain its identity in a world mystified by Creolism. Now revised and significantly expanded, this time honored work revisits Cane River's forgotten people and incorporates new findings and insight gleaned across thirty-five years of further research. This new edition provides a nuanced portrayal of the lives of Creole slaves and the roles allowed to freed people of color, tackling issues of race, gender, and slave holding by former slaves. *The Forgotten People* corrects misassumptions about the origin of key properties in the Cane River National Heritage Area and demonstrates how historians reconstruct the lives of the enslaved, the impoverished, and the disenfranchised. *Peace Came in the Form of a Woman* Juliana Barr, 2009-11-30 Revising the standard narrative of European-Indian relations in America, Juliana Barr reconstructs a world in which Indians were the dominant power and Europeans were the ones forced to accommodate, resist, and persevere. She demonstrates that between the 1690s and 1780s, Indian peoples including Caddos, Apaches, Payayas, Karankawas, Wichitas, and Comanches formed relationships with Spaniards in Texas that refuted European claims of imperial control. Barr

argues that Indians not only retained control over their territories but also imposed control over Spaniards. Instead of being defined in racial terms as was often the case with European constructions of power, diplomatic relations between the Indians and Spaniards in the region were dictated by Indian expressions of power grounded in gendered terms of kinship. By examining six realms of encounter—first contact, settlement, and intermarriage, mission life, warfare, diplomacy, and captivity—Barr shows that native categories of gender provided the political structure of Indian-Spanish relations by defining people's identity status and obligations vis-à-vis others. Because native systems of kin-based social and political order predominated, argues Barr, Indian concepts of gender cut across European perceptions of racial difference.

As If She Were Free Erica L. Ball, Tatiana Seijas, Terri L. Snyder, 2020-10-08 A groundbreaking collective biography narrating the history of emancipation through the life stories of women of African descent in the Americas.

Earthen Walls, Iron Men Steven M. Mayeux, 2007 Mayeux does more than just tell the story of the fort from the military perspective; it goes deeper to closely examine the lives of the people that served in and lived around Fort DeRussy. Through a thorough examination of local documents, Mayeux has uncovered the fascinating stories that reveal for the first time what wartime life was like for those living in central Louisiana. In this book, the reader will meet soldiers and slaves, plantation owners and Jayhawkers, elderly women and newborn babies—all of whom played important roles in making the history of Fort DeRussy. Mayeux presents an unvarnished portrait of the life at the fort, devoid of any romanticized notions but more accurately capturing the utter humanity of those who built it, defended it, attacked it, and lived around it.

The Colfax Massacre LeeAnna Keith, 2009 Drawing on a large body of documents, including eyewitness accounts and evidence from the site itself, Keith explores the racial tensions that led to the Colfax massacre, during which surrendering blacks were mercilessly slaughtered, and the reverberations this message of terror sent throughout the South.

Louisiana Voyages Martha Reinhard Smallwood Field, 2006 Toward the end of the 19th century, journalist Field traveled by boat and buggy around Louisiana, writing columns under the name of Catharine Cole for the New Orleans Daily Picayune. Her work spread to other papers and she was read widely throughout the South. This collection details her journeys around the state in the 1890s. With evocative and adjective-filled prose, she describes the beauty as well as the practical aspects of Louisiana life, including shrimp drying, levee building, and the cost of land. Field conjures up vivid images of the places she visits, such as the town that lifts its comb of roof and gray gable and soft-colored adobe chimneys from out the clumps and clouds of the chinaberry tree. The editors, both retired professors of English at Clemson University, add brief introductions to each piece. Although Field's travel adventures depict a time without modern convenience when women were not expected to journey alone, her enjoyment of travel for its own sake resonates with readers today. Recommended for Louisiana libraries and for academic libraries with a Southern history collection.

The Awakening Kate Chopin, 2008-08-14 When Edna Pontellier becomes enamored with Robert LeBrun while on vacation, the wife and mother

realizes the full force of her desire for love and freedom in a text that includes thirty two additional short stories by the author

In the Shadows of the Big House Stephen Small, 2023-06-23 In the midst of calls for the removal of Confederate monuments across the South tens of thousands of museums buildings and other historical sites currently comprise a tourist infrastructure of the southern heritage industry Louisiana one of the most prominent and frequently visited states that benefit from this tourism has more than sixty heritage sites housed in former slave plantations These sites contain the remains restorations reconstructions and replicas of antebellum slave cabins and slave quarters In the Shadows of the Big House Twenty First Century Antebellum Slave Cabins and Heritage Tourism in Louisiana is the first book to tackle the role treatment and representation of slave cabins at plantation museum sites in contemporary heritage tourism In this volume author Stephen Small describes and analyzes sixteen twenty first century antebellum slave cabins currently located on three plantation museum sites in Natchitoches Louisiana Oakland Plantation Magnolia Plantation Complex and Melrose Plantation Small traces the historical trajectory of plantations and slave cabins since the Civil War and explores what representations of slavery and slave cabins in these sites convey about the reconfiguration of the past and the rearticulation of history in the present Considering such themes as the role of white ethnic identity in representations of elite whites and the extent and significance of Black voices and Black visions of representations of these plantations Small asks what these sites reveal about social forgetting and social remembering throughout Louisiana and the South He further explores the ways that gender structures the social organization of current sites and the role and influence of the state in the social organization and representations that prevail today

Spaniards, Planters, and Slaves Gilbert C. Din, 1999 *Spaniards Planters and Slaves* is a provocative look at the institution of slavery and how it functioned as a part of Louisiana s culture during the years of Spanish rule Gilbert C Din challenges the idea that conditions under the Spaniards differed little from the years of French rule and examines how local culture merged with colonial government and residual laws to create a slave system unlike any other in the Deep South Din presents many aspects of the slavery issue including a look at the French system conflicts between planters who favored the established system and governors who promoted the less stringent Spanish laws and the political favoritism that sought to benefit the wealthy New Orleans district Din also discusses the role of the Catholic Church and debates the commonly held idea that the church s influence made Spanish slavery less brutal asserting instead that its role in most areas was insignificant and largely observational Using government documents from archives in Spain and Louisiana Din paints a historically accurate portrait of a time when the blended culture of the eighteenth century colony resulted in conflict and turmoil Most important are the *Papeles Procedentes de la Isla de Cuba* a collection of colonial documents that illustrate not only the actions but also the personalities of the governors and how they implemented changes and handled problems within the slave system *Spaniards Planters and Slaves* is the first in its field to capture the years of Spanish rule as a specific and unique point in Louisiana s history of slavery Din s research uncovers both

the complexities of the slavery issue and the Spanish heritage that ultimately helped to shape the slave system of the future state. It is an ideal study for anyone interested in the history of both colonial Louisiana and slavery itself.

Tales of the Sabine Borderlands Théodore Pavie, 1998. *Le Lazo* is one of the first pieces of Texas or Western literature. It is an enigmatic blend of reportage and imagination reflecting the effects of the Fredonian Rebellion of 1827, the Spanish invasion of Mexico in 1829, and the passage of the Law of 6 April 1830 which triggered the next phase of Anglo rebellion against Mexican authorities in Texas. The Mexican protagonist Antonio enters into conflict with the Creole commander of the presidio at Nacogdoches, Col. José de las Piedras. Both men pursue Clara, who represents the vessel of the new era to come. El Cachupin tells of the full-blooded Spaniard Pepo and his Creole wife Jacinta who had been successfully established in Texas only to be chased across the Sabine by increasing political hostilities in Mexico. East of the river, a lonely planter, probably a remnant of the pirate Lafitte's band and his concubine take them in and alter their fate.

Tomorrow is Another Day Anne Goodwyn Jones, 1982-05-01. From the mid-nineteenth century through at least the first half of the twentieth, the southern code of appropriate feminine behavior required that women depend on sources outside themselves for sustenance, direction, and expression. The chivalric ideal that placed the southern lady on a pedestal often created within her gracious and gentle exterior a turmoil of frustration, confusion, and resentment. This concept of upper-middle-class white southern womanhood forms an important part of the imaginative expression of the southern women writers whose works and lives form the subject matter of this book. All seven: Augusta Jane Evans, Grace King, Kate Chopin, Mary Johnston, Ellen Glasgow, Frances Newman, and Margaret Mitchell were themselves products of this genteel tradition. Anne Goodwyn Jones explains that her aim is not to link biography and art but to seek in the lives and works of these seven southern women writers common patterns that can lead to ways to discern the mind of the southern lady. *Tomorrow Is Another Day* shows that by writing themselves and their characters into being by expressing their voices, however variant in tone, these seven writers wrote themselves into another day.

Kate Chopin Per Seyersted, 1980-04-01. Kate Chopin was a nationally acclaimed short-story artist of the local color school when she in 1899 shocked the American reading public with *The Awakening*, a novel which much resembles *Madame Bovary*. Though the critics praised the artistic excellence of the book, it was generally condemned for its objective treatment of the sensuous independent heroine. Deeply hurt by the censure, Mrs. Chopin wrote little more and she was soon forgotten. For decades, the few critics who remembered her concentrated on the regional aspects of her work. In the *Literary History of the United States*, where Kate Chopin is highly praised as a local colorist, *The Awakening* is not even mentioned. In recent years, however, a few critics have given new attention to the novel, emphasizing its courageous realism. In the present book, Mr. Seyersted carries out an extensive re-examination of both the life and work of the author, basing it on her total oeuvre. Much new Kate Chopin material, such as previously unknown stories, letters, and a diary, has recently come to light. We can now see that she was a much more ambitious and purposeful writer than we have hitherto

known From the beginning her special theme was female self assertion As each new success increased her self confidence she grew more and more daring in her descriptions of emancipated woman who wants to dictate her own life Mr Seyersted traces the author s growth as an artist and as a penetrating interpreter of the female condition and shows how her career culminated in *The Awakening* and the unknown story *The Storm* With these works which were decades ahead of their time Kate Chopin takes her place among the important American realist writers of the 1890 s **Catalogue of English Prose Fiction, Including Juveniles and Translations** Brooklyn Public Library,1894 *The World Who's who of Women* ,1994

Brown,2023-09-03 Excerpt The treatment of the Negro in American fiction since it parallels his treatment in American life has naturally been noted for injustice Like other oppressed and exploited minorities the Negro has been interpreted in a way to justify his exploiters I swear their nature is beyond my comprehension A strange people merry mid their misery laughing through their tears like the sun shining through the rain Yet what simple philosophers they They tread life s path as if twere strewn with roses devoid of thorns and make the most of life with natures of sunshine and song Most American readers would take this to refer to the Negro but it was spoken of the Irish in a play dealing with one of the most desperate periods of Ireland s tragic history The Jew has been treated similarly by his persecutors The African and especially the South African native is now receiving substantially the same treatment as the American Negro Literature dealing with the peasant and the working class has until recently conformed to a similar pattern
