Taliban And The Afghan Turmoil:

Taliban and the Afghan Turmoil, 1997 Contributed articles on the current political situation in Afghanistan *The Afghan Intel Crisis* Musa Khan Jalalzai, 2017 *Afghan Turmoil* Sreedhar Mehendra Ved, 1998 **The Taliban and the Crisis of Afghanistan** Robert D. Crews, Amin Tarzi, 2009-06-30 This book explores how has a seemingly anachronistic band of religious zealots managed to retain a tenacious foothold in the struggle for Afghanistan's future It investigates questions relating to the character of the Taliban its evolution over time and its capacity to affect the future of the region Dust jacket

The Uncertain Future of Afghanistan Nian Peng, Khalid Rahman, 2024-06-13 This edited book aims to analyze the domestic politics and foreign relations of the country after the Taliban regained power in August 2021 It touched upon the key issues affecting the Taliban regime such as peace talks terrorism threats BRI cooperation and the policies of the great powers and neighboring countries toward the new regime in Afghanistan It makes a significant contribution by incorporating various viewpoints from government officials university scholars and think tank experts from China Japan and South Asian states The broad approach and extensive coverage of all relevant countries make this book a valuable resource for more than just a specific academic community It appeals to a diverse readership including academics policymakers journalists and general readers The main content of the book is divided into ten chapters in which the first chapter briefly introduces the aims and scope of this book The following 3 chapters look into the domestic politics in Afghanistan These mainly include the Afghan peace negotiations the challenge of the Taliban regime and the security threats and regional response under the Taliban rule in Afghanistan The next 6 chapters examine US's Afghan policy China Afghanistan relations and Russia India Pakistan Japan's engagement with Afghanistan **Rebuilding Afghanistan in Times of Crisis** Adenrele

Awotona, 2019-06-11 *Rebuilding Afghanistan in Times of Crisis* provides academics and researchers interested in planning urbanism and conflict studies with a multidisciplinary international assessment of the reconstruction and foreign aid efforts in Afghanistan The book draws together expert contributions from countries across three continents Asia Europe and North America which have provided external aid to Afghanistan Using international regional and local approaches it highlights the importance of rebuilding sustainable communities in the midst of ongoing uncertainties It explores the efficacy of external aid challenges faced the response of multilateral international agencies the role of women in the reconstruction process and community based natural disaster risk management strategies Finally it looks at the lessons learned in the conflict reconstruction process to better prepare the country for future potential human economic infrastructural and institutional vulnerabilities **Afghanistan's Political Stability** Ahmad Shaye Qassem, 2016-03-16 Political stability has been a central theme of policy for all governments and political systems in the history of modern Afghanistan Since its inception in the mid nineteenth century the country experimented with a diverse succession of political systems and state ideologies matched by few other countries political histories In the span of less than nine decades since independence in 1919 the Afghan state was

substantially restructured at least a dozen times This volume looks at Afghanistan's historic relations with Central and South Asia ethno nationalism and development Soviet occupation and transformation of relations with Pakistan stability of the Islamic State and regional cooperation It examines how Afghanistan's different political systems reformed and readjusted policies to make them more conducive to political stability Yet political stability at best has remained a dream unrealized in Afghanistan

Afghanistan C. Heather Bleaney, María Ángeles Gallego, 2006 Presents a thematically indexed bibliography devoted to Afghanistan Following the pattern established by one of its major data sources viz the acclaimed Index Islamicus both journal articles and book publications are included and indexed

The UNHCR and the Afghan Crisis Giulia Scalettaris, 2023-11-10 Today the UNHCR is present in more than 130 countries and takes care of some 90 million people This book looks at how it is deployed and who its agents are By taking the reader through the offices in charge of the Afghan refugee crisis during the 2000s in Geneva and in Kabul the book shows the internal functioning of this international organization It provides analysis of Afghan refugee policies from an original position with the author being both agency official and anthropologist and articulates multiple levels of analysis the micropolitics of practices as much as the institution and the multi scalar power relations that shape its environment

Confronting Al Qaeda Kevin McGrath, 2011-03-15 Al Qaeda killed over 3 000 US citizens on September 11 2001 and terrorism leapt to the fore of US strategic and political priorities Yet after nearly six years of concentrated effort by the United States the dominant power in the international system Al Qaeda survives and is still acknowledged as a potent threat This begs the question not just of why but also of what the United States can do to redress the situation Confronting Al Qaeda asserts that Al Qaeda is primarily a political threat not a military one This is because terrorists subvert legitimate political processes to achieve political ends Al Qaeda challenges not only specific U S policy decisions but also the very nature of the U S political system and the U S lead international order created after World War II Therefore the character of the U S political response to the threat from Al Qaeda is critical Al Qaeda's capacity for violence is the direct source of its power This must be reduced and coercive means such as the military intelligence and law enforcement are necessary for they alone directly degrade Al Qaeda's potential A singularly coercive approach however is insufficient As the leader of the international system the United States is in a position to politically undercut Al Qaeda The United States can do so by adhering to globally revered traditional US political values and foreign policy

Iran Anoushiravan Ehteshami, 2017-02-03 Having been ruled more or less continuously by a range of monarchical dynasties for three millennia the end of the monarchy in Iran was relatively sudden taking place in two short years Since then Iran has gone through tumultuous change yet is still apparently caught in a cycle of transition Iran has now created a complex but unique and non transferrable system of government but the question to be asked is whether the Islamic republic has lived up to its founding expectations serving the Iranian people and helping them to realize their aspirations This book is the first comprehensive analytical study of the forces which have been shaping and changing modern Iran and its relations

with the rest of the world It looks at the roots of the 1979 revolution and the forces unleashed during the modernization process under the Pahlavi monarchy Applying a range of theoretical approaches to understanding the Islamic republic s neo authoritarian political system Anoushiravan Ehteshami reflects on how the country s new elite emerged and how these new political forces have changed Iran the stresses on its political system the forces shaping the country s political economy and the Islamic republic s international relations As some of Iran s leaders appear to crave permanent revolution as their means of staying in power this book argues that the struggle for the soul of the Islamic Republic has mired the country in a cycle of change Constant reform and transition The republic finds itself stuck in transition Written in a clear and insightful manner this book provides an unparalleled analysis of the Islamic Republic of Iran as a major regional actor and gives fresh insights into the political workings of the world s only Shia and revolutionary Islamic republic It will be of great importance to students and scholars of Middle East Politics and International Relations as well as the policy community whose gaze is never too far from this unique country

Afghanistan Musa Khan Jalalzai,2019-10-01 Afghan civil society is deeply upset with disunity and detachment of Taliban groups those who are tied to regional states agendas This detachment has also left negative impacts on their fighting capabilities and public support Regional states the United States NATO Russia China Iran and Pakistan are active stakeholders who want peace on their own terms while Taliban are not an independent entity to decide the future of Afghanistan or outline long term peace proposals This has created a deep problem in finding a solution to the peace problem in Afghanistan This book is a collection of various articles written by eminent researchers on the aspects of finding a solution to the peace prospects in troubled Afghanistan

American Power after the Berlin Wall T. Henriksen,2007-10-15 This book surveys the transformation and projection of American power abroad since the collapse of the Berlin Wall It summarizes U S handling of the Soviet Union s disintegration and covers the last seventeen years of U S interventions and conflicts

In the Graveyard of Empires: America's War in Afghanistan Seth G. Jones,2010-03-30 Following the September 11 attacks the United States successfully overthrew the Taliban regime in Afghanistan The U S established security throughout the country killing capturing or scattering most of al Qa ida s senior operatives and Afghanistan finally began to emerge from more than two decades of struggle and conflict But Jones argues that as early as 2001 planning for the Iraq War siphoned resources and personnel undermining the gains that had been made Jones introduces us to key figures on both sides of the war He then analyzes the insurgency from a historical and structural point of view showing how a rising drug trade poor security forces and pervasive corruption undermined the Karzai government while Americans abandoned a successful strategy failed to provide the necessary support and allowed a growing sanctuary for insurgents in Pakistan to catalyze the Taliban resurgence From publisher

Al Qaeda's Global Crisis V. G. Julie Rajan,2015-01-30 Examines Al Qaida s crisis of support and tensions with regional affiliates of its global jihad Fills a gap in the literature by focusing on takfir and the random violence it justifies against other Muslims Author is a recognised expert in
